**INITIAL RESPONSE/CONTACT:**

At approximately 0223 hours, I was listening to other officers talking on the radio about a foot pursuit involving a man with a gun. I then heard an officer on the radio claim that there was shots fired in relation to that foot pursuit. I then responded to the scene at N 5th St / W Main St and started a crime scene log for the inner perimeter of the crime scene. At approximately 0257 hours, I handed off the crime scene log to Officer Burch.

I then transported secondary suspect [REDACTED] from N 5th St / W Idaho St to a secured interview room at the Boise Police Station. After [REDACTED] was interviewed by detectives, I transported him to the Ada County Jail and booked him for [REDACTED]. See related DR 23-310275 for further.

**Narrative**

On 6/24/23 at approximately 0207 hrs I was in the area of 5th and Idaho assisting Officer Holland and Feldner. I heard on a side channel that they were watching two males who were at the parking lot in the southwest corner of 5th and Idaho. I was the AFC for the valley at this time and had a civilian rider, [REDACTED] with me.

Officer Holland advised me over the police radio they had probable cause to stop the males and they were waiting for the correct time to move in on them. A few minutes later, Officer Holland advised over the police radio to "initiate" the stop. I pulled in behind Officer Holland and Feldner at the corner of 5th and Idaho and activated my emergency overhead lights. As I was exiting my patrol car I observed the male in a white t shirt begin running away from the Officers, headed south on 5th St. I drove south bound on 5th St which is a one way street for north bound travel. I had to maneuver around a few vehicles to ensure there wasn't a collision but was able to find a clear path on the east side lane.

As I was driving, I heard Officer Holland announce over the Police Radio that the subject running had a gun. I observed the male in the white shirt who was running south on 5th St holding the gun in his right hand. The lighting was dark outside, but was lit up by street lights in the area. There were multiple people in the area due to the time of day and area of downtown we were in. The bars were just let out at 2AM so I was very concerned about where the suspect was running towards. The area he was headed was 5th and Main, which is a very condensed area of people at this time of day on a Friday Night. I feared that if the suspect continued to run in that direction then so many other people were going to be put in danger.

As I got closer in my patrol vehicle I could see Officer Feldner chasing the suspect. A few seconds later I heard four gun shots and observed the male in the white shirt fall to the ground. I immediately exited my patrol car and ran over to assist in apprehension of the suspect. I observed a black pistol laying down on the right side of the suspect as Officers looked to perform medical aid to the suspect.

Knowing Officer Feldner was the shooter, I grabbed him and took him away from the scene and assigned him an escort Officer. At this time I was told to go to Mark Stall Place to meet with Detectives.

Nothing further by this Officer.

**Narrative**

**INITIAL RESPONSE/CONTACT:**

On 06/24/2023 at approximately 0200 hours I was at the Boise Police Department completing some administrative duties when I heard who I believed to be Cpl. Holland broadcast an assistance call over the police radio and indicated officers were involved in a shooting near 5th and Main Street in downtown Boise. Due to the nature of my assignment at that time I contacted the on duty Watch Commander, Lt. Wittmuss, and provided the following support to him:

1. Initial command notifications.
2. Facilities preparation at BPD/MSP for involved and witness officers to this incident.
3. Coordination with BPD and ACSO detective personnel.
4. Staffing support for field operations.
5. Other logistical needs and support personnel requests.

**CONCLUSION:**

**Narrative**

On 06/24/2023, I was operating a two man patrol car with Officer Rodgers operating as unit 34T4.

While Officer Rodgers and I were on a different call for service I heard Officers on a side channel advise they were in a foot pursuit involving a subject with a gun. Shortly after that radio traffic, I heard shots fired called over the radio. Officer Rodgers and I left and responded to the shooting scene to assist other Officers. Our vehicle was parked near the intersection of N 5th street and W Idaho Street.

When we arrived I noticed Officer Palic had two subjects detained in handcuffs sitting on a sidewalk. I went to assist her, I stood by with the people detained. I received the male's identification from his pocket and later ran it on a nearby patrol car's MDT and attached it to the call for service. The male asked me if the subject that was shot was okay. I told him I couldn't tell him since I was with him and not with the subject of the shooting. He also asked me to call his Parole Officer which I couldn't do at the time due to watching over him and the female. Officer Palic later came back to speak with them and I left the contact with them.

Officer Manchester contacted me while on scene and told me he needed traffic cones to preserve the shell casings on scene. I told him to take the cones out of my patrol car which he did. After the cones were taken out of my car I was no longer needed at the scene and cleared.

**Narrative**

**INITIAL RESPONSE/CONTACT:** On 6-24-23 at 0443 hours, I was on duty working as patrol unit 1514. I was contacted by Sgt. K. Rush and requested to respond to St. Al's ER in reference to this incident.

Upon arrival I met with Lt. J. Ransom at ER room 23, who assigned me to remain with Payton H. Wasson [REDACTED] Wasson was critically injured and unconscious. Medical staff advised Wasson was going to be moved to a hospital room in the intensive care unit (ICU). At 0546 hours we moved to ICU room 3453.

At 1014 hours Wasson was moved from the room for a CT scan of his brain. I remained with him during this time and we returned to the room at 1041 hours. Throughout my time I gave updates of Wasson's condition to both Sgt. Rush and CID Lt. C. Smith.

I was relieved by Officer C. Stuart and had no further involvement in this incident.

**Narrative**

On June 24, 2023, at approximately 0215 hours, I was on a different call for service when I heard Cpl. Holland call out over the radio that he was in foot pursuit for a male suspect that had a gun. A moment later, I heard Cpl. Holland advise shots had been fired. I drove code 3 (lights and sirens) to the area of N. 5<sup>th</sup> St. and W. Main St. Boise, Idaho where the incident had taken place.

Once I arrived on scene, I saw multiple officers were also arriving and could see medical aid being performed on a person who was on the NE corner of N. 5<sup>th</sup> St. and W. Main St. I also noticed that a large crowd of people were starting to form around the scene and crowd control would need to happen quickly.

Myself and multiple other officers took the task of crowd control and were able to push the crowd far enough away from the scene that crime scene tape could be placed to create a perimeter of the incident. Officer Howarth placed red inner perimeter tape around the immediate area of the incident, while Officer D. Hooks placed yellow crime scene tape for an outside perimeter.

After the crime scene tape was placed and the perimeter had been established, I stayed within the crime scene as scene security so no outside person contaminated the incident location. At approximately 0559 hours, I was relieved from my position by another officer and left the scene; ending my involvement.

**Narrative**

**INITIAL RESPONSE/CONTACT:**

On 6/24/2023 around 0200 hours I was on directed foot patrol in the area of 6th/Main St (downtown bars) and was monitoring my radio of officers working a suspicious vehicle call at 5th/Idaho St. I heard officers working that suspicious vehicle call out a foot pursuit over the radio and moments later heard multiple gun shots. I then went to my patrol vehicle and responded to 5th/Main St where I observed officers with a suspect on the ground, that sustained a gun shot wound, beginning to render medical aid and requested more medical supplies. I retrieved a package of gauze from my patrol vehicle and provided it to officers already rendering aid. I was then advised the firearm laying on the ground next to the suspect was the suspects firearm, I was then tasked with remaining at this location to secure this scene with the firearm and other belongings from the suspect.

Around 0545 hours I was relieved by Ofc Betz and exited the scene. This concludes my involvement.

**Narrative**

I am a Field Training Officer (FTO), Officer Quintana is assigned to me as a trainee. My On Body Video was operating during the below incident.

On 06/24/2023 at approximately 0212, while on Directed Patrol wearing my department issued uniform that is complete with issued badge, firearm, and associated gear, I was on foot with Ofc Quintana in the area of 5th St and the alley between Main St and Grove St when we heard reports over the radio of a subject running south on 5th St from Idaho St. We immediately directed our attention towards that location and seconds later an update was given that the subject had a gun. I observed the subject running south on the east side sidewalk of 5th St towards Main St. I drew my firearm and began running towards the subject. As I began to cross the intersection of 5th St and Main St towards the northeast corner, I heard multiple shots from a firearm, and I observed the subject fall to the ground at the northeast corner of 5th and Main St on the sidewalk. I continued to run to that location to assist Ofc Feldner and Cpl Holland who had arrived on the subject. I observed a firearm on the sidewalk that is not a department issued firearm, it was within 3 ft of the subject. I secured the firearm, without touching it, by standing above it to mark its place. I observed that the subject had what appeared a gunshot wound to the left backside of his head. I carry a mass trauma bag in my patrol vehicle and I informed Cpl Holland of such. Ofc Sell took over my position to stand above the firearm while I ran to my patrol vehicle that was parked on 6th and Main St. I drove my patrol vehicle and returned to the intersection, Code three (lights and sirens), with my trauma bag. I then assisted in rendering life saving measures with the other officers by supplying them with compression gauze and wrapping the observed wound. Once that was complete, I returned to my vehicle and grabbed crime scene tape to mark off an inner perimeter of the scene.

When EMS arrived on scene, I assisted them with lifting the subject onto the gurney for transport. It was unknown who the subject was, there was a brown Louis Vitton backpack that was removed from the subject. I looked in the bag for identification of the subject, I found in the bag multiple pouches of Neloxon (Narcan), a black digital scale, a Bag of Swedish Fish, I stopped the search of the bag without looking any further when it immediately appeared that there was not a wallet present. Then, I advised Ofc Quintana to walk with me along 5th St north to ensure that we have the entirety of the scene contained. While walking the side walk towards Idaho St on 5th St, I observed a pistol magazine with rounds in it that was located on the sidewalk that is part of the east side alley way between Main St and Idaho St. Additionally, I observed two loose rounds next to the pistol magazine. I informed Ofc Fiddler of my find to have them marked. At the same time, I was directed by AFC Kolos to respond to the hospital and wait with the subject until relieved.

Ofc Quintana and myself responded to the hospital, when we arrived the subject was in a trauma room receiving medical care. The subjects condition was unknown until after he returned from a having a CT scan. We were informed by hospital staff that the subject was not going into surgery

at this time and waiting on a space to open for transfer to the Intensive Care Unit. I was given the subjects clothing and property, at this time it was still unknown who the subject was. I searched his property to find identification. In his pants, I found a brown wallet that was completely empty except for two quarters. I also found in the back right pocket a black bandana sticking out with a blue plastic pipe that had burnt tin foil around it, I placed this pipe in a surgical glove and then sealed it with a urine sample bottle. With his property was two cell phones, one with a screen saver that appeared to be the subject and the other with a screen saver that displayed a hispanic male adult. In that cell phone case was an Idaho Identification Card for [REDACTED] (see attachment). I provided an account of the items found to Lt Ransom, Det. Kruger, and CITF Ada County Deputy Sheriff that responded to the hospital. Lt Ransom informed me after a while that the subject could possibly be identified as Payton H Wasson. I returned to my patrol vehicle with Ofc Quintana and ran the name through records. It was confirmed through a check of the subjects registered driver license photo that he was Payton Holmes Wasson DOB: [REDACTED]

I remained on scene at the hospital with Ofc Quintana until we were relieved by Ofc Kane.

**Narrative**

While performing foot patrol at 6th/Main St, I head a radio transmission that an armed subject was fleeing police. Shortly after, I heard multiple gunshots from the direction of 5th/Main St. I ran that direction and found the incident location. I was directed by AFC Kolos to take Ofc Holland's spot providing medical aid to the wounded suspect. I found the suspect to have heavy bleeding from the head that was already bandaged and having pressure applied by Ofc Feldner. I found the suspect to have a strong pulse and adequate breathing. Medics arrived and I assisted in lifting the suspect onto the gurney. Upon medics request, I removed the suspect's handcuffs.

Afterwards, I used orange cones to cover evidence that had been found in the crime scene.

I then assisted Ofc Palic and Ofc Feldner with their suspect/witnesses ( [REDACTED] ) at the corner of 5th and Idaho. [REDACTED] was transported to MSP by Ofc Dozal for questioning. I stayed with [REDACTED] Det Miraglia arrived on scene to interview [REDACTED] at which time I assisted in preserving evidence at the crime scene until I was released by AFC Strodbeck.

**Narrative**

On the above date and time, I was working in a two man unit with my trainee Officer Schultz as his Field Training Officer. We were working foot beat at 6th and Main for the bar scene. I was made aware by Officer Holland that the Gang Enforcement Team (G.E.T.) was monitoring a black Kia parked at 5th and the alley between Main and Idaho. The vehicle had a Glock handgun visible underneath one of the seats and two occupants had left the vehicle. They were described as one hispanic male wearing a red hat, red shoes, and red cuffed jeans. The other male was described as light skinned wearing a flat bill hat and having a gray shirt. I was told that they had entered Strange Love and not exited.

At 02:00 hours Strange Love began emptying. From my position across the street I watched the exit until I observed two males matching the description provided. These two males went to the ATM. The one wearing the red hat and red shoes faced the screen with the other male back to back with him watching the surrounding crowd. Once they were done at the ATM they mingled with the crowd. I was monitoring the [REDACTED] that the G.E.T. team was using to monitor the vehicle. I telephoned Officer Holland and advised him of what I observed. He requested I go to the side channel and advise them of the subjects movements. When I hung up they moved north on 6th then turned and went east on the south sidewalk toward 5th St. I watched until they were near the Whiskey Bar and I lost visual. I provided updates on the side Channel until the G.E.T. team had eyes on the subjects.

As I continued to monitor I heard Officer Holland call out that they had one subject running with a gun. Myself and Officer Schultz ran on foot on Main from 6th toward 5th. When we were half way down the block gunshots could be heard. When we reached the 5th and Main I observed Officer Holland on top of a subject with a white shirt covered in blood. I asked Officer Holland if anyone was outstanding and he said there was one to the north Officer Schultz, Officer D. Hooks and myself moved north and cleared the Alley then moved and ensured that the target Kia sedan was clear of occupants. Officer Palic was at the 5th and Idaho southeast corner with a male and female detained. She advised me that all the involved subjects were accounted for. I updated on the radio that no subjects were outstanding.

As we entered the parking lot where the target vehicle was parked a hispanic male wearing a white t shirt jeans and raiders hat was walking about aimlessly. I had Officer Schultz detain him and try to conduct an interview believing he was likely a witness to what happened and was possibly involved with the subjects from the target vehicle. This male did not speak English well. I used my department iPhone translate app to try to do a brief interview. This proved to be ineffective so I requested a Spanish speaking Officer. Officer D. Lee was already on the scene and came over to do an interview. Officer Lee relayed that the male had seen the male running but did not have further useful information. See Officer Schultz supplement for this males contact information.

Officer Lee had the male leave the scene and we remained as scene security. In the alley way on the east side of the street was a Glock 21 45acp magazine and two loose un spent bullets. These were marked with cones by Officer Manchester. Officer Schultz was assigned to guard the cones while I ensured no pedestrian traffic entered the scene. We did this until we were relieved by Officers K. Hooks

**Narrative**

On June 24, 2023, at approximately 0215hrs, I was standing at the southwest corner of 6th and Main, in downtown Boise. Cpl. Holland came over the radio and stated that he was in a foot pursuit near 5th and Main with a subject with a gun. Myself and other bar team members began to run toward 5th and Main. Shortly after, I heard about 3-5 gun shots. Cpl. Holland then came back on the radio and stated that shots were fired, the subject was down and that no officers were injured.

Soon after arriving at the scene, I was delegated to be Cpl. Holland's escort. I then drove Cpl. Holland to the Boise Police Station and stayed with him until Cpl. Kincaid arrived. Once Cpl. Kincaid arrived and relieved me of my duties, I was taken back downtown by AFC S. Martinez.

I had no other involvement in the crime scene.

**Narrative**

On 06-24-2023 at approximately 0212 hours, I responded to assist with a call for service in the downtown core where officers indicated that shots were fired. I responded to the area of 5th St. and Main St. and upon my arrival, multiple officers were already on scene attending to the victim and attempting to gain crowd control.

I initially assisted with crowd control until Officer Kolos (AFC) requested an officer begin the crime log. I then responded to the interior perimeter and began a crime scene log utilizing a notepad that I had on my person.

I began the crime scene log at 0220 hours and documented who was inside the inner perimeter. I maintained the crime scene log until I was relieved by Officer Dozal at approximately 0228 hours. At that time, I provided all information from my crime scene log to Officer Dozal and he updated / took over the crime scene log. I then made contact with Officer Strodbeck (AFC) to see if any other assignments were needed. Officer Strodbeck released me from the scene.

This concluded my involvement in this case.

**INITIAL RESPONSE/CONTACT:**

On June 24th, 2023 at approximately 1115 hours Boise Police department officer C. Stuart, operating as a marked unit 2516, was dispatched to take custody of a suspect at the Saint Alphonsus hospital located at 1055 North Curtis Road Boise Idaho 83706.

The suspect/patient was involved in an officer involved shooting the night prior reference this Daily Report 23-310269.

Upon my arrival to St Al's the suspect was in the custody of Boise PD Officer Joe Kane in the ICU South Tower room 3453. I relieved Officer Kane at approximately 1145 hours.

I spoke to the charger nurse and the registered nurse who were in the care of the suspect / patient and they provided the following update:

Suspect/patient continues to be on [REDACTED]. They also stated that his [REDACTED]. This information was communicated to my chain of command.

The following updates were relayed to My chain of command during the time I was assigned to the suspect/patient:

12:15 hours - update on status of suspect patient to chain of command.

12:30 hours - update on notifications to family and next of kin.

1243 hours - contacted by [REDACTED] for St Alice, [REDACTED].

1250 hours - per chain of command suspect patient can have two visitors at a time and may only be immediate family.

12:53 hours - RN advised toxicology was requested.

1358 hours - [REDACTED] for St Al's, [REDACTED], Will be making notifications to the family

1445 hours - Boise PD detectives arrived and contacted the suspect patient [REDACTED]. [REDACTED] had already left upon their arrival.

1543 hours - Detectives complete their responsibilities and I am relief from the hospital, the suspect is no longer in police custody based off of his medical condition.

**Narrative**

On 6/24/2023 at 0200, my training officer A. Westendorf and myself were conducting bar team foot patrol on W Main St and S 6th St. We were advised that the Gang Enforcement Team (G.E.T) was watching two individuals one wearing a Red ball cap and red shoes, and the other wearing a black ball cap with a light gray sweatshirt inside the Strange Love club. The G.E.T team formulated a plan to interdict the two individuals at their black KIA sedan located on S 5th St and Main street in a parking lot. Myself and Officer A. Westendorf were watching the exits and saw the two individuals matching the description using an ATM at the west exit of the club before they headed east down W Main St, as Officer A. Westendorf was putting out updates over the radio until we lost sight of them. Myself and Officer A. Westendorf were standing on the south-east corner of W Main St and S 5th St when we heard the G.E.T team was involved in a foot pursuit with one of their suspects holding a gun. Myself and officer A. Westendorf quickly began to run and made it several steps east on main street before we heard several gunshots east of us down the street.

We arrived on scene at W Main St and S 5<sup>th</sup> St approximately 15 seconds after we heard the shots. I witnessed Officer B. Holland and two other officers rendering first aid to a Hispanic male in a white shirt. We were advised by Officer B. Holland that one suspect was still outstanding. Myself Officer A. Westendorf and Officer D. Hooks moved north from the intersection of W Main St and S 5<sup>th</sup> St to secure the scene. We contacted A Hispanic male adult by the name of [REDACTED], who was a none English speaker. Officer A. Westendorf requested a Spanish speaking officer to interview him. In a few minutes Officer D. Lee arrived and interviewed [REDACTED]. Officer D. Lee determined all [REDACTED] saw was the fleeing suspect run past him on S 6<sup>th</sup> St. I released [REDACTED] from the scene after getting a photo of his ID and a phone number.

I was assigned to protect evidence located on S 6<sup>th</sup> St 30 yards north of W Main St on the east of the road. The evidence was a Glock 21 magazine with two live 45 AUTO on the ground next to the magazine and several more inside it. I remained there until myself and Officer A. Westendorf were relieved by Officer K. Hooks and Officer J. Marshall and returned to the station.

<b>Narrative</b>	
------------------	--

**INITIAL RESPONSE/CONTACT:**

On Saturday, 6/24/2023, I was on patrol, in uniform, displaying a badge and riding in a marked patrol vehicle. I was on patrol in a partner car with BPD Ofc Howarth. While on scene at a different call, I heard radio transmissions indicated that BPD officers downtown were in a foot pursuit of a man with a gun. Several seconds later one officer updated over the air that shots had been fired. Ofc. Howarth and I then drove code 3 (lights and sirens) to the location.

Once on scene, we assisted with establishing a crime scene and began to move back crowds of people gathering nearby and putting up police crime scene tape. After putting up tape I remained on scene to be ready to assist with any additional needs.

After several hours on scene I was eventually relieved by Ofc. Betz. I cleared the crime scene at approximately 0544 hours. This ended my action and involvement on this call.

This report is a summary of my actions on this call. For exact details of this call, see my attached OBV.

See related reports for additional information.

<b>Narrative</b>
------------------

On the above date and time, I was working as a uniformed police officer in the city of Boise. I was on foot in the area of 6<sup>th</sup> and Main for directed patrol at the bars. I was aware that officers were monitoring a suspicious vehicle in the area of 5<sup>th</sup> and Main. Officers advised they were able to locate the occupants and went to contact them. The subjects ran from officers and I heard them call out a foot pursuit. I started to run towards that area from my position at 6<sup>th</sup> and Main. Officers in pursuit notified us that the subject had a gun. Shortly after that radio traffic I heard multiple gunshots come from the area of 5<sup>th</sup> and Main.

I got to the area and contacted the officers that were rendering aid to the suspect that was shot. We were directed to call for paramedics and told that a second subject was still outstanding and ran North from the location. I started walking North to look for the second subject and we were told the second subject was in custody and no other suspects were missing.

I was then tasked with taping off the area on 5<sup>th</sup> between Grove and Main. While at this position I was contacted by [REDACTED] who advised he was told by an unknown bouncer at the Whiskey bar that the suspect was running and started to pull a gun from his front area and was then shot. [REDACTED] did not know the bouncers name and only heard the story from him. I was relieved of my position by Officer Kettering at 0531 hours.

I have nothing further at this time.

**Narrative**

**INITIAL RESPONSE/CONTACT:**

While operating during my regular patrol located at Boise State University I responded code three to the radio traffic of a shots fired. This event took place near the intersection of Idaho and 5th St. Initially while driving into the scene we were informed that there was a subject who was still outstanding that needed to be apprehended. We were soon notified by other officers over the radio that the other subject in question had been located and detained. Once all subjects had been accounted for, I continued to the scene to assist with crowd control.

After my arrival and assisting with crowd control, I responded to the request for a Spanish speaker in the parking lot located on the southeast corner of the intersection of Idaho and 5th St.

I arrived at the parking lot in question and spoke with officers Westendorf and Schultz who informed me that they had located a male subject in the area who could have been a witness to the incident. Officer Schultz showed me the male subjects' identification card and informed me that he has logged all of the subjects information. Officer Westendorf informed me that he had originally attempted to use a translator app on his phone, but that it was ineffective.

I then spoke with the male subject who verbally identified himself as [REDACTED]. The following is a summation of my conversation with [REDACTED] about what he observed that night according to my abilities.

I first asked [REDACTED] if he knew who the subject in question was, to which [REDACTED] stated no. [REDACTED] then stated that he was exiting the club to go home. I soon confirmed the club in question was Strange Love. [REDACTED] stated that he observed the subject running. [REDACTED] then stated the phrase while talking about what he saw, "...me para un bunker...". I am unsure what this phrase means, but at the time of discussion I took the phrase to mean that he sought shelter in that moment. After that phrase, [REDACTED] stated that he did not know what happened. [REDACTED] stated that the only thing he saw was that the young guy who fell down, or was on the ground. [REDACTED] stated that the situation all happened very quickly. [REDACTED] then re-stated that all he saw was the young man attempting to escape or evade the police.

[REDACTED] then stated that he was walking near the location of our interview when he observed the suspect running. [REDACTED] stated multiple times that he was scared and in shock because he thought that the suspect was going to do something to him because of him sprinting towards [REDACTED] [REDACTED] did not elaborate on this thought though.

[REDACTED] stated several times that he did not know what happened outside of that, but did mention that he was in shock. [REDACTED] stated several times that he did not observe the specific situation between officers and the suspect, and did not see the shooting that took place.

After that [REDACTED] stated to me that he was from [REDACTED] and has lived here for approximately three

<b>Narrative</b>	
------------------	--

**INITIAL RESPONSE/CONTACT:**

On June 24<sup>th</sup>, 2023, at approximately 0212 hours, while Field Training Officer (FTO) Echols and I were on a foot patrol in the area south of the intersection at 5<sup>th</sup> St and Main St, I heard officers transmit that they were involved in a foot pursuit near the aforementioned intersection. Moreover, the foot pursuit involved a male subject who was running with a firearm.

While wearing our department issued uniforms and department issued police badges, FTO Echols and I began to run northbound towards the above intersection. As we approached the intersection, I saw a white male adult, later identified as Payton Wasson, running southbound on the east sidewalk just north of 5<sup>th</sup> St. Due to the fact Officers were in a foot pursuit with Wasson and he was possession of a firearm, I drew my department issued firearm and continued to run towards Wasson. I then heard several gun shots. Upon hearing the gunshots, I briefly pointed my firearm at Wasson but withdrew it as I saw Wasson fall to the surface at the northeast corner of the above intersection. As I approached Wasson, I saw Officer Feldner attempting to place Wasson in custody. I also saw that Wasson had a black handgun lying within arm's reach next to his person and he was bleeding from an apparent gunshot wound to his head. I then placed Wasson in handcuffs. I asked who deployed their firearm, which Officer Feldner stated that he did. I directed Officer Feldner to leave the immediate area of the scene, and donned latex gloves to begin rendering medical aid to Wasson.

Officer Holland, FTO Echols and I then attempted to stop the bleeding that was coming from Wasson's head by applying pressure to his wound with gauze. FTO Echols and I then wrapped his head with an Israeli bandage to maintain constant pressure to his wound to either stop or slow the bleeding coming from his head until he was able to receive further care by medical personnel. After the bandage was applied to his head, Officer Holland and I began to check the rest of Wasson's body for any additional wounds. Wasson had a brown Louis Vuitton man-purse wrapped over his person, which I directed Officer Holland to cut it off his person so I can effectively check Wasson's body without any obstruction or hinderance to the process. I did not find any additional wounds on Wasson. I then directed Boise Police Officers to create an inner and outer perimeter to maintain security and integrity of the scene, which FTO Echols was already establishing an inner perimeter with crime scene tape within the immediate vicinity of the scene.

Officer Manchester, Officer Fidler, and I later reevaluated Wasson for additional wounds. I, again, did not find any additional wounds to Wasson.

Medical personnel later arrived on scene, which Boise Police Officers and medical personnel began to load him onto a gurney. Medical personnel then transported Wasson to Saint Al's hospital. FTO Echols and I arrived at Saint Al's a short time later, which Wasson was in the operating room. Wasson was then removed from the operating room to receive a CT scan. At some point, he was then placed in a room in the Emergency Room area of the facility.

**Narrative**

**INITIAL RESPONSE/CONTACT:** On the listed date and time, Corporal Holland and I were riding as a two man unit as part of the Gang Enforcement Team. We observed two males on the east side of 5th street exit a vehicle parked in the Vape Kastle parking lot. Because the driver was wearing traditional gang related clothing, we took interest. We looked into the vehicle from the exterior once the subjects walked towards Main and Corporal Holland observed a handgun underneath the passenger seat. After looking into the driver's criminal history, later identified as [REDACTED], we determined that he was prohibited from possessing a firearm. Because he is on Parole, Probation and Parole Officer Martinez also asked us to perform a search of [REDACTED] person and vehicle on her behalf.

We made a plan to safely detain the duo and investigate with fellow Gang Enforcement Officers Feldner and J. Palic. Eventually [REDACTED] and who we later identified as Payton Wasson walked past our vehicle north on 5th St on the west side of the road. They then used the crosswalk to walk to the east side of the road and walk towards their vehicle. This time, they were with a female that I assume they met up with on Main St. The female got into the driver's seat while [REDACTED] and Wasson opened up the front passenger door. I observed Wasson bend over at the waist and reach towards the floorboards of the vehicle. At this point in time we believed that Wasson retrieved the firearm from the vehicle. While he did this, [REDACTED] was directly next to him. I then observed Wasson manipulating his waistband after he stepped out from behind the open passenger door.

The duo continued to speak while the female was in the vehicle until she exited. The vehicle was never turned on while she was in the driver's seat. Once she exited, Wasson grabbed a back pack from the backseat and put it on. All three of them then began walking north towards the intersection of Idaho and 5th St. Because we believed Wasson to be armed and his affiliation with [REDACTED] who has violent crimes in his past, the decision was made to detain Wasson as well. Because [REDACTED] was prohibited from carrying a firearm, I believed crime to be afoot not only involving [REDACTED] but Wasson as well. At this point due to the information that we had and direction from Probation and Parole, we decided to contact them. Corporal Holland engaged our emergency lights and rolled up to their group. I immediately exited our vehicle and said "Police don't move". [REDACTED] and the female were compliant but Wasson began wandering north away from us.

When Wasson observed Officers Feldner and Palic in their vehicle to the north, he doubled back facing south on 5th street and began reaching towards his waistband. In response to my command of "Do not move" he shouted "What if I do?" or words to that effect. He then broke into a sprint south on 5th street. As he was running, his right hand began digging at his waistband, therefore I continued to watch him until I observed Officers Feldner and Holland run after Wasson. I then transitioned to [REDACTED] and the female directly next to them who were still stationary. I told them to sit on the ground and when they did so, I heard gunshots in the direction Wasson ran at the corner of Main and 5th St.

Afraid that a struggle was ongoing between Wasson and Officers, I ran south on 5th St towards the gunshots until I observed Wasson lying on the ground. I then doubled back and ran north towards [REDACTED]

and Officer J Palic and handcuffed the female while Palic handcuffed [REDACTED] I then retrieved a medical pack from our vehicle and ran back to 5th and Main. When I observed Officers already beginning medical care, I put gloves on and helped. I assisted with wrapping and securing the bandage to Wasson's wound while maintaining pressure. Once he was taken by Paramedics, I assisted with placing cones over spent shell casings that were on the sidewalk as well as the street (5th St). I then went back to Officer Palic and our detained subjects and remained with them until [REDACTED] was transported.

**Narrative**

On 6/24/2023 at approximately 0212 hours, Officer Feldner and I were riding as a two man unit as part of the Gang Enforcement Team. Officer Feldner and I were advised by fellow Boise Police Department Gang Enforcement Officer's Holland and Fiddler that they had observed two male subjects walking away from a black vehicle that was parked in the Vape Kastle parking lot at 5th and Idaho. The advised us that one of the male subjects who was later identified as [REDACTED] was wearing clothes that are traditionally related to the Northsider's street gang. Fiddler and Holland advised us that they observed a gun under the passenger side seat of the vehicle within the reach of [REDACTED] who had walked away from the drivers side door. After looking into the registered owner of the vehicle ([REDACTED] criminal history, Holland and Fiddler determined that he was prohibited from possessing a firearm. [REDACTED] was also on parole and P&P Officer Martinez requested that we conduct a search of [REDACTED] person and his vehicle on her behalf.

We made a plan with Holland and Fiddler to safely detain [REDACTED] and the other male who was later identified as Payton Wasson at their vehicle. Officer Feldner and I positioned our police vehicle on Idaho just east of 5th street. Holland and Fiddler advised us that Wasson, [REDACTED] and a female who was later identified as [REDACTED] were walking north on 5th street towards Idaho on the west sidewalk. Officer Feldner and I observed the three of them use the crosswalk to cross 5th and then walk across the parking lot of Vape Kastle towards their vehicle. Once they were at the vehicle, Officer Feldner and I could not longer see them and so Holland and Fiddler advised us of what was occurring. They advised that the female got into the drivers seat of [REDACTED] vehicle and shut the door. [REDACTED] and Wasson stood inside the passenger door of the vehicle and Wasson began reaching down at the floor board of the vehicle in the area where Holland and Fiddler had observed the gun. Wasson then appeared to be reaching towards his waistband/adjusting it, after reaching down to the floorboard of the vehicle. During this time [REDACTED] was standing directly next to Wasson, speaking with him. Holland and Feldner also advised that Wasson put a backpack on. Once the female exited the vehicle, Holland and Fiddler advised that they were walking towards the southeast corner of 5th and Idaho. Officer Feldner and I observed them as they walked across the parking lot, [REDACTED] and [REDACTED] walking next to each other and Wasson walking off to the side of them. At this point due to the information that we had and direction from Probation and Parole, we decided to contact them. Officer Holland and Fiddler pulled up next to them on 5th street and as Officer Feldner pulled our vehicle up to the intersection on Idaho, it appeared that Wasson was going to flee north but immediately turned around southbound when he saw our vehicle. Once Wasson turned his back on us, he immediately dropped his hands to his waist band and began grabbing near the right hip area. I heard Officers give commands of "police don't move" and I began giving Wasson commands to take his hands out of his waist. Wasson immediately began running south through the parking lot and then along the side walk towards Main Street. Officer Feldner began to run after Wasson and I initially followed. While running through the parking lot I observed Wasson again reach towards his waist band as he ran south towards Main street. I then observed Officer Holland also running after Wasson so I stopped and went back to assist Officer

Fiddler with [REDACTED] and [REDACTED] While going back to Officer Fiddler I heard gun shots in the direction that Wasson had ran at the corner of Main and 5th Street. Due to the fact that shots were fired and I did not know what had occurred and also knowing that there had been a gun in the vehicle, I placed [REDACTED] into handcuffs and had him sit on the ground. I then conducted a pat search of [REDACTED] person to make sure that he did not have a weapon. Officer Fiddler placed [REDACTED] into handcuffs and had her sit on the ground too.

[REDACTED] gave me consent to search her person and I did not locate anything of note on her person. I stood by with [REDACTED] and [REDACTED] until [REDACTED] was transported and Officer Manchester relieved me from standing by with [REDACTED]

**Narrative**

**INITIAL RESPONSE/CONTACT:**

On 6-24-23 at approximately 0213 hours I responded to the scene of a suspicious vehicle. I was riding a in a tac unit with Officer Reandu. I was working uniformed patrol and driving in a marked police vehicle. Via the radio, I heard shots fired called out and we responded code 3 to the scene at 5th St and Main St.

**INVOLVEMENT:**

On scene, I assisted in securing the scene and putting up crime scene tape. I answered questions for citizens near the scene. I took over the crime scene log from Officer Burch and continued it until I was relieved by Officer Marshall. This is a summary of my involvement in this investigation. See my on-body video camera for more information.

**Narrative**

**INITIAL RESPONSE/CONTACT:** On June 24, 2023, at approximately 1202 hours, I called and spoke with [REDACTED] reference to an officer involved shooting. [REDACTED] had contacted Ada County Dispatch advising he had seen an article on channel 7 news (KTVB7) about the shooting and they asked people to call (the police). I am currently working in TRU (telephone reporting unit).

Another witness, [REDACTED], called Ada County Dispatch and I interviewed her June 25, 2023.

**INVOLVED PERSONS/RELATIONSHIP(S):**

Witness- [REDACTED]  
Witness- [REDACTED]

**WITNESS INTERVIEW [REDACTED]**

[REDACTED] stated he had read online (Ada County) Dispatch was looking for individuals who witnessed the "shooting last night." [REDACTED] stated he works as [REDACTED]. At approximately 0210 hours, [REDACTED] was closing the patio for the night when he heard sirens from "5th." [REDACTED] witnessed an Officer pursuing the "suspect." When the "suspect" was turning the corner at the apartment complex, [REDACTED] saw the "suspect" reach for what he believed was a "pistol" on his waist. [REDACTED] said when that happened the Officer had shot him three times. [REDACTED] thought he was shot in the back. [REDACTED] was not sure how much "contact" was made, referring to where the "suspect" was shot. [REDACTED] stated after the Officer fired his service weapon the "suspect dropped." [REDACTED] stated the individual who was shot was wearing a "white button up" shirt and had a backpack. After the incident, multiple officers arrived and secured the area.

I clarified additional information from [REDACTED] [REDACTED] observed them running towards "Capitol Cellars" Restaurant, 110 S. 5th Street. I clarified which direction they were running, and [REDACTED] stated, "down 5th" and mentioned the "Chip" Cookies building, 501 W. Main Street. [REDACTED] confirmed they were running towards Front Street. [REDACTED] said when he observed them, they were at the corner of 5th Street and W. Main Street. [REDACTED] was across the street from the incident. [REDACTED] confirmed he was "kiddy-corner." [REDACTED] did not remember hearing anything prior to the shooting. [REDACTED] believed the "origin" occurred

"further up."

I asked [REDACTED] how many officers he initially observed. [REDACTED] saw two officers, one was "giving chase" and that was the one who "discharged his service weapon" and one officer was behind him. [REDACTED] did not witness anyone else with the individual that was shot.

I asked [REDACTED] why he believed the individual was reaching for a gun or how he knew that. [REDACTED] stated as he was turning the corner, he observed his hand go towards his waist. [REDACTED] said after a "split second" after his hand went towards his waist the Officer shot him. [REDACTED] said he later noticed there was a gun on the ground. [REDACTED] did not believe there was any video surveillance pointing in the direction of the incident from the bar. [REDACTED] stated his boss, [REDACTED] spoke with Officer(s) already.

I told [REDACTED] a detective might reach out to him for any follow up questions they may have.

**WITNESS INTERVIEW** [REDACTED]

On June 24, 2023, at approximately 1212 hours, I called [REDACTED] via the telephone and left a voice message. [REDACTED] had called into Ada County Dispatch, and they attached it to my original call with [REDACTED]. On June 25, 2023, at approximately 0946 hours, I called and left a voice message for [REDACTED] a second time. I had noticed there was a missed call from [REDACTED] on June 24, 2023, at approximately 1224 hours. On June 25, 2023, at approximately 1126 hours, [REDACTED] called one of the TRU desks phones, and I spoke to her.

[REDACTED] stated she had witnessed two police officers chasing after a "guy" on 5th Street towards W. Main Street. [REDACTED] stated they were leaving the parking lot next to the Whiskey Bar, 509 W. Main Street. [REDACTED] said she heard three gunshots and witnessed "him fall to the ground." [REDACTED] stated she had a friend going to her car and she was escorted by two other police officers.

[REDACTED] said the male that was being chased was wearing a white shirt. [REDACTED] stated the driver she was with and several other people in the car witnessed the gun being drawn and the guy being shot. [REDACTED] stated the parking lot they had pulled out of, she believed had a breakfast place in it (5th and Main). [REDACTED] said they were headed northbound on N. 5th Street when the incident occurred. [REDACTED] stated they were on the right-hand side or the east side of 5th Street. [REDACTED] said she observed two of the officers chasing the male.

[REDACTED] stated the driver of her vehicle had mentioned he saw something in the "guy's" hands that was running from the police. The driver saw the Officer stop, draw his gun and they heard, "pop, pop, pop." I asked [REDACTED] if she heard anything prior to the gunshots. [REDACTED] stated her friend had rolled down her window, but she did not hear anything. [REDACTED] did not have good description of the male (who was shot). [REDACTED] said once they noticed what was going on, she saw the back of his head. The male was running, "booking it," attempting to get away from the "cops." [REDACTED] said the male was running and there was a "cop" closest to him running fast and the second "cop" was further away. The second cop was trying to catch up to up to them. [REDACTED] confirmed she heard three gunshots.

**Narrative**

**INITIAL RESPONSE/CONTACT:** I recieved a phone call from Sgt. Kendall regarding an Officer involved shooting which had occurred near 5th/Main in Boise. This phone call was around 0222. I told him I would be responding. I then called Lt. Klimke with the Ada County Sheriff's Office (ACSO) and advised him of the incident. Based on CITF protocol we agreed ACSO would be the lead investigating agency in this incident. I then spoke with Cpt. Jones and he informed me he was responding and would be going to the scene first. I sent out text messages to Lieutenants of the Ada County CITF group requesting response to assist with the investigation. I then began responding to the scene. While driving in I spoke with Lt. Wittmuss and Acting Field Commander (AFC) Kolos about the incident.

Prior to arriving at the scene Cpt. Jones informed me that he had been to the scene and the scene was well contained and did not appear to need further resources. He informed me that he was heading to the Command Post at the Boise State University (BSU) parking lot and would then respond to the CITF Command Post which had been established at the ACSO Emergency Operations Center (EOC). I called Sgt. Kendall and he asked that I respond to the Command Post at BSU to help coordinate information and needed resources. I responded to BSU and met with Lt. Wittmuss who was the Incident Commander for the call. I also met with AFC Kolos who was the acting supervisor for the down town patrol team that night.

I was given a summarized description of events that had transpired. I stayed at that location relaying information and coordinating resources to assist in the investigation. These duties were administrative in nature. I did not respond to the actual scene. Once most of the administrative duties were completed I responded to the CITF Command Post at ACSO (Barrister). There I continued with administrative duties. After leaving ACSO I responded to Mark Stall Place where I met with Chief Winegar to review body worn camera video.

I then left the station and returned home. While at home I continued to work in an administrative way over the phone through phone calls, text messages and emails. Later in the day I asked Sgt. Kendall to respond with detectives and Victim Witness to meet with family members of one of the involved parties who was being treated in the hospital. All of my work from home was administrative in nature. I do not have body worn camera footage or audio recordings.

**CONCLUSION:** Route with Main Report.

**Narrative**

On the listed date and time I was working as the acting supervisor over the Boise PD night shift Bench team. I was listening to the radio and monitoring calls for service and officers activities city wide. I overheard members of the Gang Enforcement Team working on a suspicious vehicle down near the area of 5th/Main. In the call they added a subject named [REDACTED] and a vehicle license plate of [REDACTED]. There was also notes mentioning an aggravated assault and felony Riot convictions, I assumed these charges to be associate to the only subject in the call [REDACTED]. I heard the officers broadcast a plan and initiate a takedown on the vehicle. shortly after that Cpl. Holland broadcasted that they were engaged in a foot pursuit and then broadcasted that shots had been fired. I responded down to the scene to assist.

Prior to arriving on scene it was broadcasted that nobody was outstanding and AFC Kolos and directed responding resources into the area. I got out of my vehicle and immediately began assigning people to securing the crime scene. I ordered several officers to grab crime scene tape to keep people out of the crime scene. It should be noted that the shots were fired around 0200 am, which is when bars close, in the bar district of downtown Boise. I received a brief safety debrief from AFC Kolos and he advised me rounds were fired in a general southbound direction from the intersection. I asked officers to secure a large section of the crime scene to the south to preserve any bullets or bullet strike marks that may have happened down range. I also briefly search a business complex to the south and didn't see any bullet strikes on the building and didn't note any broken glass. I also noted that it appeared the building was all businesses and appeared to be unoccupied at the time.

Once the scene was appropriately taped off, I left and responded to the established command post with the other supervisors and conducted administrative duties per CITF protocol. I later returned to the crime scene and remained there until replaced by day shift officers.

Route with original.

**Narrative**

**INITIAL RESPONSE/CONTACT:**

On 6/26/23 at 22:40 hours I was dispatched a landline call reference a supplemental info. I contacted the reporting party, [REDACTED] where in summary I obtained the following:

**Witness interview:**

[REDACTED] stated that he was downtown on the night of the officer involved shooting. Specifically, he stated he was standing at his car, waiting for his girlfriend that was parked on fifth across the street from Dharma.

He stated he observed two police cars at fifth and Idaho and saw the eventual suspect walking northbound from fifth and Main towards fifth and Idaho. He stated the subject was wearing a white shirt with a black backpack.

[REDACTED] stated he then heard officers from fifth and Idaho yell "don't move" and then observed the suspect running southbound back towards fifth and Main. He stated the suspect dropped the backpack, and something fell out of it, what appeared to be a gun magazine. He stated the suspect did not pick up the backpack but continued running. He observed officers chasing him. He stated he then heard 5 to 6 gunshots and saw the suspect fall to the ground. No further.

I informed [REDACTED] a detective would be in contact with him to speak with him further. I then ended and had no further contact with him.

**Conclusion:**

Route to CID

**Narrative**

**INITIAL RESPONSE/CONTACT:**

On 06-24-2023, at approximately 0245 hours, I was off duty and called in by Detective Sgt. Kendall to assist with this incident. I was designated to respond to St. Alphonsus Emergency Department and assist patrol Officers with the suspect from an Officer Involved Shooting (OIS).

I arrived at St. Alphonsus ER at approximately 0320 hours on 06-24-2023. Upon my arrival, I was briefed regarding the incident by patrol Officers Quintana and Echols. They advised me that the subject currently in the ER (Room #23) from this incident was not identified and was in possession of an identification card that had a photograph that did not resemble him. The identification card in his belongings, was in the name of [REDACTED] was involved in this incident and is also referenced in DR's 23-310325 and DR 23-310375. At this time, [REDACTED] was being detained by Officers at the Boise PD Station.

This suspect had personal property that included clothing, a mostly empty wallet and two cell phones, neither of the phones seemed to be activated and did not offer information as to his possible identity. Lt Ransom was present at the ER and used department resources to eventually identify the subject as SUS-PAYTON WASSON. For additional details regarding personal property and how the suspect was identified, refer to the respective Officer's supplemental reports under this DR.

Ada County Sheriffs Department Detective Hawkins arrived to take over the hospital portion of the investigation. Detective Hawkins took possession of the property items from Officer Quintana and Echols. He packaged and processed the items in the room and prepared them for transport to Ada County Property.

The medical staff provided an update on WASSON'S medical condition. They indicated that he was [REDACTED]. There was not going to be an opportunity for Detectives to interview him anytime soon. The medical staff also indicated that WASSON just returned from the CT scanner and had a [REDACTED].

At approximately 0530 hours, I was relieved of duties at the hospital and directed to respond to the command post (CP) at Ada County Sheriff's Station. I remained at the CP until I was dismissed by Sgt. Kendall.

**SUSPECT INTERVIEW:**

Unable to interview suspect due to medical conditions.

**DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:**

Detective Hawkins collected all of the clothing and personal belongings from SUS-WASSON. He packaged the items and transported them from the hospital to the Ada County Property Room.

**CONCLUSION:** Route to CITF, ACSO lead Detective Cherie Tucker.

**Narrative**

**INITIAL RESPONSE/CONTACT:**

On 6-24-23 at approximately 0215 hrs, I was notified of this incident and asked to help by responding to St. Alphonsus hospital and coordinating the police efforts at that location.

I arrived at St. Als and met with Ofc Echols and Ofc Quintana, as the suspect was being taken to have a CT scan done.

When the suspect returned, I stayed with the officers and Det. Krueger as medical staff worked on him. At this point the suspect's identity was unknown, so I assisted officers in looking through the suspects belongings removed by the hospital. There were two cell phones within his belongings and one of the phones contained an Idaho identification card belonging to [REDACTED].

I learned [REDACTED] was actually a person currently in custody of BPD and not the suspect in the hospital. I noticed multiple tattoos on the suspect and worked with the Ada County Jail to search their records. I also contacted the Ada County Coroner's office to use their mobile fingerprint scanner, but that was not an option. I contacted IDOC to ask about tattoos as well, but they were unable to search for them.

Ultimately the Ada County Jail identified the suspect by the "PW" tattoo on his right ankle. They advised the suspect was Payton Holmes Wasson [REDACTED].

After arranging for relief for Ofc Echols and Ofc Quintana, I cleared the hospital around 0600.

**CONCLUSION:**

Route with original report.

**Narrative**

**INITIAL RESPONSE/CONTACT:**

On 06-27-2023, at approximately 1300 hours, I called and spoke to Officer Echols to clarify details from his supplemental report. He related the following. While he was waiting for the subject to return from the CT scanner, hospital staff provided Officer Echols with a patient belongings bag containing clothing that was worn by SUS-WASSON. That bag contained various items including a pair of pants that Officer Echols searched for identification. There was no identification located in the pants. Other items were located in the pants and are described in Officer Echols report.

Inside the property bag, not inside any specific item of clothing, were two cell phones. One of the cell phones had a photo on the lock screen that appeared to be the same subject who was at that time the unidentified suspect. The other phone had a photo of a Hispanic male on the lock screen. Inside the phone case of the phone that had the lock screen photo of the Hispanic male, was the identification in the name of [REDACTED]. The photo on [REDACTED] identification looked similar to the photo on the lock screen of the phone where the identification was located.

Officer Echols also noted that the suspect was wearing a white shirt when he was transported to the hospital. There was no white shirt in the belongings bag that he was provided. Officer Echols advised the hospital staff that the shirt was not in the belongings bag. The staff brought the soiled linens container out of the trauma room. Officer Echols and Officer Quintana went through the soiled linens container and located the white shirt. It was wrapped up in the other white linens from the hospital gurney and placed in the soiled linens bin by the hospital staff. The white shirt was removed from the bin by Officer Quintana and transferred to the custody of Ada County Detective Hawkins.

**CONCLUSION:** Route to CITF Lead ACSO Detective C. Tucker

**Narrative**

**INITIAL RESPONSE/CONTACT:**

On 06-24-23 at 02:12 hours, I was working as the Watch Commander for the graveyard patrol shift. At 02:12 hours, I heard Officer Holland advise Dispatch that he was in a foot pursuit of a subject running. During the broadcast Officer Holland advised that the subject had a gun. A very short time later Officer Holland advised "Shots fired". He also stated that an additional suspect was last observed at 5th. and Idaho. Multiple officers went en route to assist and AFC Kolos began providing updates as did officer S. Martinez.

I was at the Boise Police Department doing some administrative tasks at the time of the incident. I immediately met with Lt. Butler who was not on duty but was in the station doing some administrative duties. I advised him I was en route to take incident command and meet with involved officers. I went en route to 5th. & Main. While en route, I contacted Sgt. J. Kendall (CID) and advised him that there had just been an officer involved shooting and to initiate the CITF protocol.

I responded to 5th. and Main with lights and siren. Upon arrival, I parked on 5th. St. just South of Main St. I first met with AFC Kolos. I was given a brief of what happened as well as who was involved. The crime scene was still being secured and there was a large crowd of citizens surrounding the crime scene tape around the area. I immediately assured that the crime scene was being contained and that a crime scene log had been started. All of these duties were being done. I then spoke with AFC Kolos and AFC Strodbeck who were on scene. I was further advised that a male subject later identified as [REDACTED] and a female identified as [REDACTED] had also been detained. At this time Payton Wasson's (suspect who was shot and transported by EMS) name was not known.

I asked AFC Kolos to provide me the information he obtained from the safety brief. AFC Kolos told me that Officer Feldner, Cpl. Holland and Cpl. Martinez along with a civilian rider were involved. AFC Kolos gave me a brief on the details he knew prior to the incident as well as after. Specifically, he advised that prior to the incident officers were consulting with Probation & Parole and officers had run a criminal background check on [REDACTED]. It was determined prior to any officer contact that [REDACTED] was a convicted felon and was a prohibited possessor. AFC Kolos explained that [REDACTED] an unknown female and male were observed frequenting a vehicle parked near the Vape Kastle that was parked on 5th. St. AFC Kolos explained [REDACTED] was wearing gang affiliated clothing. AFC Kolos explained that Officers had observed a firearm in the vehicle that [REDACTED] Wasson and a female later identified as [REDACTED] had been frequenting. After consulting P&P it was determined that officers would attempt to contact the three subjects for further investigation when they returned to the mentioned vehicle.

As officers initiated contact Wasson began to flee southbound on 5th. St. towards Main. I was advised Officer Feldner fired at the suspect later identified as Payton Wasson, 2-3 times just north of the intersection located at 5th. & Main. AFC Kolos told me as he was running to assist that he heard three distinct gunshots. I was advised Cpl. Holland was running after Wasson and was behind Officer Feldner at the time of the shooting. Officer S. Martinez and a civilian rider were responding in a marked patrol car

on 5th. St. coming against traffic. I was advised that Officer Feldner fired towards the South and the backdrop would have been the large building on the southeast corner of 5th. & Main St. It was determined the three individuals ( [REDACTED] , Wasson & [REDACTED] ) were detained.

At that time, I contacted Lt. Butler and explained that we were attempting to secure [REDACTED] reference the CITF protocol. [REDACTED]. It was determined those involved in the incident would report to the Boise Police Department where they would be contacted by CITF members. Lt. Butler agreed to coordinate efforts from MSP. Because I was on scene at the chaotic event, I requested Lt. Butler send out a command text reference the officer involved shooting. A short time later the command text was sent.

I immediately contacted Deputy Chief T. Brooks and provided him an update. I explained the details I had obtained up to that time. I also advised the command post would be set up at Boise State University. This was a brief conversation.

I then coordinated several phone calls to make assignments and delegate various duties that needed to be done. It was determined that Lt. Ransom would respond to St. Al's and take over the hospital duties. Officer Echols was also tasked from the onset with staying with Wasson from the time he was transported from the scene.

I advised dispatch that I was assuming incident command. I, Lt. Ransom was the hospital liaison and that Lt. Butler would be facilitating CITF protocol for those involved or who witnessed the incident at MSP. The media staging point was initially set at 5th & Main. I also advised the command post would be located at Boise State in the parking lot east of the stadium.

I remained on scene at 5th. & Main for several minutes. During that time I had AFC Kolos explain to me where everyone was approximately at when the incident happened. AFC Kolos pointed to the north and stated shell casings were being guarded by an officer on scene. He explained where the suspect's were observed frequenting a black passenger car that was parked near the Vape Kastle. I observed a pool of blood and a firearm lying on the sidewalk close to the corner of 5th. and Main. An officer was guarding these evidentiary items. I confirmed that the officers involved were provided escort officers and had vacated the scene. I coordinated with officer S. Martinez and requested he relay that those involved to go directly to Mark Stall Place. I was briefed on who was designated as the escort officers (C. Johnson, Sandoval and Kincaid). It should be noted that Officer S. Martinez told me that he had taken his patrol car from the scene. Officer S. Martinez told me he stopped in front of another patrol unit on 5th. St. that was "In the crime scene". This patrol vehicle was faced north and parked next two unoccupied citizens vehicles that were legally parked . I later provided this information to Lt. Smith.

I remained on scene and briefly met with Captain M. Jones. I provided him a brief at the scene. I then directed AFC Strodbeck and AFC Kolos to move to the command post at BSU. I appointed Officer C. Burch as the main point of contact at the crime scene. I briefly coordinated with Det. Chuck Roath and

Det. Jagosh who were activated for the OIS.

As I was leaving the crime scene, I briefly met with a male subject who stated he was from Idaho Dispatch and wanted a statement. I told the male that there had been an officer involved shooting. There was no immediate threat to the public and that the crime scene was actively being worked. I told the male that if he would like to move to the Chili's located off of Broadway, I would coordinate any further info being released in about an hour. I moved the media staging point to the Chili's restaurant parking lot so that it would be in closer proximity to the command post.

I then moved to the command post. Once there I met with Captain Jones, PIO Haley Williams, DC Brooks, AFC Kolos, and AFC Strodtbeck. Multiple duties were delegated and I assured tasks were being done related to the CITF protocol.

I was briefed that [REDACTED] was found to be in [REDACTED] ) and a large amount of U.S. currency. I requested AFC Kolos contact BANDIT and notify the supervisor reference the OIS. AFC Kolos spoke with [REDACTED] and it was determined [REDACTED] would respond to the station and attempt an interview with [REDACTED]

I was in contact with Lt. Ransom various times regarding the status of Payton Wasson. It should be noted that it took approximately two hours to determine Wasson's identity. This caused a delay in running a background check and determining any potential family members. While at the command post I had AFC Strodtbeck assigned to determine the identity of Wasson, [REDACTED]. I requested Triple I background checks be completed on each of them. I also requested AFC Strodtbeck keep apprised of incoming calls from Dispatch.

This was a very large crime scene and depleted the majority of BPD Patrol officers currently working. I notified the Ada County Dispatch Center that Boise City was on code two status. I also requested mutual aid assistance from ACSO and MPD for any further emergency calls in the city. I then contacted Lt. Ericsson who would be the oncoming day shift watch commander.

After the CITF was activated the command post at Boise State was dismantled at 04:30 hours. No further media outlets showed up that evening. Once I cleared the command post I met with the male from Idaho Dispatch at Chili's. I explained that an update had gone out on social media. That ended my interactions with this male.

I responded back to the Boise Police Department (MSP) Once back at the station, I remained there the remainder of my shift. While at the station I met briefly with Officer Feldner where he was issued a duty weapon.

I remained in contact with Sgt. Kendall, Lt. Smith, Lt. Ransom, Officer Kane until approximately 09:00 hours. I was advised that Wasson was placed on [REDACTED] I was also notified that [REDACTED] was arrested for [REDACTED]. This concluded my involvement with this incident.

<b>Narrative</b>
------------------

**INITIAL RESPONSE/CONTACT:**

On 06-24-23 at approximately 0230 hours, I was contacted by Violent Crimes Unit Sgt Kendall reference a CITF that Boise police officer's were involved in. I was informed that the incident took place near the intersection of 5th St and Main St in downtown Boise, ID. I was requested to respond to the scene to obtain a more in depth briefing from officers on scene. Therefore, I responded to the intersection of 5th St/Main St where I met with Ofc Burch.

While obtaining an overview briefing of the scene, ACSO Det Pacheco and BPD Det Miraglia arrived on scene and obtained the same briefing. It was at this point that I was informed that a, [REDACTED], had been arrested for [REDACTED] and transported to CID for an interview. I learned that [REDACTED] had been with the suspect who had fled the scene, prior to the use of deadly force.

Therefore, I responded to BPD CID where I met with ACSO Det Daigle. After briefing one another, we made contact with [REDACTED] who had been secured in interview room #4.

Of note, the identity of the suspect who had been transported to the hospital had not been discovered prior to my interview with [REDACTED].

**SUSPECT INTERVIEW:** [REDACTED]

[REDACTED] had his feet up and on the desk and appeared to be asleep. I immediately woke him up and asked him if he needed some water or a bathroom break and he denied. [REDACTED] denied that he was under the influence of anything and advised that he knew how to speak and write English and had some college education. I explained to [REDACTED] that I wanted to talk to him about the incident tonight and began reading him his Miranda Rights. At the conclusion of reading him his Miranda Rights, I asked if he understood those rights and he nodded his head up and down.

I began asking questions about who his friend was that was in the hospital and he wouldn't tell me. [REDACTED] would appear to fall asleep and would frequently have to be woken up as if he was under the influence of an unknown narcotic. I stressed to [REDACTED] that I wanted to contact his friend's parents to advise them that he was in the hospital and he repeatedly denied to tell me his name. [REDACTED] responded by telling me that, we "know his name," and that he calls him, "Boy." [REDACTED] denied knowing his name.

[REDACTED] refused to cooperate in helping us identify the suspect that was in the hospital. All [REDACTED] would tell me was that he calls him "boy," and that he was in his "twenties." When continuously asked who his friend was in the hospital, [REDACTED] appeared to cry without any tears forming, and continued to not respond to any of our questions. I confronted [REDACTED] and asked him what he was under the influence of and he told me that he just wanted to "go to bed." All [REDACTED] claimed to know was that "he got shot," and that was

"all I know." I continued to stress the importance it was to contact his friends family members to inform them as soon as possible that their loved one was in the hospital with a bullet to his head and he continued to refuse to give me any information. When asked who the female was that he was with tonight, he refused to tell me anything about the female as well (later identified as [REDACTED] by police on scene).

**NOTIFICATION OF PAYTON WASSON'S PARENTS:** [REDACTED]

On 06-06-23 at approximately 1530 hours, Sgt Kendall and I were requested to respond to St. Alphonsus Hospital to notify the parents of Payton Wasson. At this point, the suspect who had been transported to the hospital had been identified as, Payton Wasson.

Sgt Kendall had been informed that several of Payton's family members, to include his parents, were at the hospital and wanted to speak to police about the situation. Therefore, Sgt Kendall and I met with the parents and briefed them on the situation. They were also advised that ACSO was the lead agency on this case and would be in contact with them at a later time.

During this contact, both parents stressed their concern as to why deadly force was used against their son and ultimately had several questions about the incident overall. They were given a synopsis of the events and advised that ACSO would be in contact with them.

**INTERVIEW: BOISE POLICE OFFICER, CHANCE FELDNER**

On 06-27-23 at approximately 1000 hours, I accompanied ACSO Det. Bryant with his interview of Chance Feldner. Also present during this interview was Chance's legal counsel, Paul Augustine. Refer to Det. Bryant's report for further regarding this interview.

**DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:**

My interview with [REDACTED] was both audio and video recorded. The audio version has been attached to this report.

Notification of the situation to Payton's parents was audio recorded and attached to this report. Refer to that audio for further.

**Narrative**

**Assignment:** On 6-24-2023, at about 0233 hours, I was notified via email of a shooting involving Boise Officers. Subsequently, Sgt. Kendall assigned me as a member of the Critical Incident Task Force to respond to the scene near the intersection of 5<sup>th</sup> and Main Streets. Det. Roath and ASO Det. Pacheco arrived on scene at about the same time, and we were briefed by Officers Palic and Fiddler. Officer Manchester was detaining [REDACTED] as she was seated on the sidewalk, not in handcuffs. [REDACTED] had been taken to MSP for questioning and Payton Wasson was transported to St. Al's hospital prior to my arrival.

I remained at the scene and assisted Det. Pacheco in his duties directing evidence collection.

**Scene:** I arrived to find crime scene tape encompassing a large area around the scene of the shooting and the initial contact with officers. I noted the following items of interest at the scene:

- A black Kia sedan, [REDACTED] was parked in the lot in front of the Vape Kastle, 112 N 5<sup>th</sup> street. This vehicle was described as registered to [REDACTED] and the location where a gun was observed on the passenger front seat floorboard by Corporal Holland.
- On the east side alley entrance, located between Main and Idaho, I noted a Glock .45 caliber magazine with 6 rounds in the magazine, in addition to two .45 caliber bullets on the ground adjacent to it.
- At the shooting scene, near the northeast sidewalk corner of Main and 5<sup>th</sup> streets, I noted blood stains on the pavement and paramedic paraphernalia. In addition, I noted a small backpack, a .45 caliber Glock 21 pistol with a mounted light, bullet fragments, and what

appeared to be skull fragments on the sidewalk.

- On the southeast corner of 5<sup>th</sup> and Main, in the black metal fence enclosing the Capitol Cellars restaurant patio, I located a bullet strike on one of the vertical rails and a small piece of bullet fragment on service tray to the south of the strike point.

See ACSO CSI Stacie Guess' supplement and photos for details regarding the scene.

██████████: I assisted Det. Pacheco with his interview of ██████████. ██████████ provided me with verbal consent to search her cell phone and I examined her conversation with ██████████ prior to the shooting. See attached screenshots and Det. Pacheco's supplement for further details regarding ██████████ statements.

██████████: Later that morning, witness ██████████ approached Det. Pacheco and I to describe what he saw at the time of the shooting. ██████████ described hearing the 4 shots from his apartment window of ██████████ described seeing a male wearing dark clothing run northeast across 5<sup>th</sup> and Main immediately following the sound. Based upon his description, the male was likely one of the responding patrol officers.

**Disposition of Evidence:** See attached screenshots and audio recordings of ██████████ and ██████████ ██████████

**Narrative**

Below is a clarification of missing information that was not added to my original report:

During the search of the brown Louis Vuitton backpack for an identification of the subject, later identified as Payton Wasson, I observed in the same compartment that contained the Swedish Fish bag and the multiple canisters of Naloxone, a clear plastic bag that contained numerous loose rounds of ammunition. As stated in the previous report, I continued a rapid search for an identification card or driver license and discontinued the search when it became apparent that there was none present.

**Narrative**

On Saturday, June 24, 2023, I was working as the Acting Field Commander for the Downtown Overlap Team wearing full "Class B" Boise Police uniform.

Prior to this incident, I was aware of suspect contact being made by the Gang Enforcement Team at a vehicle parked in the area of 5<sup>th</sup> Street and Idaho Street where a firearm was involved and the suspect(s) were felons in possession of the firearm and also on active parole. It was also known that the suspect(s) were active and/or affiliated gang members.

About 0212 hours, I was working a foot patrol in the area of 6<sup>th</sup> Street and Main Street during bar closing time. While monitoring the incident, I heard Officer Holland broadcast via radio a foot pursuit and that the suspect fleeing had a gun. I began running to the area to assist with supervisory duties and to assist in the apprehension of the suspect, later identified as Payton Wasson. As I was running to the area east on Main Street between 6<sup>th</sup> Street and 5<sup>th</sup> Street, I heard a single volley of 3-4 gunshots. Seconds later, Officer Holland broadcasted via radio that shots had been fired.

Seconds later, upon arrival to the northeast corner of the intersection of Main Street and 5<sup>th</sup> Street (420 W Main Street), I observed Wasson down on the sidewalk bleeding severely from his head.

Based on the Officer Involved Shooting, I assumed the role of Incident Command for Critical Incident Response and completed/delegated the following tasks-

- Ensured the scene was safe
- Requested Emergency Medical Services and ensured Life Saving Medical Aid was being rendered to the injured suspect.
- Requested Crime Scene Tape be set up for an inner and outer perimeter
- Assigned Crowd Control to move the large crowd back and beyond the outer perimeter
- Assigned an officer to secure the suspect's firearm leaving it undisturbed on the sidewalk
- Conducted a Safety Debrief with the officers directly involved
- Assigned escort officers to the initial 3 officers who were directly involved or witnessed the incident for sequestering
- Assigned officers to secure the pistol magazine, live ammunition, and pistol cartridges leaving them undisturbed on the sidewalk

**INITIAL RESPONSE/CONTACT:**

On 6-24-23 at approximately 0212 I responded to the area of 5th and Main to the scene of an Officer involved shooting. When I arrived I could see a large crowd gathering in the area and several Officer's rendering aid to the suspect on the sidewalk. Officer Martinez requested me to be his escort Officer to the hotel from the scene. Due to hotels being full we responded to the Boise Police Department on Mark Stall. I stood by until I was relieved.

**SUPPLEMENTAL REPORT:**

On 06/24/2023, Officer Lee and I, working as Unit #34T4, responded to an OIS that occurred at the area of 5<sup>th</sup> Street and Main Street.

Upon arrival, Officer Lee and I parked at the intersection of 5<sup>th</sup> Street and Idaho Street. I observed two subjects detained along the east sidewalk. Officer Lee assisted Officer Palic with their detention and I responded to assist Officers near Main Street. While going to assist setting up a scene perimeter, I was designated as peer support for Officer Feldner. I walked Officer Feldner to his unit at 5<sup>th</sup> and Main to await further directive.

I drove Officer Feldner to 333 N. Mark Stall Place pending investigation. Officer Feldner requested peer support Officer Sandoval. Officer Sandoval responded and took over as support.

**Narrative**

On the listed date and time, I was assigned as the Captain of the Boise Police Department Criminal Investigations Division. I was off duty, and was advised via a command text that an officer involved shooting had occurred in the area of 5th and Main in downtown Boise. I also became aware after speaking with Lt. C. Smith, that the Ada County Critical Incident Task Force had been activated and that ACSO was assigned as the lead investigative agency.

I responded to 5th/Main and I spoke with Lt. Wittmuss, who was the incident commander. He indicated that Ofc. C. Felder was the involved officer, with Cpl. B. Holland as an involved witness. Two other officers, J. Palic and C. Fiddler were present during the incident and were still on scene.

I responded to the scene, and I noted that Patrol officers had secured a large portion of 5th Street from Idaho to a point south of Main with crime scene tape. I checked in with Ofc. C. Burch who was managing the crime scene log and entered the crime scene. On the sidewalk near the northeast corner of 5th/Main, I observed a small backpack, pools of blood, a black handgun, and trash/debris from what appeared to be used medical kits. Officers on scene indicated the suspect, who was unknown at that time, was taken into custody at that location and later transported by ambulance.

I walked north on 5th to a location near the alley where I noted officers were standing near traffic cones which had been placed to mark evidentiary items. I was approached by Palic and Fiddler, who indicated they had witnessed part of the incident, but they were not directly involved in the use of force as they had detained two other individuals near the corner of 5th/Idaho. From their description of their involvement, I determined they were uninvolved witnesses, and I told them they would likely be asked to complete supplemental reports. Fiddler indicated that a black passenger car parked in the parking lot on the southeast corner of 5th/Idaho was related to the incident, and that the two male and one female suspect had been in the car just prior to officers contacting them. Fiddler stated he believed the car contained illegal drugs. I told him detectives would likely write a search warrant for the vehicle. I also noted officers were detaining a female adult at 5th/Idaho who was believed to be involved. Shortly after this, I left the scene.

I did not speak with any civilian witnesses or suspects, and I did not touch, alter, or manipulate any evidentiary items. My involvement for the remainder of the incident was limited to administrative duties related to the CITF investigation.

Route with report.

**Narrative**

**INITIAL RESPONSE/CONTACT:** On June 24, 2023 at about 0215 hrs I was contacted by Lt. Witmuss of Boise Pd notifying me of an OIS involving two BPD officers in downtown Boise. I was advised in summary that Officer Holland and Officer Feldner along with other officers were conducting an investigation of a felon in possession of a firearm involving a suspected gang member. Officers contacted three individuals at a parked car, and attempted to detain them for investigation. Two subjects complied, one subject fled with a gun in hand. Officer Feldner and Officer Holland chased after him on foot. Officer Felder fired 3-4 shots and struck the suspect.

- Officer Feldner was transported to BPD as the involved officer.
- Officer Holland was transported to BPD as an involved witness officer, as he had direct contact with suspect just prior to the use of force and was in foot pursuit with Officer Feldner.
- Officer S. Martinez was initially brought to the station as an involved witness. I later responded to the station and asked some clarifying "safety debrief" type questions. I asked him if he had direct contact with suspect(s) prior to the UOF. He said no and that he had just arrived in a vehicle, followed the foot pursuit in his car, heard shots, and saw suspect fall, but didn't have direct contact. I then released him from first contact and instructed him to complete a police report on his involvement. It may be noted that I also cleared this decision through ACSO - Sgt. Weires.
- Officer Fiddler was determined to be an uninvolved witness that was at the scene of the initial contact with suspects. He was instructed to write a report after his duties were complete at the scene.
- Officer J. Palic was also in the same circumstances as Fiddler and given the same direction.

I made the following investigative assignments:

- Det. Roath was called out to assist in securing the crime scene. He was later re-assigned to assist ACSO in interviewing [REDACTED] at BPD.
- Det. Jagosh was assigned to process Feldner and Holland at first contact along with ACSO.
- Det. Krueger was assigned to the hospital to secure evidence and any interviews, should they be needed, prior to ACSO / CITF detective arrival.
- Det. Miraglia was assigned to assist ACSO with processing the crime scene at 5th and Idaho - Main.
- I reviewed OBV of witness and involved officers and observed a hispanic male subject that the suspect ran by during the

I later assigned Det. Roath and Det. Wirshing to assist ACSO detectives in the interviews of Officer Holland and Officer Feldner.

The remainder of my involvement the night of the event was working with CITF command members and making investigative decisions and assignments for follow up.

Later that date around 1430 hrs, I learned that the suspect was still alive and the hospital was asking

about contacting family for organ donation, and needed assistance in locating them. Previous to this information, I had been told that suspect wouldn't survive, and expected suspect would be deceased shortly and coroners office would have handled the death notification to family. Upon learning this information, I contacted Det. Roath and he and I responded to St. Als at about 1600 hours and met with Payton's mother and father, who had just arrived at the hospital. They were verbally ld'd as [REDACTED]

We informed them of incident. We advised them of that BPD had shot Payton during an investigation involving a gun and Payton and his friend [REDACTED]. See Det. Roath's audio for exact wording. In general, I showed them the BPD press release, and advised I wasn't authorized to release further details. I also explained the CITF process to them, and that ACSO was the lead investigative agency. Both parents did ask why he was shot in the head. I gave a brief answer that we were trained to stop a threat, but not where to aim to do that necessarily. I explained that the CITF would specifically investigate into facts surrounding incident to determine if the officer was justified in the use of deadly force, not where the bullet actually struck Payton.

[REDACTED] was visibly upset that Payton was with [REDACTED] at the time of the incident. I asked [REDACTED] some questions about Payton and [REDACTED] commented that she has worked at getting Payton clean over and over, over the years (at least how I interpreted her statement). She said she actually made Payton leave her house the previous Sunday due to his lifestyle choices / drug use. She said she didn't want him around her daughter.

[REDACTED] said she was on a recent video phone call with Payton and [REDACTED] could be seen in the background. She stated that she could see [REDACTED] armed with a pistol in that video. I asked why Payton would have a gun on him. [REDACTED] stated she thought that the gun was probably [REDACTED] and Payton was just holding it for him.

[REDACTED] stated she believed Payton was using fentanyl. She said that when he got out of prison he looked healthy and that in recent months had lost an extreme amount of weight due to fentanyl use.

We offered [REDACTED] and [REDACTED] BPD VW services. [REDACTED] declined, and we advised her that ACSO detectives would be her point of contact going forward, and ended our contact with them.

**CONCLUSION:** The rest of my involvement in this case was of administrative nature in coordinating the CITF investigation from the BPD side. Route report to ACSO for further investigation.

<b>Narrative</b>
------------------

**INITIAL RESPONSE/CONTACT:**

On Dec. 8th I received and reviewed the finished CITF report from the Ada County Sheriff's office. Upon reading through some of the investigative supplements, I read that CITF detectives had interviewed involved officers, and learned of a text thread the date of the OIS. The reports indicated that the involved group of officers had began communicating about their ongoing investigation, earlier in the night, prior to contacting Mr. Wasson. As the night and the investigation progressed, they moved their conversation/communication to a [REDACTED]

In reading through the reports, I didn't see where the contents of the text thread had been collected or documented. I then contacted Ada County Sheriff's office and inquired if they collected those text threads, and perhaps had just not documented it. I found that they had not been collected.

I was able contact, Officer Feldner, Fiddler, and Holland. They made arrangements to meet with me. On 12/15/23, I met with Officers, Holland, Feldner, and Fiddler. I had them open their text thread on their department issued phones. I asked them to go to the date in question, 6/24/23, and let me look at the text messages. I also inquired about additional text threads on the department phone from that night, regarding evidence, and knowledge directly related to their actions in the investigation and incident. I also asked about similar text threads they may have had, if any on their personal phones. I then photographed all the text threads from each phone. All photos were loaded into Evidence.com. I was able to schedule time to meet with Officer J. Palic on the afternoon of 12/20/23. I viewed and photographed her text thread also, as described above. It may be noted that there were numerous officers on this text thread. It consisted of officers from BPD's night step team, bar team, and the G.E.T. I didn't obtain the text thread photos from all officers on the text thread. I only obtained from the above named officers as they were the ones directly conducting the drug and gang investigation that night. [REDACTED], so all officers working the downtown district would have information about what was going on. [REDACTED]

**Summary of photos of screen shots:**

1. First text thread photographed was Corporal Holland's: I noted that the text thread was titled " Bar Team/G.E.T/NSTEP." It was dated saturday, June 24 at 0110hrs. It showed three photos of a car ([REDACTED] car). There is a photo of a hand grip of a pistol sticking out [REDACTED] from under the passenger front seat. When zooming on the photo it appears to be a Glock emblem on the bottom of the magazine. There is a message to the group that states, " Couple Nortenos at 6/main that parked at 5th and Idaho in vape kastle parking lot. This [REDACTED] is [REDACTED] their vehicle and this is their gun under the passenger seat."

There is then a photo attached that looks like it came from a mdt in a patrol car. It is a photo of [REDACTED] along with his d.o.b. I know from my involvement in this investigation that [REDACTED] was known to the Gang officers as a Norteno gang member, out of Canyon [REDACTED] County.

2. I next observed and photographed Officer Felder's text thread. It appeared to be the same text thread as I had observed on Holland's phone. Of note, my last photo of the screen on Holland's text thread cut off the last part of the thread. I captured it on Feldner's. After the photo of [REDACTED] Feldner had sent out to the group, "Driver of vehicle." Indicating [REDACTED] was the driver of the car in the photos of the text thread.

3. Feldner did have a second text thread on his phone concerning the investigation. He had texted Officer Fiddler individually. In the first screen photo you can observe the date of Sat. June 24 at 0115 hrs. At the top it indicates he is texting Chase (Officer Fiddler). The text at 0115 to Fiddler states, "Imma give u a call in a minute, we are gonna let them get back into the car when they leave so don't follow them too close if they leave." Fiddler responds, " oh ok, I'm standing outside roddy's to dog em when they come out. We'll back off."

Feldner texts Fiddler and advises him, "Felony convictions of riot and agg assault." Fiddler responds back, "Hell yeah." Feldner texts, "Go ahead and attach to our suspicious vehicle. Go command will be "initiate." Fiddler responds with a "Copy."

This text thread ends. You can see in the last screen shot that the next text in this thread has a date of two days later after the OIS.

4. I next observed Fiddler's cell phone. I first observed the text thread between he and Feldner as documented above. It contained the same as documented above. I photographed the conversation on his phone.

I then had Fiddler pull up his text thread from the larger group thread. I observed that it appeared to be the same conversation and photos that I previously viewed on the other phones. I then photographed the text thread off of his phone. While photographing Fiddler's text thread I decided to highlight the members in the group thread. One photo shows that there were 14 people on the "Bar Team/G.E.T./NSTEP" thread. I then took a couple photos showing the member contact names in that thread.

5. As noted above, on 12/20/23, I met with Officer J. Palic. I observed her text thread on her phone and photographed the thread in a series of screen shots, just as I did the other officers. I also photographed the members of the text thread as I did with Fiddler's phone.

The text thread was the exact same as I had observed on the previous 3 officers. The members of the group were the same as those on Fiddler's.

## Conclusion:

It may be noted that I asked each officer if they had any other evidence on their work phone, or any other devices, that have not been shared or disclosed. They all stated that they didn't. I ended my contact with each of them instructing them not to delete the threads off of their phones until allowed to do so by BPD command staff members or city legal.

<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> County Prosecutor	<b>8. Division</b> PERSONS

I have forwarded this report and a link to the photos in evidenc.com to ACSO detectives as they were the CITF lead in this OIS investigation. I also forward this info to the Ada County Pros. office along with notification of the existence of photo evidence in evidence.com.

I believed this text thread to be direct evidence supporting officer statements in reports, and interviews of their knowledge of [REDACTED] and his associates prior to the shooting. They knew there was a gun in the car, where it was located, and they observed Wasson, later retrieve said gun, and arm himself with it. At this point Officer Feldner would have known about the subjects suspicious behavior that night, appearing to be conducting drug deals, [REDACTED] violent criminal history, gang association, and the likelihood of being with like minded individuals. This suspicion would have been confirmed when officers observed Wasson arm himself with the pistol.

I believe this information to be important for prosecutor's knowledge in the review of Officer Felder's use of force. This is also relevant in the criminal case against [REDACTED]

Evidence: all photos described above have been loaded into evidence.com for storage.

**Probable Cause**

On June 24, 2023 at approximately 0212 hours, several Boise Police Officers were working in downtown Boise assigned to the Boise Police Department gang team. Suspects [REDACTED] and Payton Wasson were under surveillance during this investigation. These subjects were contacted in the area of 5th Street and Idaho Street, attempts were made to detain both suspects. Payton Wasson refused commands and fled on foot south bound on 5th Street while displaying a handgun. Officer Feldner chased Wasson on foot and fired shots from his duty weapon, striking Wasson. Wasson later died in the hospital. This report includes investigative actions performed by ACSO related to this incident.

Reports written by the Meridian Police Department, Idaho State Police Department, and Boise Police Department are under additional DR#s from their respective agencies.

**BPD: 23-310269**

**Narrative:**

On June 24, 2023, at 0300 hours I was called out by Sgt. Weires to respond for a critical incident involving Boise Police Department, in which Ada County Sheriff's Office was assigned as the lead investigating agency. I am an investigator on the Critical Incident Task Force of Ada County, which includes the Ada County Sheriff's Office, Boise Police, Meridian Police, Garden City Police, and Idaho State Police. I was assigned the task of lead investigator for this incident which occurred in the area of N. 5th St and Main St in Boise on June 24, 2023, at 02:12 hours.

On June 24, 2023, I remained at the command post at the Ada County Sheriff's Office Emergency Operations Center for several hours while information came in about this incident. In summary, I learned that members of the BPD Gang Team were investigating [REDACTED], [REDACTED]), and was suspected of trafficking narcotics and was observed with a handgun in his possession. [REDACTED] was confirmed as a prohibited possessor of firearms per the conditions of his parole. [REDACTED] was observed with a white male adult whose identity was unknown, and later identified as Payton Wasson. Both subjects were dressed in gang attire recognizable to the team. Surveillance began approximately 0106 hours as the two subjects arrived downtown in a Black Kia Forte [REDACTED] registered to [REDACTED]. Subjects were surveilled walking to the area of 6<sup>th</sup> and Main St where they went into the bar Dirty Little Roddy's. Around 0158 hours both [REDACTED] and Wasson were observed leaving the bar area and walking back to the Kia, now accompanied by a white female adult later identified as [REDACTED]. During the time [REDACTED] was away from his Kia, BPD Officer Holland observed a Glock pistol in plain view inside the car and communicated with on-duty Probation and Parole Officer Mikayla Martinez, who requested BPD detain and search [REDACTED] on her behalf. BPD officers also planned to detain the subjects

with [REDACTED] based on their affiliation with [REDACTED] and the suspected drug trafficking activity. The three subjects returned to the Kia and Wasson retrieved items from the passenger side where the Glock pistol had been observed. Wasson got out a backpack from the Kia and walked away. BPD Officers contacted the three subjects: [REDACTED] cooperated, and Wasson ignored commands and fled the scene on foot. As he ran, he displayed a black handgun which he pointed at a citizen as he ran past. Officer Feldner and Officer Holland pursued Wasson on foot. Officer Feldner fired his duty pistol, striking Wasson in the head and Wasson immediately fell to the ground. Wasson was given first aid immediately and transported to St. Alphonsus Hospital, where he later passed away from his injuries.

I learned the above information in summary from initial statements and OBV captured by the officers involved.

### Search warrants:

#### Vehicle search: 2018 Black Kia Forte:

The 2018 Kia registered to [REDACTED] was towed to the secure parking lot of the Ada County Sheriff's Office directly from the crime scene on June 24, 2023. It was seized based on the vehicle involvement in the case and anticipation of a search warrant for evidence relating to the crimes of [REDACTED]

[REDACTED] I applied for and was granted a search warrant for the Kia on June 26, 2023. I served the search warrant the afternoon of June 26, 2023, with the assistance of CSI Guess, who took photos and collected items of evidence at my direction. When I tried to locate keys for the Kia, I learned they had been booked into jail property with [REDACTED] the night of his arrest by BPD Officers Fiddler and Palic. I contacted the ACSO jail looking for the keys and I was told [REDACTED] already released the keys to [REDACTED] on June 24, 2023, at 17:40 hours. To access the locked Kia, ACSO vehicle shops employee Luke Lowe (Ada #6173) was able unlock the car. This was done using a block used to create space in the door and a wire used to unlock the car from inside. The alarm sounded after opening the Kia this way, and without the keys or key fob there was no way to turn the alarm off. ACSO vehicle shops supervisor Jade Jones with unplugged the horn to silence it. The lights continued to flash until the vehicle battery was exhausted.

## Narrative Report

RD: 19

DR# 2023-5948

<b>1. Incident Topic</b> CITF		<b>2. Subject/Victim's Name</b>	
<b>3. Address</b> [---PRIVATE---], BOISE		<b>4. Phone</b>	
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File	<b>8. Division</b> PERSON CRIMES

No firearms were located in the Kia. Three knives (pocketknives and a credit card knife) were located within the car inside various bags found in the trunk and one in the center console. The bags in the trunk and backseat contained primarily male clothing and personal items. Of value were several football cards, a pair of red Air Jordan sneakers, and a PlayStation gaming console. Three cellular phones (Apple iPhones) were found in the glove box of the Kia. Two were in an envelope with vehicle registration paperwork and the third was loose in the glove box. I seized these three phones and later applied for a search warrant to have them forensically searched. An envelope with [REDACTED] written on the front and several names and dollar amounts written on the back of the envelope was located in the glove box. Some examples of the names/amounts: "[REDACTED] 400, [REDACTED] - 300, [REDACTED] - 200". This was likely a ledger documenting drug sales.

After the physical search I coordinated with Deputy Koller who has a K9 partner, Scout, trained in drug apprehension. On June 27, 2023, Deputy Koller used Scout to sniff the Kia for any drugs or paraphernalia. Deputy Koller told me Scout did not alert to the presence of narcotics.

The Kia was closed and retained in the secure parking lot of the Ada County Sheriff's Office until disposition. The Kia could not be locked as we did not have the keys.

### Cellular phone forensic search:

I applied for and was granted a search warrant for six (6) cellular devices associated with this case. There were 3 phones found in the Kia, two phones came into the hospital with Wasson upon transport, and one was seized from [REDACTED] person when he was arrested. See attached warrant for phone descriptions and serial numbers.

Cell phone extractions: I was told by FBI examiner Tom Paschal with IWRCFL that three of the phones [REDACTED]

[REDACTED] Item BH-1, a white Apple iPhone collected from Wasson at the hospital was partially extracted, although was still undergoing the process to break the password. The other phones of interest, items RR-1 and BH-2, were still locked and automatically attempting to be unlocked at the forensic lab. The time length for this process to be completed is unknown and would be lengthy, per Tom Paschal.

Payton Wasson's iPhone BFU (partial) extraction:

Item BH-1: Payton Wasson's iPhone was transferred over to FBI digital forensic examiner Tom Paschal at the IWRCFL lab for forensic download. [REDACTED]

I searched through the [REDACTED] extraction report. The device is identified to be model number D27AP, which is found online to correspond with iPhone 14 and iPhone 14 Plus. The Apple ID signed into this phone is: [REDACTED] (see attached .pdf: Preliminary Device Report). [REDACTED] has been identified during this investigation as Wasson's [REDACTED]. She has been in custody in the Ada County jail since 4/27/2023 and remained in custody beyond the date this device was seized. A Snapchat account with a username of [REDACTED] was listed in the user accounts for this phone. This phone was found in Wasson's possession at the time of his apprehension. There were several pictures of Wasson in the download of this phone.

Images were found in this extraction which support the reasonable suspicion that Wasson was involved in drug sales and weapon possession. This confirms the original suspicions Officers Fiddler, Palic, Holland, and Feldner had about Wasson's activity the night of his apprehension. Below is a sample of what was found in the [REDACTED] extraction; other similar images were located for a total of 26 images. See attached .pdf report: Wasson phone images.

***Drug sales/use:***

### Statements:

#### Interview with BPD Officer Martinez:

(Audio recorded) Interview with BPD Corporal Martinez:

On June 28, 2023, I met with BPD Corporal Steve Martinez for an interview. Steve Martinez was a witness officer to the shooting and wrote a report the night of the incident. I contacted him with the intent of finding out more detail about the incident and the events surrounding it. Corporal Martinez was represented by Chad Johnson, an attorney contracted to represent Boise Police Union members. I used a pre-made list of questions for witness officers involved in a CITF incident as my guide for this interview.

#### **Background information:**

1. *Officer's full name, rank, and badge number:* Steven Martinez, Corporal with Boise Police Department, badge #806.
2. *Date of employment, LE experience, assignment, shift, and work hours:* Employed with BPD in 2008, prior experience of 5 years with Nampa Police, shift was [REDACTED].
3. *Regular shift/off duty/OT:* Corporal Martinez was on duty the night of this incident working an overtime shift. He was the AFC (acting field commander) for his team. Corporal Martinez has worked in the capacity as AFC for the last 10 years.
4. *Radio designator:* 3450
5. *Medication, drugs, alcohol:* None
6. *Vehicle unit number:* Unit 064, Ford Explorer marked BPD unit with lights and siren.

## Narrative Report

RD: 19

DR# 2023-5948

<b>1. Incident Topic</b> CITF		<b>2. Subject/Victim's Name</b>	
<b>3. Address</b> [---PRIVATE---], BOISE		<b>4. Phone</b>	
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File	<b>8. Division</b> PERSON CRIMES

7. *Firearms:* .45 caliber Glock pistol, black finish
8. *Dress:* Corporal Martinez was dressed in his uniform which includes a badge, corporal stripes, duty belt, ballistic vest, name tag, with BPD patches.
9. *Shift leading up to event:* Corporal Martinez described it was a fairly busy Friday night: he worked a couple vehicle crashes and contacted a subject on foot who was causing problems. Prior to 0200 hours, Corporal Martinez headed to the downtown area in anticipation of activity due to the amount of people leaving the bars around 0200 hours. He said it is common for the bars to do their last drink service at 0155 hours, and then there is a flood of people coming out of the bars. Sixth and main is a particularly busy area, as well as 8<sup>th</sup> and Idaho. There are a couple bars at the corner of 5<sup>th</sup> and Main.

10. *Narrative of event:*

Corporal Martinez had a recruit rider with him the night of this incident ( [REDACTED] ). He responded to the downtown area around 0200 hours in anticipation of the bars closing. On the radio [REDACTED] he heard chatter from BPD officers on the gang team who were surveilling some subjects, and in response to this he went to the area of 5<sup>th</sup> and Idaho. He heard on the radio the subjects under surveillance were on Main Street walking towards 5<sup>th</sup> Street. He saw the BPD gang units parked on 5<sup>th</sup> and Idaho east of the intersection. He knew Officer Holland and Officer Feldner were together as a two-man (tac) unit. Corporal Martinez parked east of their vehicle on the north side of the road. He continued listening to their radio traffic but was not aware of the plan to contact the subjects, or why, exactly. He assumed the subjects being surveilled were gang members because the BPD units involved in this call are assigned to investigate gang activity. He heard Officer Holland say he had probable cause for a stop of the subject(s), and they were planning to do an ‘open air’ stop, which he described as contacting the subjects while they were on foot, rather than in the car. He heard on [REDACTED] that the two males and one female being surveilled had gotten to their vehicle, and one of the passengers was rifling around inside the vehicle. Corporal Martinez was not in a position to see the vehicle. He then heard the subjects walked from the car to the corner of 5<sup>th</sup> and Idaho, and Officer Holland stated “initiate the stop” on the radio. Officer Holland pulled up to where the subjects were, and Corporal Martinez pulled in

behind him. The officer driving the unit ahead of him (unknown to Martinez which officer it was at that time) stepped out of the vehicle with his gun out of the holster, at which point Corporal Martinez realized the situation was more serious and potentially dangerous than he had previously known. As he was about to exit his car, he saw one of the subjects wearing a white t-shirt start to run south on 5<sup>th</sup> Street and he saw an officer chasing him. He heard Officer Holland say on the radio: "We've got one running with a gun". Corporal Martinez was still in his vehicle and decided to drive ahead of the foot pursuit in an effort to cut off the fleeing suspect. He had to drive against traffic on 5<sup>th</sup> Street to do this, so he was traveling southbound on a one-way street for northbound traffic. He activated his overhead lights and siren and was able to clear traffic to continue southbound. He passed a few cars and looked over where he could see the suspect "sprinting" with a gun in his hand, with an officer running after him trailing by several yards. Corporal Martinez was concerned about the direction the suspect was running because he knew he was headed into a congested area of people, and he hoped to turn the subject's path of travel away from the crowds. Corporal Martinez was able to see it was Officer Chance Feldner chasing the subject and he saw him take a shooter's stance, and then he heard 4 shots. Corporal Martinez was not able to see muzzle flashes and he did not know who fired. After hearing the shots, he saw the suspect fall about 15-20 yards ahead of where Corporal Martinez was, so he continued driving up closer to the scene. He ran over to the suspect to help take him into custody, and when he got closer, he could see a black semi-automatic pistol on the ground near the suspect's right side. Once the suspect was secured, Corporal Martinez began doing his administrative duties as AFC: he announced on the radio that shots had been fired, all officers were okay, and an ambulance was needed. He identified Officer Feldner was the one who had fired shots, so he removed him from the scene as per protocol. He mentioned there were plenty of other officers who responded to the scene and were able to continue life-saving measures and other scene security. AFC Officer Kolos took over the scene and identified Corporal Martinez as an involved officer in the shooting, per the CITF protocol, which means the officer is sequestered and given an escort officer and sent to [REDACTED] for processing. However, on the way to [REDACTED] they learned there was no availability, so they went to Mark Stall Place instead. Corporal Martinez was later told to write his report and was no

longer sequestered and was not processed as an involved officer.

11. *Identify other officers you were aware of at the scene:* Corporal Martinez identified other Boise Police Officers who were on scene at the time of the event or right afterwards as: Officer Holland, Officer Feldner, Officer Echols, Officer Quintana, Officer Kolos, Officer Manchester, and Officer Sell.

12. *Identify what crimes the suspect had committed prior to the use of deadly force:* Corporal Martinez was not directly involved in the stop involving these subjects and was not aware of crimes that may have been committed.

13. *Are you aware of crimes of this nature in the area:* He is aware of more frequent gang activity in the downtown core in the last couple of years. This has resulted in shootings and other serious crime in the area. [REDACTED]

[REDACTED] Corporal Martinez was personally involved in a foot pursuit with a male suspect shooting off rounds in a populated area (also in downtown Boise) last summer in which the suspect surrendered safely. He mentioned there was another night in which they had two shootings in one night.

14. *Did you know the suspect prior to the incident?* Corporal Martinez did not recognize Payton Wasson's name as someone he had ever dealt with.

15. *Identify things that made the officer feel threatened:* Corporal Martinez recognized the danger of a suspect fleeing and being uncooperative while displaying a firearm as a concern for innocents and officers.

16. *Identify thoughts that the officer had about his life, lives of other officers or citizens being in danger:* There were innocent citizens in the area: Several vehicles were parked on 5<sup>th</sup> Street, which he recognized as a common occurrence that patrons of the downtown bars park along the street. He noticed at least two vehicles driving northbound on 5<sup>th</sup> Street who pulled over when Corporal Martinez drove southbound. There were some citizens on foot in

the area of 5<sup>th</sup> and Idaho when this incident began. He did not notice other citizens on the east sidewalk where the foot pursuit took place. A large crowd formed on 5<sup>th</sup> Street immediately after the shooting and they had to be held back by officers.

17. *Did you deliberately or accidentally alter the crime scene?* No.

18. *Describe the lighting and how or if it affected this incident:* Street lights were lit up, making the conditions more favorable than if this was a dark street.

19. *Describe weather conditions and how or if that affected this incident:* No impact, it was a clear night with favorable conditions.

20. *Could the suspect have given up or stopped this incident at any time prior to the use of deadly force?* He knows the suspect could have complied with commands at any time when he was first contacted, or at any time during the foot pursuit. Corporal Martinez was inside his car and could not directly hear any commands that may have been given.

*End of interview.*

Statement from Probation Officer Mikayla Martinez:

See attached.

Statement from Probation Officer Arehart (Interview with [REDACTED]):

I was able to tentatively identify [REDACTED] as the male known as [REDACTED] who was seen in Boise City Hall surveillance video the night of this incident. [REDACTED] was observed that night with two females: [REDACTED] was detained after the shooting and was identified by officers on scene. [REDACTED] were not contacted by police the night of this incident but were identified later. I learned [REDACTED] was on probation with Officer Jared Arehart (District 4). Officer Arehart met with [REDACTED] on July 28, 2023, as part of his normal business. I briefed Officer Arehart about the incident and [REDACTED] possible involvement with suspects Wasson

and [REDACTED] Officer Arehart questioned [REDACTED] and sent me the following narrative of his contact with him:

***Statement from Officer Jared Arehart, District 4 Probation and Parole (via email):***

[REDACTED] reported to the office as instructed. He reported that he relapsed again on Meth and that he is willing to go to Trivium. I asked that he go to Trivium after we meet to speak with them. He said he would head straight there. I let [REDACTED] know that he was not in trouble necessarily, but that I am worried about his associations. I let him know that I am going to be asking him about a situation that happened recently, and I need him to be honest with me about him being there. He said he will be honest. I asked [REDACTED] if he knew [REDACTED]. [REDACTED] reported that he did, but only met him one time. I asked [REDACTED] if he knew [REDACTED] affiliation and he said that he does now but did not prior to meeting him. [REDACTED] reported that his then [REDACTED] and a female by the name [REDACTED] or [REDACTED] said they needed to go downtown Boise, ID to pick up a male named [REDACTED]. He went with them to pick the male up and that's when they met. [REDACTED] reported that [REDACTED] and another male name Payton were there, and he noticed that they were both Northsiders. [REDACTED] reported that [REDACTED] was wearing a red hat and Payton reported that he was also Norteno. I let [REDACTED] know that I have pictures of him, and [REDACTED] and that [REDACTED] was wearing a blue hat. I asked him why he was wearing that hat due to him being a Southside drop-out. He said that he should not have worn it. I then asked him what other business he had downtown, and he said none. I asked him if he bought from [REDACTED] and he said no. I then asked if his then [REDACTED] bought from [REDACTED] and he said no. [REDACTED] reported that shortly before the shooting, Payton was "trippin out and was set checking" so he said he and [REDACTED] left. [REDACTED] said that soon after when they were walking, they heard gunshots. I thanked [REDACTED] for the information and for being honest with me. I let him know that a detective may be getting in touch with him regarding this and he said that was ok. He said he would be very honest about the situation. No other concerns at this time. [AREHART, JARED J - District 4 - Boise - 07/28/2023].

Officer Arehart also told me (during a phone call) [REDACTED] said he was no longer dating [REDACTED] because she was getting into Fentanyl, which he didn't want to be involved with someone using that drug, even though he had relapsed on methamphetamine.

Interview with [REDACTED]:

## Narrative Report

RD: 19

DR# 2023-5948

<b>1. Incident Topic</b> CITF		<b>2. Subject/Victim's Name</b>	
<b>3. Address</b> [---PRIVATE---], BOISE		<b>4. Phone</b>	
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File	<b>8. Division</b> PERSON CRIMES

I made several attempts to interview [REDACTED]: I went to her address in Caldwell (no answer), I left my business card on her door, and I called and text her phone number trying to reach her. I contacted Probation Officer Bohrn, who supervises [REDACTED] and had a meeting set up with her on August 16, 2023, at Officer Bohrn's office in Caldwell. When [REDACTED] arrived, I spoke with her alone in the office. In summary, she told me the following:

(OBV) [REDACTED] confirmed she had been downtown in Boise the night Payton Wasson was shot; she had been with [REDACTED] and [REDACTED]. I showed her the surveillance photo of their group from that night, and she agreed that was her. She said [REDACTED] is a guy she dates on and off, and [REDACTED] is her friend she had been trying to help. She had picked [REDACTED] up somewhere in Nampa earlier in the evening, and then [REDACTED] got a call from [REDACTED] who needed a ride home from downtown Boise. [REDACTED] drove her 2015 black Subaru Legacy and parked in a lot somewhere near 6<sup>th</sup> and Main, possibly south of this intersection. They walked around and eventually found [REDACTED] and Payton Wasson at the ATM machine outside the bar. There was a crowd of people around, which [REDACTED] does not like to be around crowds at all. She described [REDACTED] and Payton were "really pumped up", adding "I'm guessing that's how normal people are when they're drunk." [REDACTED] couldn't say what conversations were had between [REDACTED] Payton, and [REDACTED]. [REDACTED] did not know [REDACTED] and Payton until that night when they met. She said [REDACTED] was really upset after meeting them because he didn't want any problems and just wanted to make friends. I asked if they had met up with [REDACTED] and Payton to purchase drugs and she said no. She said she didn't even have money on her. The blue hat [REDACTED] was wearing belongs to [REDACTED].

[REDACTED] also met Payton and [REDACTED] the night before (6/22/23) when she dropped [REDACTED] off at the Hilton hotel near the Boise Towne Square mall where [REDACTED] had been staying. During this contact she heard Payton talking about trying to find scopes for a gun, so she knows he had a gun but never saw it. She knows they were Northsiders but she knows not to ask any questions about their gang status.

I asked her why they didn't drive [REDACTED] and Payton home as she had explained was the reason she met up with them: she said because they wouldn't come to the car. I wondered why [REDACTED] gave a fake name for [REDACTED] when she was asked ([REDACTED] or [REDACTED]) but [REDACTED] didn't know. I asked if [REDACTED] had been carrying a bag belonging to [REDACTED] that night (in which paraphernalia was later located), and [REDACTED] said absolutely not.

<b>1. Incident Topic</b> CITF		<b>2. Subject/Victim's Name</b>			
<b>3. Address</b> [---PRIVATE---], BOISE			<b>4. Phone</b>		
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File		<b>8. Division</b> PERSON CRIMES	

██████████ had gone to her car to wait for them, and ██████████ was supposed to bring the boys over there, but they never made it. She claimed not to know why ██████████ Payton, and ██████████ had gone back to ██████████ car. I told her they retrieved drugs and a gun from the car: ██████████ said she wasn't aware of this.

██████████ heard the gunshots when she was waiting in her car with ██████████ near the bar. She called ██████████ and ██████████ answered and told her Payton had just been shot. ██████████ asked ██████████ to wait for her. ██████████ moved her car somewhere near St. Lukes Hospital and waited several hours in the car with ██████████ for ██████████ to be released by detectives. She met up with ██████████ near where she had originally parked.

I pressed ██████████ more about what she knew about ██████████ and Payton trafficking drugs, since she claimed to be in the dark about all their activity. I also pressed her about her own drug use. ██████████ started to cry fairly hard and said she was uncomfortable because I was pressuring her. She admitted a very close friend has used her Facebook account to contact ██████████ to try to obtain drugs. She would not be specific about what he sells, claiming she doesn't ask questions of her friends who use around her. ██████████ admitted she uses Fentanyl on occasion. I asked how she and her friends stay safe, and she said they always have Narcan on them.

Interview with ██████████:

I spoke with ██████████, a couple times by phone in an attempt to schedule an interview with her. ██████████ agreed to meet with me at the Ada County Sheriff's Office on July 6, 2023 @9:00 a.m. At 8:30 a.m. the day of our interview ██████████ called and cancelled the interview as she had not yet been able to speak with her attorney and wasn't sure if she should talk to me. I asked her to contact me if she wants to reschedule. I did not hear back from ██████████ after this contact.

### *Video/audio evidence:*

Video Visit ██████████:

On June 25, 2023, ██████████, an inmate in the Ada County Jail, had a video visit with ██████████, using the Viapath Command inmate calling system. ██████████ was ██████████

██████████ was in the hospital during the visit, and she held her phone up to display Payton in the hospital. Payton was not conscious and appeared to be on ██████████ equipment. ██████████ told Payton she loved him, and then shortly after that, ██████████ and ██████████ talked on the visit. ██████████ told ██████████ that Payton had been worried the last time she talked to him (June 22, 2023), stating he was **"so scared something was going to happen to him because he couldn't get his shit together."** She further said Payton had been crying and told her he was so sorry. ██████████ and ██████████ didn't talk more about what that meant. This video is available on the ViaPath Command inmate calling system.

Radio traffic from Ada County Dispatch:

I obtained audio files of radio traffic right before and during this incident. This traffic was on the primary radio traffic and ██████████ attached).

Video obtained:

Boise City Hall cameras: ██████████ with BPD is a Tech Investigator with access to all City Hall cameras and can view and export video. ██████████ contacted me and provided me with video from the night of June 24, 2023, which captures the street view from City Hall during the time of this event. He provided me with this video by bringing a hard drive directly to my office and transferring the files to my computer. There were two files given to me: one titled 'leaving DT' and the other titled 'entering DT'. I uploaded both files into **evidence.com** and tagged the videos with the ACSO DR #2023-005948.

- Video 'entering DT': begins on 6/24/2023 at 01:04 a.m. and is 3 min 40 sec in length. ██████████ and Wasson can be identified and are seen crossing 6th Street towards Dirty Little Roddy's bar and loitering on the sidewalk for a while, and then appear to go into the bar.
- Video 'leaving DT': begins on 6/24/2023 at 2:04 a.m. and is 11 min 27 sec in length. The crowd of citizens on the four corners of the intersection of 6th and Main has grown substantially larger. There are at least six Boise Police Officers visible working foot patrol enforcement in the area. At 0:14 sec into the video, ██████████ Wasson, and ██████████ can be seen at the corner of 6th and Main walking east on Main Street on the south side of the road. At 7:59 into the video, several officers start responding to the shooting incident by running to the location. Several citizens can be seen fleeing the area on Main St heading westbound from

5th street. Other citizens appear to follow the officers towards the area of the emergency.

On July 24, 2023, I met with [REDACTED] a second time and he provided me with more video he was able to obtain from the cameras at Dirty Little Roddy's and Strange Love from the night of June 24, 2023, which showed [REDACTED] and Wasson inside and outside the bar prior to the shooting. [REDACTED] provided me with a copy of his written report with more details about how he obtained this video and what it contained (see attached). This report was written under a different DR number (**BPD 23-310275**) as it is also related to an investigation of [REDACTED] involving [REDACTED]. See [REDACTED] report attached.

- Video '2 ATM' and 'front of Strang Love': These videos are from the bars Dirty Little Roddy's and Strange Love. Wasson and [REDACTED] can be seen using the ATM outside the bar: [REDACTED] is using the machine and Wasson is standing back to back with him watching the crowd. [REDACTED] approaches Wasson with another female (WFA black hat on backwards, wearing camo print dress, heavy-set) and male (darker skinned MA wearing a blue hat, white t-shirt 'Blood in Blood Out' printed on the back, gold neckchain, thin goatee, dark pants or jeans.) They all walk off together after [REDACTED] finishes using the ATM. They are later seen on the 'front of Strang Love' video together. The two unknown subjects were later identified as [REDACTED].

These 21 additional videos were given to me by [REDACTED] by transferring them to my desktop from his portable hard drive, and I uploaded them to **evidence.com** and tagged the videos with **ACSO DR #2023-005948**.

Review of video obtained by ISP investigators:

I reviewed video clips obtained by ISP Officer Millar during an area canvas. There were videos from a Ring camera at the Lumos Optical which shows the parking lot where [REDACTED] parked his black Kia. A clip titled **MAFI6977** displays the date 6/24/2023 with time stamp of 2:10 MDT shows [REDACTED] and Wasson standing outside the passenger side of the Kia with the front passenger door open. [REDACTED] emerges from the driver's side towards the end of the video. Wasson is wearing a white t-shirt and brown pants. He puts a Louis Vuitton backpack on his back using the shoulder straps. Wasson opens the door to the rear seat and stands in the doorway with his back to the camera. He looks to be putting something in his waistband. He

<b>3. Address</b> [---PRIVATE---], BOISE			<b>4. Phone</b>		
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File		<b>8. Division</b> PERSON CRIMES	

continues to lean into the cabin area of the car in the back and the front seats. When he walks away from the car, he is holding a rolled up grey sweatshirt. He walks away from [REDACTED] and [REDACTED] distancing himself from them, and then waits in the parking lot. [REDACTED] is on the phone. The clip does not capture the officer's contact with the trio or the foot pursuit. The next clip begins at 2:13:52 (appears to be motion activated) and shows three Boise PD officers approaching the Kia and looking inside (clearing it). This is after the shooting, which occurred at approximately 2:12 a.m.

I reviewed an AXON audio clip of ISP Detective Millar and Detective Weinstein's interview with [REDACTED]. This audio file is unintelligible (sounds as if the recording was slowed down significantly) and cannot be reviewed. I spoke with Detective Millar who said they had already been in contact with AXON trying to remedy the audio of this recording, but any efforts to change this audio were unsuccessful.

Latent print evidence:

I submitted a request for several items to be examined for latent prints in this case: items SG-1 (.45 caliber round), SG-12b (11 .45 caliber Winchester rounds), SG-2 (Glock magazine containing 8 rounds), SG-3 (.45 caliber Winchester round), and SG-9 (Glock 21 firearm). I received a report for processing done by forensic scientist Herink advising no sufficient ridge detail for comparison was found on any of the items. The Glock and magazine were also swabbed for DNA testing, which has not been completed.

Ada County Coroner's Office findings:

Case is still open/pending with ACCO.

**Narrative**

Narrative:

On June 24, 2023, around 0654 hours, I was asked to assist deputies with towing a vehicle involved in this case. I responded to N 5<sup>th</sup> St and W Idaho St, Boise, Idaho and called for Rocky Mountain Towing. The vehicle I was asked to tow was a black 2018 Kia Forte bearing Idaho plate of [REDACTED].

At 0830 hours, Rocky Mountain Towing arrived on scene and began to take possession of the vehicle. While waiting on the tow driver, a citizen came out of a building and into the crime scene area. The citizen was identified as [REDACTED] and stated he lived in the apartment building where the incident took place. [REDACTED] stated the apartment building's address was [REDACTED], Boise, Idaho. [REDACTED] told me he had heard some loud shots but didn't realize how close the incident was to his apartment building. [REDACTED] agreed to go back into his apartment building and stay out of the scene until officers cleared the area.

Once Rocky Mountain Towing had possession of the Kia Forte, I followed them to Ada County Sheriff's Office located at 7200 Barrister Drive, Boise, Idaho. The Kia Forte was parked in a secured area which I photographed and noted the evidence tape on the vehicle still intact. I later uploaded these photographs to this report.

<b>Narrative</b>
------------------

On 6/24/23 at 2:33 am, I received a text alert and an email from Lt. Brent Klimke stating officers with the Boise Police Department were involved in a shooting. The Critical Incident Task Force (CITF) was activated to conduct the investigation. The lead investigating agency was the Ada County Sheriff's Office. The email stated to wait for assignment.

At 2:48 am, I received a phone call from Sgt. Bill Weires. Sgt. Weires asked me to respond to the Boise Police Department to assist with First Contact duties.

At about 3:15 am, I arrived at the Boise Police Department, 333 N Mark Stall Place. After a short while, Boise Police Detective Paul Jagosh let me inside the building. I received a briefing and learned that Boise Police Officer Chance Feldner was involved as a shooter, and Boise Police Corporal Brian Holland was an involved witness. Sgt. Weires instructed me to seize Officer Feldner's uniform and duty belt. I was asked to photograph and do a round count on Corporal Holland.

At 4:00 am, Detective Jagosh and I met with Corporal Holland in a CID conference room at the Boise Police Department. I took overall photographs of Corporal Holland while he was in uniform with his duty belt and equipment. Corporal Holland pointed out some possible blood on the front left leg of his uniform pants, possible biological matter at the bottom of the front right pant leg, and possible blood on his left boot. I took closeup photos of those areas with and without a scale. At 4:10 am, I took possession of Corporal Holland's pants and boots. The items were placed in three separate paper bags. I took possession of Corporal Holland's duty belt to do a round count. Detective Jagosh unloaded the firearm, and I took photographs. We found there were 14 rounds in the firearm, which included 13 in the magazine and 1 in the chamber. The two spare magazines had 13 rounds each. Corporal Holland's firearm was a Glock model 21, .45 caliber pistol, serial # TET761. Each magazine had a round capacity of 13 rounds. I returned the duty belt, firearm, and magazines to Corporal Holland. Detective Jagosh took possession of Corporal Holland's on-body video camera. I stored the three bags of evidence in the trunk of my vehicle.

At 4:30 am, Detective Jagosh and I met with Officer Christopher "Chance" Feldner in the Clearwater conference room at the Boise Police Department. Officer Feldner stated that he had blood on his left hand. I photographed his hand so that he could wash his hands. Meridian Police Detectives Craig Fawley and Isaiah Wear arrived to assist. Detective Fawley took overall photographs of Officer Feldner while he was in uniform with his duty belt and equipment. After photos were taken, Detective Jagosh took possession of Officer Feldner's on-body video camera. At 4:40 am, I took possession of Officer Feldner's duty belt and placed it in a box. I also took possession of his uniform pants, shirt, and boots. I did not take possession of his internal vest. Detective Fawley and I carried the seized items to my vehicle. I transported those items to the Ada County Sheriff's Office, 7200 Barrister Dr.

At about 5:00 am, we arrived at the Ada County Sheriff's Office. Detective Wear assisted with carrying the seized items inside the Sheriff's Office. Detectives Fawley and Wear remained with the evidence as I gathered supplies that we needed to process the evidence, such as boxes, envelopes, and butcher paper. Detective Fawley took photographs of all the items. Detective Wear assisted with laying out each item, and packaging. Detective Neil Daigle completed the property invoices. Corporal Holland's boots were placed in a box, and his pants were placed in a paper bag. I taped those packages closed and initialed the evidence seals. I learned from Detective Fawley and Wear that Officer Feldner's round count was 14 rounds in his duty firearm, which included 13 rounds in the magazine and 1 in the chamber. Officer Feldner carried a Glock 17, which had a full capacity of 18 rounds, 17 in the magazine and 1 in the chamber. We concluded that Officer Feldner fired 4 rounds if he loaded his firearm to its full capacity.

I was scheduled for an overtime shift at 7:00 am. At 5:50 am, I transferred custody of all items from myself to Detective Daigle. Detective Daigle planned to close and seal the items seized from Officer Feldner.

On 6/27/23, I transferred the photos from my iPhone to my computer and uploaded them to ITS.

<b>Narrative</b>
------------------

Narrative:

On 06/24/2023 at about 0256 hours, I received a call from Sergeant B. Weires. At the time I received the call I was the on-call detective for the Ada County Sheriff's Office (ACSO) property crimes unit. I was informed there had been an officer involved shooting involving a Boise Police Department (BPD) Officer and to respond to the ACSO for assignment.

At about 0330 hours I arrived at the ACSO. From there I was asked to respond to the Saint Alphonsus Regional Medical Center located at 1055 N Curtis Rd, in Boise, where the subject involved in the shooting had been taken to. I arrived at that location at about 0344 hours.

I was directed to Emergency Room #23 by hospital staff. At that location I met with BPD Detective T. Krueger, BPD Officer A. Echols, and BPD Officer N. Quintana. I was briefed on the incident and told Officer Echols and Officer Quintana had arrived on scene of the shooting (5th St and Main St in Boise, ID) just moments after it occurred and began rendering aid to the unidentified subject. That subject had been transported by ambulance to the Saint Alphonsus Regional Medical Center and was the subject currently in room #23. The subject was later identified by his tattoos through Ada County Jail records as Payton H. Wasson [REDACTED].

I inquired about the Payton's belongings brought with him to the hospital. I was told the Payton had two cellular phones with him. One phone being a white Apple iPhone, which appeared to belong to Payton due to a photo of Payton being on the lock screen. The second phone, a black Apple iPhone, was believed to belong to a second subject with Payton moments before the shooting occurred, [REDACTED]. With [REDACTED] phone was [REDACTED] Idaho ID card.

Officer Echols told me the clothes Payton was wearing had been bagged by hospital staff and placed in room #23 with Payton. Among the contents of the bags was a small piece of foil with black burnt residue and a small melted plastic tube. Officer Echols told me he had collected those items from Payton and placed them into a small urine collection bottle, which Officer Echols placed in the bag with Payton's clothes. When I later located this urine collection container and inspected the contents before booking into the Ada County Property and Evidence room, I recognized the foil and tube as items I know from my training and experience to be drug paraphernalia items consistent with the use of illicit drugs.

While at the hospital and during the time Payton’s identity was unknown. Several means to attempt to identify Payton were utilized. Ultimately Payton was identified by Ada County Jail Staff by the “PW” on Payton’s right ankle. Once the Jail was able to provide the Identity of Payton, the tattoos on Payton’s chest, left ankle, and the back of his head (within hairline) were also matched to Payton’s previous Ada County Jail booking photos.

I spoke to hospital staff regarding Paton’s injuries. I was told he sustained one visible injury, which consisted of one apparent bullet entry wound to the top left side of Payton’s skull. There was no apparent bullet exit wound. Additionally, due to the severity of Payton’s injuries hospital staff did not believe Payton was going to survive much longer. BPD Officer Kane relieved Officer Quintana and Echols. Officer Kane remained with Payton who was eventually transferred to the ICU of Saint Alphonsus.

At about 0600 hours I left the hospital and transported the two cellular phones, [REDACTED] ID, Payton’s clothing and personal effects (wallet with nothing inside, silver chain necklace), and urine collection container (with paraphernalia inside) to the Ada County Sheriff’s Office Property and Evidence where they were booked. A red Bic lighter was removed from the contents and discarded due to its potential flammable hazard.

On 6/25/2023 I was notified by Sergeant Weires that Payton had died today while at the hospital. I was told the Ada County Coroner's Office would be performing the autopsy on the morning of 6/26/2023.

On 6/26/2023 at about 0730 hours I arrived at the Ada County Coroner’s Office to observe the autopsy performed by Dr C. Mancini and collect evidence. Dr. Mancini recovered [REDACTED]

[REDACTED] was collected from Ada County Coroner's Office employee Collin Lapp and taken to the Ada County Sheriff’s Office Property and Evidence room where it was booked as evidence. While booking the recovered bullet, I obtained the previously booked Apple iPhones, which were still in airplane mode, and repackaged them into faraday bags.

**Narrative**

Follow-up Summary with [REDACTED]:

On June 26, 2023, Ada County Sheriff's Office Detective Cherie Tucker asked for my assistance with interviewing [REDACTED] regarding this case (DR 2023 – 5948). I was informed the suspect, Payton Wasson, had a gun in his hand while running past [REDACTED] in downtown Boise. [REDACTED] was already interviewed by Boise Police Officer D. Lee. The Boise report stated [REDACTED] spoke Spanish. Detective Tucker knew that I spoke Spanish, and wanted me to interview [REDACTED] again. Detective Tucker sent me a photo of [REDACTED] identification card. I obtained [REDACTED] phone number from a copy of the Boise report.

I telephoned [REDACTED] on 6/28/2023 around 0925 hours, and our phone call was audio recorded. An English-speaking male answered the phone. I asked to speak with [REDACTED] and the male asked who I was. I introduced myself as a detective with Ada County Sheriff's Office. He told me that [REDACTED] doesn't speak English, so I let him know that I speak Spanish. I told the male that [REDACTED] was a witness to something, and I wanted to speak with him. The male let [REDACTED] know that I wanted to speak with him. [REDACTED] said the person who answered was his co-worker, [REDACTED]. I told [REDACTED] that I wanted to talk with him about what happened this past weekend. [REDACTED] acknowledged that he remembered what happened.

I asked [REDACTED] if he recorded the incident, he said no. [REDACTED] said he thought the kid was going to hit him, so he prepared to defend himself. [REDACTED] stated he then went into shock from what he heard and didn't see anything else. I asked [REDACTED] what he was thinking when he saw the guy running in his direction. [REDACTED] thought he was going to get hit, but he didn't know the guy. I asked how he felt. [REDACTED] said he felt scared because he didn't know him. I asked if he felt threatened, he said no, he was only scared. I asked if he'd seen that person before, he said no. I asked if he remembered the names of the bars he entered that night. [REDACTED] said that was his first time down there and he couldn't remember the names, but they

were around where they sold tacos outside. I asked if he was in the bar named Strange Love. [REDACTED] said yes, he drank a couple of beers inside there.

I told [REDACTED] that in the police video it looked like he intended to grab him. [REDACTED] said yes, he thought the guy was going to hit him, so he thought about defending himself. I asked if he saw that man with a gun, he said no. [REDACTED] didn't see a gun, and was only scared because he thought the man was going to hit him. I asked if any of his friends saw anything, he said no. I asked why he changed his mind about grabbing him. At first he thought about defending himself, but then he was scared, and that's why he didn't grab him. [REDACTED] said that was the first time he'd seen something like that. He became nervous and scared. [REDACTED] verified his date-of-birth as [REDACTED]. His home address was the same as the one listed on his [REDACTED].

[REDACTED] asked if this was going to affect him at all. I said no, he was only a witness. I asked [REDACTED] if I could call him back if I had any more questions, he said yes. I thanked [REDACTED] for his time, and our phone call ended. I phoned [REDACTED] again a few minutes later because I forgot to ask him about specific names. Our second phone call was also audio recorded. I asked [REDACTED] if he knew anyone by the names of [REDACTED] or Payton Wasson. [REDACTED] said he didn't know anyone by those names. [REDACTED] stated he was alone downtown, and was walking alone at that time. I asked if he was there with a friend, he said no. I verified his first name was [REDACTED]. I asked if his coworkers were there that night with him. [REDACTED] said he was by himself. I thanked [REDACTED] again, and our phone call ended.

**Narrative**

On 6/26/23, I received an email from Detective Cherie Tucker. Detective Tucker asked me to submit a firearms trace on a Glock 21 pistol, .45 caliber, serial number SHD091. The firearm was in the possession of Payton H Wasson.

On 6/27/23, I submitted the trace request to the ATF website, trace ID number T20230329635.

On 6/28/23, I received an email from the ATF stating the trace was complete. I downloaded a PDF document with the trace details. The following information was provided.

Firearm Information	
<i>Manufacturer</i>	Glock GMBH
<i>Caliber / Model</i>	.45 caliber / model 21
<i>Type</i>	Pistol
<i>Serial #</i>	SHD091

Purchaser Information	
<i>Name</i>	
<i>DOB</i>	
<i>OLN</i>	
<i>Address</i>	
<i>Purchase Date</i>	

Dealer Information	
<i>Store</i>	
<i>Address</i>	
<i>Phone</i>	

I emailed Detective Tucker a copy of the trace information. I attached the PDF to ITS.

<b>Narrative</b>
------------------

**SUPPLEMENTAL:**

On Monday, June 26, 2023, I assisted Ada County Crime Scene Investigator (CSI) Guess with the search of a small backpack that Payton was wearing, at the time of this incident. It should be noted that, as Payton had subsequently died, there was no longer an expectation of privacy and therefore, no search warrant was required to inspect it.

At 1400 hours, I met with CSI Guess, at the Ada County Property Room. CSI Guess had the bag in her possession, still in its sealed package – she'd previously removed it from evidence storage, for the search. When I arrived, CSI Guess opened the evidence storage bag, removed the backpack, and photographed its exterior (see her supplement for further).

After documenting the exterior of the bag, CSI Guess opened it, and we inspected its contents. CSI Guess noted and photographed all of the contents of the bag. For reference, the following is a list of items found inside:

- (1) One small red floral bag, inside of which was:
  - One blue plastic bag (17.8g package weight), containing suspected methamphetamine. Field tested, with a presumptive positive result.
  - One small clear/white plastic bag (7.9g package weight), containing suspected methamphetamine. Field tested, with a presumptive positive result.
- (4) Four individual doses (nasal canisters) of Narcan (naloxone) – a medicine used to rapidly reverse the effects of an opioid overdose.
- (1) One portable digital scale, with white residue (consistent with methamphetamine).
- (1) One clear glass smoking pipe, with white residue (consistent with methamphetamine), inside black zippered pouch.
- (1) One plastic glove, tied on itself, containing 11 rounds of .45 ACP ammunition – consistent with what was found on scene, in Payton's possession.
  - As the item appeared to be tied in a glove, it was left in that condition.
- (1) One bag of Swedish Fish gummy candies.

**Narrative**

**SUPPLEMENTAL:**

On Saturday, June 24, 2023, after completing my assigned CITF duties at BPD, I responded to the Ada County Sheriff's Office, to assist Detective Buie, as part of the first contact team. I helped to with the cataloging and booking of evidence that was collected from Officers Feldner and Holland, related to this incident.

Due to another duty conflict that arose for Detective Buie, digital photographs were transferred to my custody, which were taken by the CITF first contact team. Those photographs were not only of the collected evidence (from Officer's Feldner and Holland), but also of Officer Feldner, prior to the collection of said evidence.

As such, I'm writing this supplement to attach photographs and associated property invoices.

No further.

<b>Narrative</b>	
------------------	--

**SUPPLEMENTAL:**

On Saturday, June 24, 2023, at approximately 0241 hours, I was activated as an investigator for the Ada County Critical Incident Task Force (CITF). Per Detective Sergeant Weires, I was tasked with responding to the Boise Police Department (BPD – 333 N. Mark Stall Pl.), to assist BPD detectives in speaking with persons who witnessed and/or may have contributed to the events that led up to a shooting, which involved members of their department.

Per the initial information conveyed, three subjects were approached and detained, by BPD officers, near 5<sup>th</sup> & Main Streets, in downtown Boise. One of those subjects ran from police, produced a firearm, and was subsequently shot. Another of those subjects was being interviewed elsewhere, and I was to meet with BPD detectives and conduct an interview on the third subject, [REDACTED]. As details were still emerging, I had no further information. As such, readied myself, logged on to the active-duty roster, and responded to BPD.

It should be noted that the following accounts are synopses of the recorded interviews I conducted during this investigation. They contain information pertinent to this case, but are neither intended, nor put forth as complete transcriptions. See attached audio files for complete content.

[REDACTED] :

When I arrived at BPD, I was escorted to a holding/interview area, where I later met with BPD Detective Roath. Together, we met with [REDACTED]. Per the direction of Detective Sergeant Weires, I was to assist in a minimal capacity and let Detective Roath lead the interview, as it related more directly to the related criminal investigation that BPD was conducting. My purpose was simply to ensure that any witness statements [REDACTED] might give were collected and appropriately documented.

As such, Detective Roath began by introducing us and explaining that we wanted to understand the incident in its totality, from [REDACTED] perspective. After Detective Roath read his Constitutional 'Miranda' admonition, [REDACTED] indicated he understood his rights, by nodding his head in the affirmative. It should be noted that, during the entire interview, [REDACTED] had a visibly difficult time staying awake and was almost completely unable to sit upright. Essentially, his behaviors were consistent with what I know of someone

what is likely under the influence of an intoxicating substance.

Ultimately, [REDACTED] shared no information with us about the incident. Over the course of our time with him, both Detective Roath and I asked if he could tell us the name of the man who was shot, as his identity wasn't known to us at that time. [REDACTED] refused to do so, essentially stonewalling; saying that we knew the man's name, and that he only knew his friend as "[REDACTED]" which appeared to be a street moniker. The man in question was later identified as Payton Wasson – by Ada County Jail deputies, based on their tattoo database.

After several minutes with [REDACTED] it was clear that he would be of no help. As such, Detective Roath and I excused ourselves, left the interview room and focused our efforts on our other respective functions, in this case.

[REDACTED]:

My next assigned task was to speak with a civilian rider, who was on scene and witnessed the incident, that night. As such, I met with [REDACTED], in one of BPD's soft interview rooms. Also in the room was a BPD detective and a uniformed patrol officer.

After introducing myself and ensuring [REDACTED] didn't need anything, I confirmed that she was in the process of applying for a position with BPD, which was the reason for her ride-along that night. I also confirmed that [REDACTED] was riding with BPD Officer Steve Martinez, whom she said was the Acting Field Commander (AFC) for his shift (graves), that night. I further explained my purpose for speaking with her, as part of the CITF investigation.

At that, I asked [REDACTED] if she could walk me through everything she saw, heard, etc..., related to this incident. She began by explaining that Officer Martinez was patrolling in the downtown area, and they heard radio traffic about a suspicious vehicle in the general area, for which probable cause (for the commission of a crime) had been developed. She didn't remember what the probable cause was for specifically, and later said they heard the radio traffic a short while after the car had been put under surveillance.

Being in the general area of where the vehicle was located (W. Idaho St. and N. 5<sup>th</sup>, Officer Martinez drove to the specific area, in an effort to monitor/assist the primary units. When he began to pull into a parking lot, officers who were watching directed Officer Martinez to change position, as he was too near the vehicle. [REDACTED] noted that other officers described watching two men and one woman, related to that vehicle. She said the subjects were seen, shortly thereafter, walking east on W. Idaho St., toward N. 5<sup>th</sup> St.

At that, [REDACTED] said Officer Martinez drove to a nearby alley to the north and positioned his vehicle (see

scene diagram below), so he could monitor the incident and respond quickly, if needed. [REDACTED] said it sounded like other officers were more focused on the two men (one white and one Hispanic), who had been seen doing something with a backpack. She heard radio traffic saying something to the effect of, if the men walked away from the vehicle, officers would move in and make contact with them. [REDACTED] also said the people were all loitering around the vehicle; adding that Officer Martinez began to explain the general process of what officers were doing, in terms of monitoring their activity, why, etc...(though she didn't remember enough to elaborate).

As Officer Martinez explained that process, [REDACTED] said she heard radio traffic saying the people were walking away from the car, so officers moved in, initiating contact. Officer Martinez pulled out of the alley, and drove south on N. 5<sup>th</sup> St., toward W. Idaho St. [REDACTED] said that, when Officer Martinez arrived at N. 5<sup>th</sup> St., she saw one of the men and the woman sitting/kneeling on the sidewalk, being detained by an officer, who had his duty weapon drawn.

She said the second man, who was wearing a white shirt, began to back away from the other two and, very shortly after that, ran down the street. [REDACTED] heard radio traffic updating that the man was running, and that he had a gun, which she later saw (see below) and said appeared to have been in his right hand. When I later asked her to describe the gun, [REDACTED] said it looked like a black, Glock-style semi-automatic handgun.

[REDACTED] explained that, when the man began to run, Officer Martinez was still driving south, on N. 5<sup>th</sup> St. She estimated that she and Officer Martinez were roughly 1/2 - 3/4 of the way up the first portion of the block (almost to the alley between W. Idaho St. and Main St.), when she heard the report of Officer Feldner's shots being fired.

By the time they made it to Officer Feldner (prior to which her vision was blocked), Payton was lying on the ground. [REDACTED] noted seeing his gun lying on the sidewalk next to him, at a distance she estimated about a foot away from his right hand. At that, Officer Martinez stopped his car, got out ([REDACTED] remained inside), and assisted Officer Feldner with putting Payton in handcuffs, while life-saving measures were provided for Payton.

When I asked more specifically, [REDACTED] explained that she saw Payton fall forward (holding the gun as he did) but didn't see any other portion of the incident. She heard the sound of the gunshots just before her line of sight cleared and she saw the end of the incident – noting it happened very quickly. [REDACTED] said, based on her observations, it appeared Officer Feldner's rounds likely struck Payton in his left shoulder and head. She didn't see Officer Feldner fire, based on her obstructed line of sight. To summarize, [REDACTED] heard the report of Officer Feldner's weapon being fired, as she and Officer Martinez drove toward him, but she only saw the point at which Payton fell to the ground, and afterward.

Circling back, I asked [REDACTED] to describe what she remembered about Payton's gun. After saying it looked like a black, Glock-style semi-automatic handgun, [REDACTED] described how Payton fell. She said he fell onto

his stomach, with his arms somewhat outstretched. Essentially, Payton didn't appear to put his arms out to stop his fall.

At that point, I asked about what specifically [REDACTED] remembered hearing about the probable cause being established on the car. She noted that the broadcast she heard didn't specifically say what the probable cause was for; adding that Officer Martinez picked up on the call and began listening in, after it had been underway for a short while. [REDACTED] said that, before they arrived on scene, Officer Martinez essentially only knew other officers had developed probable cause on the vehicle, the location and description of the vehicle, and the information about the aforementioned three subjects.

She said that, since Officer Martinez was the AFC for that shift, he was going to withdraw a bit, to monitor the call. Regarding the location of where they pulled back, [REDACTED] thought it was more towards the N. 4<sup>th</sup> St. side of the incident. She described being next to a fourplex apartment building and a nondescript business. During a brief follow-up phone call, I clarified the exact location she remembered (see below), which was an alley just north of W. Idaho St., to the east of N. 5<sup>th</sup> St.

At that, I asked if there was anything [REDACTED] could think of, which I hadn't asked or we hadn't discussed, that she thought might be important. She said there wasn't. Ensuring my understanding was correct, I paraphrased what [REDACTED] had conveyed, during our conversation. She assured that I'd understood her statement correctly.

At that, I asked [REDACTED] to tell me what happened after she saw Payton fall. She explained that she saw a lot of bystanders move fairly quickly to the area, as officers and Emergency Medical Services (EMS) arrived and took control of the scene. [REDACTED] described the overall feeling as generally being able to witness the chaos that was downtown Boise. From that point [REDACTED] observed the actions of officers, EMS, and CITF personnel, until Officer Martinez came back to the car and informed her of their next duties. Then, she described the general process of finding a place for officers to be sequestered, before being brought to BPD offices, to speak with me.

As I had no other questions for [REDACTED] I asked if she needed anything from us. She said she didn't. I also explained that if I had any further questions, I'd contact her, and that if BPD had no further business with her (which they would confirm), she would likely be excused. At that, I thanked [REDACTED] for her time and ended our conversation.

## SCENE - OVERALL:

Below is the overall scene area, as [REDACTED] described.

<b>Narrative</b>
------------------

Narrative:

On 06/24/2023 at approximately 0400 hours, I received a call from Sergeant Weires. I was informed there had been an officer involved shooting involving a Boise Police Department (BPD) Officer and that the Ada County Sheriff's Office (ACSO) would be the lead agency on the Critical Incident Task Force (CITF) investigation. I am a Major Crimes Detective in the Criminal Investigations Division (CID) at the ACSO. Sergeant Weires asked me to respond to the ACSO where the command post was located and assist in the investigation.

After arriving to the ACSO I was briefed and asked to respond to the scene located near the intersection of N 5<sup>th</sup> Street and W Main Street in Boise, Idaho. My assignment was to meet with Detective Pacheco, who was already on scene, to assist with any of his needs and take aerial photos with a drone.

I arrived at the scene at approximately 0506 hours and checked in with a BPD Officer keeping the Crime Scene Log. I met up with Detective Pacheco and he briefed me on the scene and identified all the important areas to capture with aerial photographs. Due to the time of day, it was still dark when I arrived on scene. I elected to wait until daylight to take photos.

At approximately 0609 hours, I started taking aerial photographs of the scene, which started in a parking lot near the intersection of W Idaho Street and N 5<sup>th</sup> Street and ended on the northeast corner of the intersection of N 5<sup>th</sup> Street and W Main Street. I took multiple aerial photographs of the entire scene and one video, documenting the entire scene. It should be noted, the drone used for the photographs and video, takes both color and thermal images automatically so for every photograph and video, there is one color and one thermal. I have added the photographs to this this report as attachments and downloaded the video's to Evidence.com.

After I finished taking aerial photographs, I was asked to tape the doors of a vehicle that was going to be towed from the scene to a secure location. The vehicle was a black four-door sedan. The doors, hood and trunk were all closed when I arrived on scene, and I did not witness any of them being opened while I was on scene. At approximately 0650 hours, I placed evidence tape on all the doors, the hood, and the trunk. I signed and dated each piece of tape and CSI Guess took photographs after I was done.

**Narrative**

On June 24, 2023 at 0348hrs, I was contacted by Sergeant C. Able of the Collision Reconstruction Unit (CRU) that I was to respond to the intersection of N. 5th Street and W. Main Street in Boise, Ada County, Idaho as part of the "Critical Incident Task Force" (CITF). I was informed the Boise Police Department had been involved in an "officer involved shooting" and the Ada County Sheriff's Office was the lead investigator. My instructions were to forensically map the incident scene with a Leica BLK360 3D Scanner. I am a Collision Reconstructionist with the Ada County Sheriff's Office and have experience using the BLK360 to document crime scenes.

The BLK360 takes high-definition photographs and uses an infrared laser to measure distances. Each scan taken by the BLK360 can later be linked together providing an accurate representation of the scene. The BLK360 is autonomous whereas the device automatically takes measurements and photographs.

At 0446hrs, I arrived at the location and was briefed by Ada County Sheriff's Office Detective Pacheco. Detective Pacheco guided me through the scene which extended from the intersection of N. 5th Street and W. Idaho Street, south to the intersection of N. 5th Street and Main Street. The Leica BLK360 is best used during daylight hours, thus I waited until adequate light was available.

Once the scene was illuminated, I performed 29 scans of the scene, beginning at a vehicle located in a parking lot on the southeastern corner of N. 5th Street and W. Idaho Street. At 1003hrs, I secured the BLK360 in my vehicle and left the scene.

On June 27, 2023, I aligned the scans using Leica Cyclone 360 software. The "Registration Report" which details the accuracy and final product were placed on a USB drive and submitted to the Ada County Property/Evidence Room.

**ADDITIONAL INFORMATION:**

Two scans were conducted on the southeastern corner of the intersection of N. 5th Street and W. Main Street where a bullet was discovered. These scans were unable to be processed due to a software error.

**Narrative**

On 6/28/23, Detective Tucker asked me to follow up on the ATF trace results for the Glock 21, which has been in the possession of Payton Wasson. I was asked to contact the last known purchaser of the Glock and ask what he did with the firearm.

The last known purchaser, according to the ATF trace, was [REDACTED], [REDACTED]. I searched [REDACTED]. I located a phone number of [REDACTED].

On 6/29/23, I called [REDACTED] and asked him if he remembered the purchase of the Glock 21. [REDACTED] did remember it and told me he kept the gun for two years, and then sold it. [REDACTED] believed he sold it on the website, northwestfirearms.com, which he described as the "Craigslis[t]" for firearms. [REDACTED] said he would log into his online account and find who he sold the pistol to. [REDACTED] said he would call me back with the information.

On 6/29/23, [REDACTED] called and provided me his login information for northwestfirearms.com. His username was [REDACTED] and his password was [REDACTED]. [REDACTED] also provided his email address [REDACTED]. With [REDACTED] permission, I logged into the website. [REDACTED] directed me to the inbox where I found a subject of "gen 4 glock 21". There was a message thread between [REDACTED] and a user identified as [REDACTED].

██████████ ██████████ told me they met at a gun store where the background checks were completed, and they traded guns. In the message thread, ██████████ provided his phone number of ██████████

On 6/29/23, I called the number provided for ██████████ and spoke with ██████████, ██████████ I asked about the Glock 21 pistol. ██████████ said he sold or traded that gun a couple years after he got it. ██████████ thought it was a few years ago, but he could not remember more details. ██████████ said he traded or sold the gun through Sunset Firearms in Wilsonville, Oregon. ██████████ thought he likely traded the gun for something else. ██████████ believed Sunset Firearms would have a record of that transaction.

On 6/29/23, I called Sunset Firearms at (503) 793-4145. The owner, ██████████, answered the phone. I provided ██████████ the firearm information and ██████████ name. ██████████ said he would look through his files and attempt to find who the gun was transferred to. I emailed my contact information to him at sunsetfirearms@gmail.com.

On 6/29/23, I received a voice message from ██████████ stated that he found a record of the transfer. ██████████ was the buyer of the firearm and ██████████ was the seller. ██████████ brought the firearm, serial # SHD091, and private party transferred it to ██████████ on 5/22/18. ██████████ also emailed the same information.

On 6/30/23, I emailed ██████████ and advised him that I spoke with ██████████ about the transfer they did on 5/22/18. I told ██████████ that ██████████ believed he transferred that same firearm to someone else a couple years later. ██████████ responded later stating the firearm was not transferred a second time through his store. The only time that was in his books was the transaction between ██████████.

On 6/30/23, I called ██████████ again. I told ██████████ that the second firearm transfer did not occur at Sunset Firearms. ██████████ said it would have been at one of three other places, but he could not remember which one. ██████████ said he would have gone to Tigard Pawn 4 More, A Cut Above Pawn, or Cabela's in Tualatin.

On 6/30/23, I emailed the Oregon State Police at osp.firearms@osp.oregon.gov to request information for the last owner of the Glock 21. I did not receive a call back.

On 7/5/23, I called the Oregon State Police at (503) 585-6245. I was on hold for over 30 minutes and disconnected without getting any help.

On 7/5/23, I emailed several contacts I had with the Oregon State Police. I asked for a direct contact with the Oregon State Police that could help me with my question(s). I received a response from an evidence tech with the Oregon State Police. I was told the Oregon transfer law assured disqualified people

were not able to receive firearms; however, the transfer information was not reported to the ATF or the State of Oregon.

On 7/5/23, I called the Tigard Pawn 4 More at (503) 624-7800 and spoke with [REDACTED] [REDACTED] searched [REDACTED] name in his database and did not find a record of a transfer. He did find records of purchases by [REDACTED], but nothing involving the Glock 21.

On 7/5/23, I called A Cut Above Pawn at (503) 277-2274 and spoke with [REDACTED] [REDACTED] was able to search his database for [REDACTED] name and did not locate a record of a transfer. [REDACTED] also did not sell the firearm to their store.

On 7/5/23, I spoke with [REDACTED] again. I asked if he remembered the name of the person that he transferred the firearm to and he did not. [REDACTED] did say that he remembered a fourth possible FFL he used for the transfer, which was Northwest Armory in Tigard.

On 7/6/23, I called the Northwest Armory in Tigard at (503) 746-7417. I provided the serial number of the Glock 21, but they could not locate a record.

On 7/6/23, I called the Cabela's in Tualatin at (503) 822-2000. I provided the serial number of the Glock 21, but they could not locate a record. I was also told they switched FFL numbers in January 2021; therefore, they did not have any records prior to that date. It was possible the firearm was transferred prior to January 2021 at Cabela's, but records were not available.

**Conclusion:**

I was not able to determine who owned the Glock 21 after [REDACTED].

Any interest in trading for an XDS 45acp 3.3?

C

May 18, 2018

I'm out of the xd game. Use to love them. More into 9mm glocks

May 18, 2018

ok, thanks for the response

May 18, 2018

You know what? I have a Glock 43 I might part with. Night sights, 3 factory mags, 2 - 12 round ETS mags, N82(Nate Squared) Tactical Professional holster. Its my only 9mm, so I'd include 200 rounds of Hornady Steel Match 125gr HAP ammo and 18 rounds of Hornady American Gunner ammo. Value of about \$650...

May 18, 2018

That is something I would be interested in. I really don't need the ammo. But I imagine we could work something out. I could do the glock 21 plus 100 dollar and I could add couple hundred rounds of 45 ammo

May 18, 2018

If you could send me some pics of the 43 I'd like to see it. I'll do same for you with the 21

May 18, 2018

I put pics of the glock 21 up on the for sale add in the handgun section. It comes with extras just haven't got a chance to take pics of them yet. 2 maybe more mags. I'll have to look. I have over 30 glock mags. Sware I had 4 glock 21 mags

May 18, 2018

Seems pretty fair. We would need to find somewhere that works for both of us to do the transfers... Suggestions? I work in

Yep! You?

May 18, 2018

Right now getting around for me is tough. Laid my harley down last week and got out of surgery wend so I'm a Little laid up. But I'm still somewhat mobile do you have a shop you prefer.

May 18, 2018

Yea I like this trade. I'll start gathering everything together. I won't be able to meet up tell Monday or tues if that's ok with you.

May 18, 2018

Sunset Firearms in Wilsonville is a really good dude. I think it's \$30 total ... other than that ... ???

May 18, 2018

Ya, Mon... Tues should work

May 18, 2018

I've also heard good things about that place. Just haven't had a chance to use them yet. Sounds good to me

# Ada County Sheriff's Office Supplemental Report

RD: 19

DR# 2023-5948

<b>1. Incident Topic</b> CITF		<b>2. Subject/Victim's Name</b>	
<b>3. Address</b> [---PRIVATE---], BOISE		<b>4. Phone</b>	
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File	<b>8. Division</b> PERSON CRIMES

**Narrative**

Narrative:

On 06/24/2023 I was asked to respond to the corner of 5th and Main St. in Downtown Boise where an officer involved shooting involving Boise Police had occurred. I was told that the Ada County Sheriff's Office would be the lead investigating agency. Detective Tucker was the overall lead, and I was asked to oversee the scene.

By the time I arrived the suspect, Payton Wasson had already been transported to the hospital. Idaho State Police detectives had arrived and were tasked with performing a canvas of the surrounding area. I was told Detective Bryant would be arriving with a drone to take overhead photographs, a CSI team was in route and Deputy Huffaker would be in route to do a 3D Scan as well. I was told that there was a vehicle that would probably end up being towed from the scene as well.

I was told that there was a witness named [REDACTED] who was waiting to be interviewed at 5th and Idaho. I looked down the block and saw a female sitting on the sidewalk with a blanket around her. There were a couple of Boise Police Officer's standing by with her. Boise Police Detective, Mike Miraglia and I went and spoke with her. The following is a summation stated to me during the interview. The information may not be listed in the order presented or exactly as stated but listed and documented for the ease and understanding of the reader. For specific details refer to the recording of the interview.

I introduced us and asked [REDACTED] if she was still willing to speak with us. I told her that I just arrived and didn't know much about what happened and I hoped she could run me through what she knew. [REDACTED] agreed. She said that [REDACTED] asked her to come downtown because he had too much to drink, and he wanted her to drive his car. She said, "Um, I don't know the other guy that the, the one that was shot. I don't know him. I just started dating [REDACTED] like five days ago, so."

I asked if she knew the other guy's name. She said no. [REDACTED] said that they (Her, [REDACTED] and Payton), walked over to [REDACTED] car in the parking lot from Strange Love (a downtown bar). The parking lot was on the corner of 5th and Idaho St. [REDACTED] said all of a sudden, they ([REDACTED] and the other guy), didn't want to take the car. She said, "The guy, one guy that was shot kept worrying about cops."

She said she didn't understand why they were "tripping" about the police so much. She said she's downtown all the time and there's always cops downtown. She said she wasn't worried about it. [REDACTED] and the other guy didn't want to get in the car, so they walked to the corner of 5th and Idaho and police pulled up on them at gunpoint. She continued, "...and the guy took off running down the street and um, I just heard gunshots."

I explained to [REDACTED] that my job tonight was to get as close to the truth as possible about what happened so I could help try and explain it. I wasn't there to jam her up on anything so, if there were things going on that she worried would make me think poorly of her or would get her into trouble, I was not here for that. I asked her to please not withhold anything. She said she understood and said that another officer told her that the gang task force was watching that other guy. I told [REDACTED] that I didn't know anything about that.

She continued by telling me that around 01:40 they walked from the bar to the car, "..and then all this shit happened."

I asked her to back up a little bit and walk through it to make sure I understood. She said she never even went into the bar (Strange Love). She met [REDACTED] and the other guy at the entrance after her friend [REDACTED] dropped her off. [REDACTED] was at the ATM. [REDACTED] wanted her to drive his car since he was drunk. They walked from the bar to the parking lot. She said, "..His friend was tripping me out. ..He was just acting sketch and was worried that every car was a

cop."

█████ said when they got to the parking lot there was a grey Dodge Charger parked across the parking lot from █████ car taking their picture. The other guy started yelling at the person inside of the Charger, "Are you a fucking cop? You have to tell me if you're a fucking cop."

That was when they told her to shut the car door, they weren't going to take the car. At that time, she was seated in the driver's seat. █████ was standing by the passenger side door and the other guy was standing by the back passenger side door. She said she was the only one who got into █████ car. She said she had just sat down and put the key in the ignition, and they started yelling for her to get out before she even had a chance to start the motor. I asked, because they thought cops were coming? She said yes.

She said she saw that there was one person inside the Charger and the driver's side door was open. I asked her if they were cops or did they just think there were cops around. She said it's downtown Boise. There are always cops all over the place, so she wasn't "tripping."

They walked away from █████ car and when they got to the corner of 5th and Idaho, cops came up and had them at gunpoint. Her and █████ were following police commands but the other guy, "..took off like, and I heard gunshots and I was told to sit down."

When asked if she saw what happened █████ said, "Um, I mean, not really because I'm blind but, I definitely, I saw hella cops running that way and then the gun shots, it was like, three gun shots and I was like.."

When asked if she just heard it or if she saw the gun shots █████ said, "Um, I didn't see anyone shoot because I'm so blind.. ..I just heard three gunshots."

I asked if she knew about anyone having weapons on them. She said, "I'm not sure. I didn't have weapons on me.."

█████ then told me that she overheard officers talking to █████ about a gun in the car, underneath the front passenger seat. I asked if she knew about that. She said no, otherwise she would not have gotten in the car. There was a purse sitting on the sidewalk next to her.

Detective Miraglia asked her if it was hers. She said it was her friend [REDACTED]. He asked if anything inside belonged to her. She said no. He asked why she was carrying [REDACTED] purse. She said she was holding it when [REDACTED] went into Strange Love to use the bathroom and they got separated. I asked if she knew what time that was. She said, "..It was like 01:50-something."

She said [REDACTED] was in the bar and [REDACTED] was nagging her for them to leave. So, now she was separated from both [REDACTED] and [REDACTED]. I asked if [REDACTED] rode down with her and [REDACTED]. She said yes. I asked if anyone else rode down with them. She said there was a guy named [REDACTED] she didn't know his real name.

Detective Miraglia asked [REDACTED] if she had been in communication with [REDACTED] since all of this happened. She said yes.

He then asked her again if that was [REDACTED] bag. She said yes. He asked if she had any items in it. She said, "Um, no."

He asked her where her stuff was. She said in [REDACTED] car. Detective Miraglia then stepped away to have a private conversation and I stopped audio recording.

When we returned, I told [REDACTED] that we knew that there was a drug component to all of this. She said, ok. I asked her if we could just get past that. I wasn't going to charge her with anything like that. I told her that I wanted to try and explain what happened here tonight. She said she knew that they (The Police), [REDACTED]. She said, "..I'm pretty sure, [REDACTED]. So.."

I asked [REDACTED] if she knew [REDACTED] had those pills. She said no. I asked if she would say that the people she associates with have a substance abuse problem. She said yes. I asked if this was the first time, she had ever seen that other guy (Payton), before. She said yes, "I don't even know his name."

Detective Miraglia asked [REDACTED] how long her and [REDACTED] have been together. She said, "Five days."

I asked if she had ever seen [REDACTED] using drugs. She said she's seen him smoke "meth" once or

twice, but she's never seen him use fentanyl. I asked if meth was what she did. she said yes, but mostly she smoked a lot of marijuana. I asked what drugs they took tonight. She said she smoked marijuana. She then said that she didn't even have her I.D. with her because she had just spent five days in the Payette County Jail for Marijuana Possession and Possession of Paraphernalia.

I asked how she met [REDACTED]. She said through a mutual friend. [REDACTED] explained that [REDACTED] is her roommate. They live together in [REDACTED]. They came down to Boise to see [REDACTED] (Who live's in Caldwell). Then [REDACTED] had called her to come drive his car for him.

Detective Miraglia told [REDACTED] that one of the Boise Police Officers told him that before all of this happened, [REDACTED] was seen using a 'tooter' and it was possibly in her shirt. [REDACTED] said she didn't have a tooter in her shirt. He told her that if she used tonight, we weren't going to do anything about it. We just wanted her to be honest. [REDACTED] then said, "I haven't used fentanyl in like, a couple of hours or so."

He asked her if she used in [REDACTED] car when she was sitting in the front seat. She said no. She said when they got to the car, she sat down, put the key in the ignition and then [REDACTED] and the other guy screamed at her to get out, they weren't going to take the car. She said she knew the cops probably were watching [REDACTED] and the other guy because of their clothes and gang tattoos but, she didn't know about the gun under the front passenger seat until she overhead the officer asking [REDACTED] about it.

Detective Miraglia asked [REDACTED] if she had any drugs or paraphernalia on her person at all right now. She said, "Not on my person."

He asked, how about in the purse? She said, "I don't know. There, there might be like foils or a tooter if like, yeah."

He asked where she used the fentanyl at that she said she took a couple of hours ago. She said at [REDACTED] house. Miraglia asked her if she knew of any other drugs in [REDACTED] car. She said she didn't know. She said she wasn't aware of [REDACTED] having any pills. She first heard about it when the officers were talking to him about it, but it didn't surprise her. Miraglia asked [REDACTED] why she thought there might be foils in [REDACTED] purse. She said because [REDACTED] smokes

fentanyl. He asked if there might be some fentanyl pills in [REDACTED] purse too. She said, "probably not", because [REDACTED] was looking to buy some.

Miraglia asked if [REDACTED] would have been wanting to buy fentanyl pills from [REDACTED]. She said, "Maybe."

Miraglia asked if it was possible. She said yes. He asked if she talked to [REDACTED] about trying to hook [REDACTED] up with pills. She said no usually [REDACTED] goes buys from someone else. She then promised that she was telling us everything she knew. She said all she expected was to come down, pick [REDACTED] up and them to leave.

I asked if [REDACTED] was in a gang. She was unsure. I told her that he was [REDACTED]. I assumed they talked. [REDACTED]. She said she knew [REDACTED] put up gang signs on his Snapchat, but people do that all the time. She didn't see him throw signs today though. She then said, "...Um, but his friend was really tripping me out... ..He was trippin'. I thought, he literally thought every car was a cop. Every car was a cop to him. And he kept trying to J-walk across every street. [REDACTED] keeps yelling, had to keep yelling at him like, bro, like, there's cops. Stop, try, like, stop. Wait for the crosswalk. ..and that was sketching me out. I, I honestly regret even coming this way with them. I wish I would have gone back the other way."

Miraglia asked [REDACTED] what she thought was in the backpack [REDACTED] friend had. She said, "I honestly could not tell you."

She said when [REDACTED] told her not to start his car and to get out because they weren't going to take it, she was getting frustrated. She told [REDACTED] that she just wanted to go and that they should just go back to [REDACTED] car. She said, "I mean like, this is not something I wanna fucking be involved in or like, see. Like, I don't go do any gang shit. I don't want to be involved in this at all.."

Miraglia asked [REDACTED] if she had been in text communication tonight with [REDACTED]. She said yes. He asked if she would be willing to let us go through her phone right here with her. She said yes. She showed him the text thread she had with [REDACTED] tonight,

On Friday 06/23/2023 at 04:04 PM they talk about hanging out together. At 10:15 PM they have a 2 minute audio call.

On Saturday 06/24/2023 at 01:08 AM they have a 38 second audio call and then she texts, "I need blues and I'm getting a room in Boise."

At 01:10 AM she tries to make an audio call and then texts [REDACTED] "I'm coming to boise downtown rn"

She tries to make an audio call to [REDACTED] and then texts, "Baby."

At 01:19 AM she attempts another audio call. She then texts, "I got money for blues and I'm getting a room downtown."

[REDACTED] responds, "Ima need u to drive me I'm a drunk."

[REDACTED] responds to [REDACTED] "Okay baby. I'm coming what bar you at ???."

She then tries an audio call and a video call. She missed a video callback from [REDACTED] and then they have a 7 second video chat. The texts start again. [REDACTED] asks [REDACTED] "What bar. I'm almost downtown. 5 away. You gonna come stay with me daddy. Babe I need to know. I'm just gonna go by strange love."

At 01:41 she tries another audio call. At 01:42 she tries another video call and then texts, "We're you at. I'm here."

At 01:47 she tries another audio call. She starts sharing her location with [REDACTED] and texts, "I'm in [REDACTED] Subaru."

At 01:52 AM she tries another audio call.

At 02:00 they have a 3 minute video chat.

End.

\*This thread was screenshotted and attached to this report.

The texts made it obvious that they were wanting fentanyl pills from [REDACTED]. Miraglia asked if the plan was that they were going to buy pills from [REDACTED]. She said that [REDACTED] was going to but once she got downtown and saw how everyone was acting, she said no. [REDACTED] said that she was trying to get off fentanyl because she [REDACTED] about a week ago in [REDACTED]. She said before, one "blue" would last her all day. Now, she's taking two a day.

As we were wrapping up [REDACTED] was asked again if there was anything in [REDACTED] bag that we should know about. She said no. I told her it was going to be in her possession, I would hate for her to get in trouble if there was. She started going through it and said, "Ok, let's see."

She pulled out a half-a-dozen burnt foils and asked if we would take them. Miraglia got a paper evidence bag to put them inside. She then handed us the purse to look in. In a side pocket there were various cards with [REDACTED] name on them. I found a picture of a male and [REDACTED] said that was one of her children's fathers. I asked, is this yours? Meaning the purse. She said, "So, those cards are mine and that's because I just cleaned out my wallet."

I said, so can we just be honest and say that this is your purse? She said yes, it was her purse. She then gave permission for the entire purse to be looked through. Besides the foils, there was a small white plastic tooter which was collected as well.

Since she was now being a little more honest, we covered some earlier topics to make sure we had all the information. She again said she didn't know [REDACTED] had a gun in the front passenger side floor and she's never seen [REDACTED] with a gun before.

**SUPPLEMENTAL:**

On Thursday, July 13, 2023, I spoke with [REDACTED], who was thought to be [REDACTED]. It should be noted that [REDACTED] is currently incarcerated at the Ada County Jail, on charges unrelated to this case. When we met, I advised [REDACTED] that I was simply looking for background information on Payton and would not be asking her any incriminating questions – related to her current charges or otherwise. As such, [REDACTED] agreed to speak with me about Payton.

When I introduced myself and explained the purpose for my visit, [REDACTED] explained that she and Payton were [REDACTED], until shortly before his death. She said they met in December 2022 and [REDACTED] in January 2023. When she and Payton first met, she'd apparently been dating his best friend, whom she later identified as [REDACTED]. According to [REDACTED] after she and [REDACTED] ended their relationship, Payton [REDACTED].

[REDACTED] said she'd been homeless when she met Payton, who was living with [REDACTED],

at the time. She said that, shortly after they began [REDACTED] [REDACTED] kicked them out of her house – largely because she didn't like [REDACTED]. Having no place to live, the two began a period of living between hotel rooms, at friends' houses, etc... [REDACTED] explained that, [REDACTED]

When I asked what she and Payton did for money, when they were homeless (and jobless), [REDACTED] said she didn't know. She said they were both using a notable amount of drugs, "getting high all the time," which apparently made that period of time a blur. When I asked if she'd ever known Payton to sell drugs, [REDACTED] said she wasn't sure; adding that Payton wasn't ever very honest with her. She said that she and Payton would use fentanyl, methamphetamine, bath salts, and effectively any other illegal drug they could acquire. [REDACTED] noted that fentanyl was Payton's drug of choice, and he preferred it to all others.

[REDACTED] told me that Payton was involved with many different gangs, which she described as essentially a spillover behavior from his time in prison, when he had to associate with many kinds of people, to get by. When I asked later, [REDACTED] confirmed that he was primarily associated with the Severely Violent Criminals (SVC) prison gang. She also later noted that she knew [REDACTED] (whom Payton was with on the night of the incident) was part of a Norteno gang, and that Payton often associated specifically with him. She said that Payton and [REDACTED] had known each other for some time and liked to get high together.

After she'd been arrested in March 2023, [REDACTED] said that Payton had been hanging out with some of her friends from Caldwell. [REDACTED] said that when she was subsequently released, she and Payton began staying at a friend's apartment in Garden City. That friend was [REDACTED] explained that, not long after that, she was arrested again (April 27, 2023), on a warrant for Failure to Appear (IC 19-3901A), and had been incarcerated since. She noted that, especially since then, Payton would be in regular contact for a week or so, but then would effectively disappear for a week, and wouldn't tell her what he was doing.

When I asked, [REDACTED] said Payton would lie to her about essentially everything. She said he would only tell her that he was with his [REDACTED]. It should be noted that, on May 04, 2023, [REDACTED] was arrested on drug related charges, but was subsequently released on May 07. [REDACTED] later told me that [REDACTED] would not speak with me, if I tried to contact him – especially because the drugs for which he was arrested belonged to Payton.

[REDACTED] explained that [REDACTED] was also found with a gun that belonged to Payton. When I asked about the specifics, she said she didn't remember what kind of gun it was or where Payton got it, because she only found out about it after she was arrested. [REDACTED] also said that Payton wouldn't talk about the gun when she asked, other than to say it was his. She noted that Payton liked 9mm and .45 caliber handguns.

At that point, I asked [REDACTED] if she knew of any other guns Payton had. She said that, after about a week Payton being out of contact (she assumed doing drugs), the two were on a video visit, at the Ada County

Jail (ACJ), on June 22 – see additional information. [REDACTED] said, during that visit, she heard the sound of what she recognized to be Payton unholstering a firearm and setting it on a table, cabinet, or other like object. Hearing that, [REDACTED] said she confronted Payton about it – nothing that he was a felon and as such, implying that he understood it was forbidden for him to possess firearms. It should also be noted, when I later asked, that [REDACTED] said she thought Payton was likely also selling drugs.

Circling back to the gun on the video visit, [REDACTED] said she didn't see it, but recognized the sound and confronted Payton about it. She said he always got guns from his associates, but would never say as much over a video visit or phone call. When I asked if Payton preferred any specific type of firearm, [REDACTED] said he liked 9mm and .45 caliber Glock-style handguns. When I asked if Payton made any modifications to his firearms, [REDACTED] said he liked to put aftermarket items on them. She noted that, apparently on the gun that [REDACTED] was found with, Payton put approximately \$400 of accessories on it – to include a laser targeting system, some manner of different (presumably extended) magazine, and possibly other add-ons. As such, it appeared that Payton may have done the same with the gun she believed he had on June 22.

At that point, I asked if [REDACTED] knew who Payton was with, on the night of the incident. She knew he was with [REDACTED] and a girl, whom she didn't know. She noted that some people in jail told her that the girl ([REDACTED]) was possibly involved with [REDACTED].

When I asked about the apartment in Garden City, [REDACTED] said it belonged to [REDACTED]. She and Payton stayed there for about a week, prior to her ([REDACTED] arrest; and Payton stayed with [REDACTED] for a few weeks after that, as far as she knew. [REDACTED] said she couldn't remember [REDACTED] phone number, but knew the address as [REDACTED]. She described it as being the first unit/stairwell on the right, after you pull into the complex; upper door on the left. In looking at the layout of the complex, using our agency-issued mapping software, it appears [REDACTED] was likely describing [REDACTED] as there is no [REDACTED].

[REDACTED] said that [REDACTED] used drugs and had been in jail before. Apparently, when [REDACTED] stayed there, it was to take care of the apartment while [REDACTED] was in jail – until she got out in early May (around the same time [REDACTED] was arrested). [REDACTED] said that, once [REDACTED] got out of jail, she immediately went back to using drugs and thought it was unlikely that she would want to speak with me. At my inquiry, [REDACTED] said she thought the chances were low of anyone speaking with me – saying that she was likely the only person who would.

A few moments later, [REDACTED] volunteered that, the last time she spoke with Payton, he cried, because he was scared something was going to happen to him, as a result of his inability to stop using drugs. Knowing that he'd run from police before, I asked if [REDACTED] ever knew Payton to fight with law enforcement. She didn't think he had, but knew he would always run. When I asked her to clarify his fears, [REDACTED] spoke about him owing people money (she thought possibly around \$2,000) and said that he'd been beaten up several times in the weeks before his death – adding that he'd even gone to the

hospital for treatment. She said that he told her that happened two or three times.

When I told her that I wouldn't be surprised if that would be at least a contributing factor as to why he carried guns, [REDACTED] concurred. She also said that she didn't know him to have any guns, aside from the two she'd mentioned – again, saying she didn't know about the one he had when he was killed, until the June 22 video visit. When I asked if she thought it was likely the same gun Payton had when he was killed, [REDACTED] said she yes.

At that point, I asked about the circumstances surrounding [REDACTED] arrest. She said that, when she was on the phone (a recorded ACJ phone call) with Payton, he and [REDACTED] were shopping, she thought at Nordstrom Rack (534 N. Milwaukee St. in Boise). While on the phone, Payton told [REDACTED] that police were at [REDACTED] car and hung up. When she got a hold of him later, Payton said that [REDACTED] had been arrested for "blues" (generally understood to be counterfeit opioid pills that contain fentanyl) and that police found his (Payton's) gun, when they searched the vehicle. [REDACTED] said she later conveyed that to [REDACTED] whose attorneys had accessed her phone calls, to help with his case.

After speaking for a few moments about that, [REDACTED] spoke about Payton's fears of going back to jail. She said he'd been incarcerated many times, hated it, and considered it to be the last place he'd ever go back to. When I asked if Payton ever gave her the impression that he would take serious action to stay out of jail, [REDACTED] said he would only and always run, because he was scared. She said Payton always told her that, if he ever died, it would probably be at the hands of police, because he never wanted to go back to jail – saying that he would run until he couldn't run any longer.

[REDACTED] also spoke about Payton feeling as though walls were closing in around him, because she'd been arrested, his [REDACTED] ([REDACTED]) had been arrested and was now in prison, and many other people close to him had also been arrested. She said that Payton and [REDACTED] were about the only people of their closest friend group who were left outside of jail or prison.

At that point, I asked if there was anything [REDACTED] thought might be important for me to know. She said that the Payton she knew never harbored ill intentions, and wasn't the kind of person who went around hurting other people. She said Payton was a good person, who was essentially trapped by his demons (drugs). [REDACTED] also spoke about how Payton was trying to stop using drugs, but was also very much against formal rehabilitation programs. She said that Payton believed he could detox by staying with his [REDACTED] – which failed, because he would get high every time that she left the house. She said Payton would get high every day.

For the next several minutes, [REDACTED] and I spoke about how she was doing, the outlook on her case, and other generally unrelated topics. During that time, she asked what I was investigating, specifically. I explained the general function of the Critical Incident Task Force (CITF), and explained that my purpose,

for this case, was to compile background information on Payton.

At that, [REDACTED] said she didn't know much about [REDACTED] but said that she heard he sold drugs. Again, she said she didn't know anything about [REDACTED]. [REDACTED] went on to explain how Payton grew up in a difficult life; with his [REDACTED] addicted to drugs, having to live in a car, having no [REDACTED] to speak of, and generally having a tough time of it.

[REDACTED] added that, on the day before he died, she told Payton that she felt their [REDACTED] couldn't continue, with his chronic drug use – effectively ending their [REDACTED]. She thought it was likely that he was upset by that. She also noted that, Payton didn't show up for her sentencing, which she took as an answer about him not wanting to stop using drugs. When I asked, [REDACTED] described that their [REDACTED] had been tumultuous throughout its lifespan.

She also said that Payton often threatened suicide; more often when they would fight. [REDACTED] said his response to emotional turmoil was to increase his drug intake – often to the point she thought he was overdosing – in order to escape having to confront the issue. [REDACTED] also noted that Payton would often say that overdosing was the way he wanted to die. As an example, she cited an instance when, after a fight between them, Payton actually [REDACTED]. Emergency Medical Services (EMS) responded and treated him with Narcan. As she wasn't there, [REDACTED] tried to contact him, later. Payton was apparently alright, but didn't answer, instead letting her think he'd died, apparently as revenge for their fight.

When I asked what Payton was afraid of happening, if he went back to prison, [REDACTED] said that he thought he'd get a habitual offender enhancement, and be sentenced to a life term – believing that he wouldn't be able to outrun police forever. She also believed that time he spent in solitary confinement while in prison, exacerbated Payton's mental health problems. When I asked, [REDACTED] said that Payton was also very much against formal counseling – either thinking it wouldn't be helpful, or that his self-medicating with drugs would somehow better numb the pain.

[REDACTED] explained that, when they met in December 2022, Payton only used methamphetamine; but began doing fentanyl and quickly became worse (doing any drug he could get his hands on). When I asked, [REDACTED] said Payton would use an extreme amount of fentanyl. She said he would smoke up to 15 pills each day – adding methamphetamine, bath salts, heroin, etc... whenever he could acquire them. This created a steep and accelerating downward spiral of behavior that he apparently couldn't escape.

At that, [REDACTED] didn't have anything more to share. When I confirmed that, and ensure she had no questions for me, I thanked [REDACTED] for her time, and ended our conversation.

### ADDITIONAL INFORMATION:

The ACJ video visit that [REDACTED] referenced was on 6.22 @ 12:15, and was listed as 30:03 duration (30:08

actual). In watching the visit, I saw [REDACTED] was talking to a man I recognized – and whom [REDACTED] referred to – as Payton. Also, during the visit, several other female inmates came to the screen and briefly chatted with Payton, recognizing and identifying his as such. Payton was contacting [REDACTED] from a hotel room – he did not say where.

During the visit, I noted the following instances, which appeared to corroborate [REDACTED] statement.

- At 2:46, Payton was standing up. He reached off screen (to his right), retrieved something from what appeared to be a nearby a table. He lifted his Vancouver Raptors jersey and placed it in his waistband. From the vantage point of the cell phone camera he was using, I could see the object was small and black. It appeared consistent in size and weight – in his hand and how it acted against his clothing – and in how Payton gripped it and placed it in his waistband, to be what I know as a semi-automatic pistol.

Seeing what he'd done, [REDACTED] asked what Payton was doing. Instead of answering, he moved the conversation forward, changing the subject. Later in their conversation, [REDACTED] reminded Payton that he was a felon and that, if he was “fucking up” (i.e., still using drugs and involving himself with illegal activity) that he needed to straighten himself up. [REDACTED] also asked if she would see Payton the next day, at her court sentencing hearing. He initially said no, but then said yes. When [REDACTED] asked again what he'd been doing, Payton avoided the question, sat silently for a few moments, then changed the question. This happened more than once, during their visit.

- At 7:03, Payton was standing up again. He pulled his pants up (grabbing them through his jersey), shifted his body until the right side was off screen, then appeared to pull something from the right side of his clothing (consistent with the area of his waistband), setting it on a table. Though the object isn't seen, a distinct metallic thud is heard. As sound which I know, from years of handling firearms to be largely consistent with the sound of a semi-automatic pistol.
- At 16:47, Payton was standing by the same table as above. After [REDACTED] said her Pre-Sentence Investigation packet noted that he had served time in prison for Eluding a Police Officer (IC 18-1404), Payton reached off screen, again to his right, appeared to lift something off the same table as before, and manipulated it. A similar and distinct metallic sound is again heard. Seeing that, [REDACTED] told Payton to stop what he was doing, which he did. From there, the conversation continued without anything else of note occurring.

For reference, I've added [REDACTED] to this report as persons with knowledge.

At the point of this supplement, I haven't yet been able to speak with [REDACTED] If and when I am able to do so, I will provide an additional supplement with that information.

<b>Narrative</b>
------------------

Narrative:

On 06/24/2023, I was asked to assist in an investigation as a member of the Ada County Critical Incident Task Force (CITF). My current appointment is as a Major Crimes Detective in the Criminal Investigations Division (CID) at the Ada County Sheriff's Office. I was asked to conduct an interview with Corporal Brian Holland. The date, time, and location of said interview was set and later provided to me.

On 06/27/2023 at approximately 1200 hours, I spoke to Corporal Holland in a soft interview room at the Ada County Sheriff's Office. I recorded our conversation on an audio recorder and on a video/audio recorder. I have added the audio recording to this report in the attachments and downloaded the video/audio recording to Evidence.com. The following is a summary of our conversation. The information may not be listed in the order presented or exactly as stated but listed and documented for the ease and understanding of the reader. For specific details refer to the recordings of the interview.

I was told by Detective Tucker, Corporal Holland's attorney, Paul Augustine, requested Corporal Holland have an opportunity to review his On Body Video (OBV) that was captured during the incident. When Corporal Holland and Augustine arrived, I provided a laptop with the OBV and a private room where they could review the video a discuss it prior to the interview.

After reviewing the video and discussing it, Augustine exited the room to notify me they were ready to start the interview. I introduced myself followed by Detective Chris Wirshing, Corporal Brian Holland, and Attorney Paul Augustine. Detective Wirshing is a Detective for the Boise Police Department (BPD) and was sitting in on the interview as a representative for BPD.

I explained the interview would be recorded and it was a part of a criminal investigation. I explained to Corporal Holland he was not required to talk to me and asked if he understood. Corporal Holland replied, "Yes." I asked Corporal Holland if he was okay talking to me and he replied, "Yes, I am."

I explained I would be asking a standard series of questions commonly used for officer involved interviews and that I may ask some follow-up questions to clarify anything I didn't

fully understand.

I started by asking Corporal Holland to provide his full name, rank, badge number, radio designator and vehicle number. Corporal Holland told me the following in summary:

Corporal Holland's full name is Brian Scott Holland. He is a Corporal assigned to the Patrol Division at the Boise Police Department. His badge number is 677. On the night of the incident his radio designator was 4911 ("forty nine eleven"). His vehicle number was 234. Corporal Holland was hired at BPD in July of 2003. Corporal Holland's law enforcement experience prior to being hired at BPD includes five years with Probation and Parole as a Parole Officer, and three years with Canyon County Juvenile Probation. Corporal Holland is currently assigned to the Gang Enforcement Team, which is a newly formed team under the Patrol Division. While on the Gang Enforcement Team, Corporal Holland is assigned to work

[REDACTED]

On the night of the incident Corporal Holland was carrying a black, 45 caliber Glock 21. Additions to the Glock included grip tape, which provides a sandpaper like feel to the handle and an aftermarket hard sight with a single dot in the back. Corporal Holland could not recall what ammunition he uses but that it is the department issued ammunition. The Glock 21 was a department issued firearm. On the night of the incident Corporal Holland had one round in the chamber of the firearm and 13 in the magazine which is the maximum capacity of that firearm.

Corporal Holland was wearing a BPD Class B uniform with a hard badge and a duty belt.

Corporal Holland indicated the hard badge, BPD patches on both shoulders as well as Corporal strips on the shoulders and a name plate were the items and markings that identified him as a law enforcement officer.

\*\*\*Events that Occurred Prior to the Incident\*\*\*

On the night of the incident, Corporal Holland was working as part of a “Tac Unit”, which means he was paired with a partner, commonly referred to as “tac-ed up with.” On that night he was paired with BPD Officer Chase Fiddler. The mission for the team was to be pro-active with identifying potential gang members and contacting/identifying gang members either through a legal detention or consensual contacts. This includes traffic stops, walking stops, and other investigations. The unit is assigned unmarked vehicles that have full emergency lights and siren package.

While in the alley along 5<sup>th</sup>, between Main and Idaho Streets, Corporal Holland and Officer Fiddler observed two males exit a vehicle in a nearby parking lot. The individual that exited from the front driver’s side of the vehicle, later identified as [REDACTED], was wearing a red hat, red shoes and his pants were cuffed with red on the bottom. Based on his training and experience, Corporal Holland recognized the display of all red meant the individual could potentially be affiliated with a local gang.

A white male, later identified as Payton Holmes Wasson, exited the front passenger side of the vehicle. Corporal Holland did not see any colors being displayed by Wasson that would suggest he was affiliated with a local gang, but he was dressed similarly to [REDACTED]

Corporal Holland and Officer Fiddler drove into the parking lot where the two men were. As they drove by Wasson and [REDACTED] Corporal Holland said, “What’s up?” Wasson replied, “Orele” which is a Spanish term for “What’s up?” [REDACTED] replied, “What’s up?”

Corporal Holland and Officer Fiddler than drove back down the alley to the east and waited for Wasson and [REDACTED] to leave. Corporal Holland explained there has been an increase of gang activity and specifically gang activity involving weapons in the area. Due to this, Corporal Holland decided to complete a cursory search of the exterior of the vehicle and Officer Fiddler ran a search of the vehicle from the license plates displayed on the vehicle. While conducting

<b>1. Incident Topic</b> CITF		<b>2. Subject/Victim's Name</b>		
<b>3. Address</b> [---PRIVATE---], BOISE		<b>4. Phone</b>		
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File	<b>8. Division</b> PERSON CRIMES	

the cursory search of the vehicle, Corporal Holland located a Glock handgun protruding from underneath the front passenger seat, on the floorboard. The firearm was visible from the outside of the vehicle by looking through the side window and windshield.

Corporal Holland notified Officer Fiddler of the firearm as Officer Fiddler researched the vehicle. Officer Fiddler learned [REDACTED] was the registered owner (RO) of the vehicle and after researching [REDACTED] criminal history, they learned he was a prohibited possessor. Since Corporal Holland was able to easily see the firearm from outside the vehicle, he believed [REDACTED] would have known there was a firearm in his vehicle. After this they ran a “triple I” check to confirm [REDACTED] convictions and confirmed he was a prohibited possessor for aggravated assault and rioting in jails. Corporal Holland had previous knowledge of the rioting case. It occurred in Canyon County and involved only Norteño gang members. The knowledge of that case furthered Corporal Holland’s belief that [REDACTED] was a member of the Norteño gang.

Corporal Holland and Officer Fiddler then searched [REDACTED] name on the IDOC website and found he was on Parole for those charges. They called the On-Call Parole Agent who verified [REDACTED] was on supervision, was a prohibited possessor, and requested [REDACTED] and his vehicle be searched due to [REDACTED] having a 4<sup>th</sup> amendment waiver.

Corporal Holland then briefed the other “Tac Unit” on the information they had learned. Officer Chance Feldner and Officer Jacy Palic were the other two officers assigned to the Gang Unit. Officer Feldner and Officer Palic were dressed similarly to Corporal Holland and were assigned an unmarked Ford Explorer with the emergency lights and sirens package.

Corporal Holland planned on the team making contact with [REDACTED] and Wasson, detaining them based on the knowledge of the firearm in the vehicle, as well as searching them and the vehicle.

Officer Feldner and Officer Palic were on foot and watched [REDACTED] and Wasson enter Dirty Little Roddy’s, located near 6<sup>th</sup> and Main. They continued conducting surveillance while the two were in the bar. While they watched the bar, waiting for [REDACTED] and Wasson to exit, Corporal Holland and Officer Fiddler took a position where they could watch [REDACTED] vehicle and wait for the two to return. Corporal Holland contacted the acting Sergeant of the Downtown Team and notified them of what they were working on and how they had planned on conducting their investigation. Corporal Holland also sent photos of [REDACTED] vehicle, the firearm and of the RO of the vehicle ([REDACTED] through text messages to both teams.

Corporal Holland and Officer Fiddler’s position was just south of the alley, on the west side of 5<sup>th</sup>, in-between Main Street and Idaho Street. The plan was for Corporal Holland and Officer Fiddler to be the primary contact unit when [REDACTED] and Wasson returned to the vehicle. Officer Feldner and Officer Palic were supposed to watch [REDACTED] and Wasson exit the bar and when they started to return to their vehicle, Officer Feldner and Officer Palic would move their vehicle to the location of [REDACTED] parked vehicle and be the secondary contact unit. A contingency plan if [REDACTED] and Wasson didn’t get into the vehicle, was that they would conduct an “open air take down” to detain the two, then go back to the vehicle to conduct their investigation.

When [REDACTED] and Wasson returned to the vehicle, they returned with an adult female, later identified as [REDACTED]. Corporal Holland and Officer Fiddler watched the three walk to [REDACTED] vehicle. [REDACTED] got into the vehicle through the driver’s side back door, but [REDACTED] and Wasson did not get into the vehicle. Corporal Holland was unable to see what [REDACTED] did while she was in the vehicle. Both [REDACTED] and Wasson reached into the vehicle keeping the doors open. Wasson reached into the vehicle through the passenger side door, reached towards the floorboard, retrieved an object from the passenger side floorboard then “messed with his waistband.” When Corporal Holland saw this, on a [REDACTED] being monitored by a dispatcher, he told the other units, he (Corporal Holland) believed Wasson took possession of the firearm and put it in his waistband.

The three subjects stayed at the vehicle for a short time before [REDACTED] exited the vehicle. It appeared the three were going to leave the vehicle after Wasson retrieved a small backpack and a sweatshirt, putting the backpack on. When the three started walking away from the vehicle, Corporal Holland updated the units and told them the three were walking towards 5<sup>th</sup> and Idaho. The plan at that time was as soon as Corporal Holland called out “initiate” on the radio, units would approach the subjects, engaging their emergency lights and detain the three at gunpoint for safety, due to the knowledge of at least one firearm with subjects.

Detective Wirshing and I asked Corporal Holland a few clarifying questions. Corporal Holland told us the following in summary:

When Corporal Holland was conducting the cursory search of [REDACTED] vehicle, he could see the firearm in the vehicle by standing outside the vehicle and looking in through the passenger side

window and the front windshield.

Corporal Holland clarified that the backpack Wasson had at the time of the incident was retrieved by Wasson from inside the vehicle.

I asked Corporal Holland how he was communicating with team members the night of the incident. He initially communicated with other Officers through phone calls and text messages but later moved to communicating over the radio, [REDACTED]

I asked Corporal Holland what information he relayed to team members. He communicated they had identified someone they believe to be a Norteño gang member, along with an associate, get out of a vehicle and the vehicle's location. Corporal Holland also communicated the information that he had located a Glock firearm inside the vehicle, the two subjects had left the vehicle and were walking towards the 6<sup>th</sup> and Main area. He told team members the plan was to contact the two and conduct an investigation. Once Officer Feldner and Officer Palic confirmed [REDACTED] and Wasson were near their location (6<sup>th</sup> and Main), Corporal Holland went over the plan with his team. Corporal Holland discussed different contingency plans with his team in the event something changed.

\*\*\*Description of the Incident\*\*\*

Once Corporal Holland realized the subjects weren't getting into the vehicle and were walking away, diagonally through the parking lot towards the southeast corner of 5<sup>th</sup> and Idaho, he notified Officer Feldner they were going to conduct an "open air takedown." Corporal Holland instructed Officer Feldner, on his command of "initiate", both units were to approach the three subjects and make contact with the individual closest to them. Officer Feldner confirmed he understood the plan.

As the three subjects approached the corner of 5<sup>th</sup> and Idaho, Corporal Holland called out "initiate" over the radio. Corporal Holland and Officer Fiddler drove their vehicle towards the intersection at a decent speed. Once they got close to the intersection and past the last vehicle parked along the side of the road, Corporal Holland angled his vehicle in, towards the parking lot, turned on the emergency lights on his vehicle and exited.

As Corporal Holland placed the vehicle in park, after already turning on the emergency lights, he saw Wasson look towards him, making eye contact with Corporal Holland and immediately

reached towards his waistband.

As Corporal Holland exited the vehicle, Wasson started to turn his body away from Corporal Holland and still had his hands near his waistband. Corporal Holland immediately told Wasson “Don’t go for the gun” and pointed his (Corporal Holland) firearm towards Wasson.

At this time, Officer Feldner and Officer Palic parked their vehicle, Corporal Holland felt like their position created a potential crossfire situation, so he started to maneuver away from his vehicle, towards the right, and got a better view of Wasson. Corporal Holland described Wasson’s actions at this time as “indexing what he had.” As Wasson turned slightly, still with his hands near his waistband, Corporal Holland could clearly see the handle of the firearm sticking out of Wasson’s waistband, towards the front or right of Wasson’s waistband.

Corporal Holland told Wasson to stop and “Don’t do it.” Wasson looked over and started running. Corporal Holland started to chase after Wasson attempting to “mirror” Wasson. Corporal Holland then noted he has had [REDACTED], so he wasn’t as fast as the other Officers on the team.

As Wasson continued to run away from Officers, Corporal Holland could see Wasson holding the gun, still in his waist band, with his hand and looking back towards Officers to see where they were. Corporal Holland transmitted “We have a man running with a gun” over the radio on “Primary.” At this time, Corporal Holland could see Officer Feldner chasing Wasson and that he was “gaining ground” on Wasson. Officer Feldner was yelling commands at Wasson and Corporal Holland again started yelling commands like “stop” and “drop the gun” as they continued to pursue Wasson.

Corporal Holland saw Wasson pull the firearm from his waistband and was running with the firearm in his right hand. Officer Feldner was slightly ahead of Corporal Holland at this time. Corporal Holland noted Wasson was running south, towards the downtown bar area where there were a lot of citizens. Corporal Holland felt comfortable at this point to engage Wasson with lethal force but due to Officer Feldner being in front of Corporal Holland, he could not shoot without putting Officer Feldner in danger. Corporal Holland continued to relay updates on the radio as Officer Feldner continued to yell commands at Wasson.

As Wasson continued to run, Corporal Holland could see Wasson look back at Officer Feldner. Corporal Holland believes Wasson was “indexing” Officer Feldner because Officer Feldner was

gaining ground on him. Corporal Holland noted, while Wasson was looking back towards Officer Feldner, he (Wasson) was swinging his right hand and firearm out and back as he ran. Corporal Holland believes he remembers seeing Wasson swing his arm in this manner a couple of time.

It was at this time when Corporal Holland heard the gunshots and watched Wasson fall to the ground. The firearm Wasson was holding slid off to the right a short distance.

Corporal Holland was afraid and believed Wasson was going to fire his weapon because Officer Feldner was gaining ground on him, to prevent Officer Feldner from catching up to him. Corporal Holland relayed over the radio on "Primary" that shots had been fired and arrived to where Wasson was on the ground shortly after Officer Feldner. Corporal Holland also relayed over the radio, there was an outstanding subject to the north of their location so other units with go there to help as well.

As another Officer arrived at the scene and asked, "Who's gun is this?", Corporal Holland told the officer not to touch or move the firearm. Corporal Holland told the arriving units to slow everything down and to get medical units to their location. Corporal Holland could see Wasson had a gunshot wound to the head and was bleeding profusely. Corporal Holland put one glove on and before putting the second glove on the other hand, used his ungloved hand to apply pressure to the hole in Wasson's head. While applying pressure to the wound, he could hear Wasson making noises and could feel Wasson moving slightly. Corporal Holland noted Officer Feldner and another officer had placed Wasson in handcuffs prior to him applying pressure to the wound.

Corporal Holland continued to hold pressure on the wound until someone brought him gauze and an Israeli Bandage which he applied to the wound. At this point Corporal Holland was asked to step back and leave the scene with an escort officer.

I asked Corporal Holland to describe the moments when he first made contact with the subjects in a little more detail.

When Corporal Holland exited his vehicle, Wasson was still in the parking lot, approximately 10-15 yards away from Corporal Holland. Wasson looked to his left towards Corporal Holland, made eye contact with him and immediately reached towards his waistband. Corporal Holland unholstered his firearm due to Wasson's actions, believing Wasson had retrieved the firearm

from the floorboard of the vehicle and placed it in his waistband.

Wasson then turned and looked at Officer Feldner and Officer Palic who had parked and initiated their emergency lights. Corporal Holland re-positioned to create a “tactical L” to prevent any crossfire issues. Wasson turned away from Corporal Holland towards Officer Feldner and Officer Palic then started to run south. While running, Wasson “indexed” over his right shoulder to look at Officer Feldner approximately two times as he was swinging the firearm backwards towards Officer Feldner and Corporal Holland.

I asked Corporal Holland what hand Wasson reached for the firearm with. Initially Wasson reached to his waistband with both hands. Wasson still had both hands at his waistband when he started to run, which slowed him down but then just kept his right hand at his waistband until he pulled the firearm out with his right hand.

I then asked Corporal Holland about the commands he used during the incident. Corporal Holland described his tone of voice while giving Wasson commands as loud, deep and authoritative. Corporal Holland first said “Don’t go for that gun” after seeing Wasson reach towards his waistband and he noted at that point he felt like they were going to get into a shooting right then. Corporal Holland yelled that command multiple times and then when Wasson started to run, Corporal Holland shouted “Stop” and “drop the gun” multiple times.

At the time of the incident, Corporal Holland was only aware of 5 officers being on scene. Those 5 officers included Officer Fiddler, Officer Feldner, Officer Palic, Officer Steve Martinez and himself. Corporal Holland noted he wasn’t sure why Officer Martinez was there when it started but that he arrived just before the incident. After the incident other Officers started arriving at the scene.

**\*\*\*Crimes Committed Prior to the use of Deadly Force\*\*\***

Prior to contacting Wasson, he had not committed any crimes that Corporal Holland identified but he did note that Wasson was in association with a felon in possession of a firearm. After he made contact with Wasson, the crimes Corporal Holland believes Wasson committed were, “fleeing, R&O and aggravated assault.” Corporal Holland went on to explain the reason he felt Wasson committed aggravated assault was because Wasson didn’t drop the weapon, he was looking back at Officers “indexing” where they were and the firearm being swung backwards, towards officers as Wasson ran. Corporal Holland felt it was imminent a shot was going to be

fired back towards officers, specifically because Officer Feldner was gaining ground on Wasson. Corporal Holland added when he first contacted Wasson and Wasson reached for his waistband, Corporal Holland feared Wasson was going to pull the firearm out at that point and Corporal Holland was going to have to shoot at that point. Corporal Holland also feared Wasson was going to shoot at Officer Feldner while he was running.

I asked Corporal Holland about his knowledge of similar crimes in that area in the past. Corporal Holland has been assigned to patrol in that area for the last, approximately 14-15 months. During that time, he has seen a large amount of firearm related issues in that area. A few examples Corporal Holland gave were, retrieving firearms off someone that had been in a fight, firearms being brandished, people carrying firearms in bars, homicides, and fights leading to shootings. Corporal Holland described the downtown Boise area as being the area that they have the most gang related activity and that he has personally been involved with 4-5 homicide investigations downtown, most of which were gang related. There have been multiple aggravated batteries involving firearms in the area. Corporal Holland explained there has been a large increase within just the last year of firearm and gang related issues in that area.

Corporal Holland did have knowledge of Wasson prior to the incident. Corporal Holland explained Wasson had fled from Officer Fiddler and Officer Palic approximately a week prior to the incident. Officer Fiddler and Officer Palic were conducting targeted enforcement and had probable cause to conduct a traffic stop on a silver BMW. When they attempted to conduct the traffic stop, they witnessed Wasson inside the vehicle making a lot of movements prior to failing to yield and fleeing the area. The Officer's did not pursue the BMW due to BPD policy. While conducting follow-up, Officer Fiddler and Officer Palic located the vehicle at an apartment complex in Meridian and spoke to a female associated with the vehicle. The female was Wasson's [REDACTED] and reported he was a Norteño gang member, was selling narcotics and was "heavy into firearms." Due to this incident approximately 1 week prior, the team had been actively looking for Wasson.

I asked Corporal Holland to identify the things that made him feel threatened during the incident. Corporal Holland listed the following:

- Upon initial contact, Wasson making direct eye contact with Corporal Holland, not listening to commands given by law enforcement officers in uniform with emergency

lights engaged on the vehicles and immediately reaching for the firearm that was in his waistband.

- Indexing Officer Feldner and Officer Palic with his hand on the firearm.
- Pulling the firearm after he started running and not dropping the firearm or obey any verbal commands.
- Looking back over his shoulder at Officer Feldner as he was running and the firearm swinging back towards Officer Feldner as he was gaining ground on Wasson.
- Corporal Holland felt it was imminent that at least one round was going to be fired by Wasson in an attempt to gain more distance from Officer Feldner.
- Corporal Holland explained he was aware of individuals ambushing Officers by turning a corner and waiting for them as they follow. Corporal Holland was concerned this was a potential outcome for the situation.
- Corporal Holland also felt there was a threat to the citizens that were in the downtown area as Wasson was running in that direction.

Corporal Holland remembers hearing 2-3 shots. When the shots were fired, Officer Feldner was directly behind Wasson approximately 10 yards behind him and Corporal Holland was behind and slightly to the right, approximately 40 yards away. Corporal Holland didn't do anything accidentally or deliberately to disturb the scene.

\*\*\*Lighting and Weather\*\*\*

Corporal Holland described the downtown area to be well lit with ample ambient light from business and vehicle lights. The area near the ally was the darkest area and the area became more well lit towards the corner of 5<sup>th</sup> and Main, so lighting was not an issue during the incident. On the evening of the incident the weather was very mild, clear and approximately 70 degrees.

I asked Corporal Holland if he felt the suspect could have given up at anytime during the incident. Corporal Holland replied, "Absolutely." Wasson had multiple opportunities and was specifically told not to go for the gun as well as to stop and drop the gun after he started running. Wasson was given multiple commands by Corporal Holland and Officer Feldner, ignoring all of them.

I asked Corporal Holland about the text thread he was using during the initial parts of his investigation. He told me he uses a text thread that includes just the Gang Team and another text thread that includes the Gang Enforcement Team, the Bar Team and the STEP Team. Corporal Holland said both text threads were used but most of the information was sent out to the larger thread that includes all three teams. I confirmed the messages were sent on a BPD issued cell phone and that Corporal Holland still had the messages on his phone.

Detective Wirshing asked if the firearm was always in Wasson's right hand. Corporal Holland confirmed the firearm was always in Wasson's right hand and that he didn't ever switch the firearm to his left hand.

Detective Wirshing asked if Corporal Holland knew Wasson's identity during the incident. Corporal Holland said he didn't learn Wasson's identity until after the incident.

I asked Corporal Holland and his attorney if they had any questions or anything else they wanted to add. They did not and this concluded the interview.

**\*\*\* Additional Information \*\*\***

After completing this report, I sent a copy of the report to Augustine so he and Corporal Holland could review it. On 07/20/2023 I received an email from Augustine informing me they had reviewed the report and did not have any requested changes or clarifications.

<b>Narrative</b>
------------------

Narrative:

On 06/24/2023, I was asked to assist in an investigation as a member of the Ada County Critical Incident Task Force (CITF). My current appointment is as a Major Crimes Detective in the Criminal Investigations Division (CID) at the Ada County Sheriff's Office. I was asked to conduct an interview with Officer Chance Feldner. The date, time, and location of said interview was set and later provided to me.

On 06/27/2023 at approximately 1000 hours, I spoke to Officer Feldner in a soft interview room at the Ada County Sheriff's Office. I recorded our conversation on an audio recorder and on a video/audio recorder. I have added the audio recording to this report in the attachments and downloaded the video/audio recording to Evidence.com. The following is a summary of our conversation. The information may not be listed in the order presented or exactly as stated but listed and documented for the ease and understanding of the reader. For specific details refer to the recordings of the interview.

I was told by Detective Tucker, Officer Feldner's attorney, Paul Augustine, requested Officer Feldner have an opportunity to review his On Body Video (OBV) that was captured during the incident. When Officer Feldner and Augustine arrived, I provided a laptop with the OBV and a private room where they could review the video a discuss it prior to the interview.

After reviewing the video and discussing it, Augustine exited the room to notify me they were ready to start the interview. I introduced myself followed by Detective Chuck Roath, Attorney Paul Augustine and Officer Feldner. Detective Roath is a Detective for the Boise Police Department (BPD) and was sitting in on the interview as a representative for BPD.

I explained the interview would be recorded and it was a part of a criminal investigation. I explained to Officer Feldner he was not required to talk to me and asked if he understood. Officer Feldner replied, "Yes sir." I asked Officer Feldner if he wanted to talk to me and he again replied, "Yes sir."

I explained I would be asking a standard series of questions commonly used for officer involved interviews and that I may ask some follow-up questions to clarify anything I didn't fully understand.

<b>1. Incident Topic</b> CITF		<b>2. Subject/Victim's Name</b>			
<b>3. Address</b> [---PRIVATE---] , BOISE			<b>4. Phone</b>		
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File		<b>8. Division</b> PERSON CRIMES	

I started by asking Officer Feldner to provide his full name, rank, badge number, radio designator and vehicle number. Officer Feldner told me the following in summary:

Officer Feldner’s full name is, Christopher Chance Feldner. He is a Police Officer for BPD, badge number 885. His radio designator on the night of the incident was 4914 (“forty-nine fourteen”). He couldn’t remember his vehicle number but described it as a newly assigned, black Ford Explorer. Officer Feldner was hired at BPD on August 25<sup>th</sup>, 2014 and did not have any prior law enforcement experience when he was hired by BPD.

While at BPD, Officer Feldner has been in patrol since graduating Peace Officers Standards and Training (POST). [REDACTED]

[REDACTED] Officer Feldner is currently assigned to the Gang Enforcement Team, which is a newly formed team, only in operation for approximately two weeks. While on the Gang Enforcement Team, Officer Feldner is assigned to work [REDACTED]

While working for BPD, Officer Feldner has received many different types of specialized trainings in Defensive Tactics, more specifically boxing and hand to hand skills. Officer Feldner has received trainings throughout his career in all aspects of his job, but he did not list any specific classes during the interview.

On the night of the incident, Officer Feldner was carrying a 9mm, model 19, Glock handgun with a black finish, although he wasn’t really confident on the model. Additions to the Glock included grip tape, which provides a sandpaper like feel to the handle, a weapon mounted light and a mini red dot system. The mini red dot system is a Leupold Delta Point Pro, mounted on the top of the firearm. The ammunition Officer Feldner uses is Speer Gold Dot. Both the Glock firearm and Speer ammunition are department issued. On the night of the incident Officer Feldner had one round in the chamber of the firearm and 17 in the magazine which is the maximum capacity of that firearm.

On the night in question, Officer Feldner was wearing a Class B, standard issue, blue, Blauer police uniform and black boots. The uniform included a hard badge, hard name plate, BPD

issued patches on each sleeve and his department issues “Sam Brown” belt. The belt included his handgun, taser, tourniquet and handcuffs which are all normal things that BPD officers carry. All of the above-mentioned items Officer Feldner was wearing that night are items and markings that identify him as a law enforcement officer.

\*\*\*Events that Occurred Prior to the Incident\*\*\*

On the night of the incident, Officer Feldner was working as part of a “Tac Unit”, which means he was paired with a partner, commonly referred to as “tac-ed up with.” On that night he was paired with BPD Officer Jacy Palic and Corporal Holland was “tac-ed up with” or paired with BPD Officer Chase Fiddler. All four were assigned to the newly formed Gang Unit. It should be noted during the interview, Officer Feldner refers to Corporal Holland as “Officer” Holland. In this report, I used Holland’s current rank, “Corporal” when referring to him.

Officer Feldner and Officer Palic were working on foot in the downtown area and were near the area of 6<sup>th</sup> and Main when they first became aware of the individuals they were investigating. Corporal Holland and Officer Fiddler witnessed a vehicle park in the Vape Kastle parking lot, located at 112 N 5<sup>th</sup> Street in Boise, Idaho. The Vape Kastle is located along N 5<sup>th</sup> Street, in-between W Idaho Street and W Main Street. Officer Fiddler and Corporal Holland witnessed two male subjects, later identified as [REDACTED] and Payton Wasson, exit the vehicle, and believed due to the way they were dressed, they were possibly gang members. One of the subjects ([REDACTED]) was dressed “head to toe” in all red. Corporal Holland believed this subject was possibly a Norteño gang member. Officer Feldner referenced Corporal Holland’s extensive gang experience in making that determination. Officer Feldner learned this information through a phone call that Corporal Holland had made to Officer Feldner and Officer Palic. The two subjects were described by Corporal Holland. Officer Feldner and Officer Palic were supposed to keep an eye out for the two. The two subjects walked away from the vehicle, walking towards the downtown area where Corporal Holland and Officer Fiddler lost sight of them.

After the two subjects left the vehicle, Corporal Holland and Officer Fiddler learned who the registered owner (RO) of the vehicle was buy running an RO check using the license plate displayed on the vehicle. The RO of the vehicle was identified as, [REDACTED]. Officer Feldner learned Corporal Holland believed the subject that exited the vehicle and was wearing all red, was the RO of the vehicle ([REDACTED]). After learning [REDACTED] was on either felony probation

or parole (Officer Feldner didn't remember which one it was), the on-call Probation and Parole Officer was contacted and it was confirmed [REDACTED] was on felony supervision, a documented Norteño gang member, and had a violent history in Canyon County. At this time, they didn't know who the other subject (Wasson) was but that he was now associated with [REDACTED] a known gang member. Officer Feldner noted, the other subject (Wasson) was seen exiting the vehicle from the front passenger seat.

An undefined amount of time after learning the above-mentioned information Officer Feldner and Officer Palic noticed [REDACTED] and Wasson. Officer Feldner and Officer Palic were on foot standing on the northwest corner of 6<sup>th</sup> and Main. [REDACTED] and Wasson were walking on the north side of Main Street walking west towards downtown and the Officer's location.

At this time the plan was to try to develop Probably Cause so they could stop the two and positively identify them. A common way to do this is to stop someone after "jay walking." Officer Feldner thought this was going to be an opportunity as [REDACTED] and Wasson approached the intersection of 6<sup>th</sup> and Main and stopped on the northeast corner. While stopped at the intersection, Officer Feldner witnessed a large group of people in front of [REDACTED] and Wasson that started to cross the street against the signal, which is "jay walking." After the group was already crossing the street, [REDACTED] and Wasson looked like they were going to follow suit and cross the street against the signal. As they stepped off the curb onto the street, one of the two looked over and noticed Officer Feldner and Officer Palic. As soon as they noticed the Officers, [REDACTED] and Wasson stepped back onto the sidewalk and waited for the signal to change. Witnessing this, Officer Feldner suspected [REDACTED] and Wasson knew they were being watched and wasn't going to do anything to give the Officer's a reason to stop them.

When the signal changed, [REDACTED] and Wasson crossed the road to the south putting them on the southeast corner of 6<sup>th</sup> and Main, in front of the StrangeLove, located at 100 S 6<sup>th</sup> Street. Officer Feldner explained what they typically see people do at that hour of the night in downtown area is, walk to their destination and go straight into the establishment or if they are with a group of friends, they might stand around a bit and talk. Instead of doing either of those two things, [REDACTED] and Wasson walked a short distance, stopped on the sidewalk in-between StrangeLove and the next bar, Dirty Little Roddy's, and immediately got out their phones, making phone calls and looking around suspiciously. This was odd behavior displayed by [REDACTED] and Wasson and caught Officer Feldner's attention.

<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File	<b>8. Division</b> PERSON CRIMES

Officer Feldner has worked nights in the downtown area for many years and has been involved in “a ton” of narcotics investigations on the street level. Due to ██████ and Wasson’s suspicious behavior and Officer Feldner’s extensive experience, he (Officer Feldner) believed the two were in that area, at that time of night with the intent to sale narcotics. After the two made their phone calls, they eventually went into Dirty Little Roddy’s. Officer Feldner estimated it was approximately 0115 to 0120 hours, when these things took place. This was another factor that seemed odd to Officer Feldner since it was so close to last call at the bars.

While ██████ and Wasson were in the bar, Officer Feldner spoke to Corporal Holland on the phone again. Corporal Holland told Officer Feldner he spoke to the on-call Parole and Probation (P&P) Officer and due to the circumstances, the P&P officer wanted ██████ stopped and searched.

Another key piece of information Corporal Holland had sent out to the team was while he was researching the vehicle left in the Vape Kastle parking lot, Corporal Holland noticed the butt of a handgun protruding from underneath the front passenger seat, on the floorboard. The firearm was easily seen from the outside of the vehicle, looking in through the windows. Corporal Holland sent three photographs through text message to the team. One photograph was of the license plate on the car. The second photograph was taken from the passenger side of the vehicle, looking down through the window and clearly showed the handle of the firearm under the seat. The third photograph was a close-up photograph of the handle of the firearm where the Glock emblem was clearly shown on the bottom of the magazine.

Corporal Holland explained the plan was to contact ██████ and Wasson once they got back to the vehicle. Corporal Holland further explained ██████ was a prohibited possessor, and if he returned to the vehicle that they now knew had a firearm in it, this would make a better case for a criminal charge on ██████ for being in possession of a firearm.

Corporal Holland and Officer Fiddler developed a plan. The plan was to stage their vehicle (Holland and Fiddler) near Main and 5<sup>th</sup> street while Officer Feldner and Officer Palic staged their vehicle near Grove just east of 6<sup>th</sup> so it would be less noticeable and mostly out of sight. Officer Feldner and Officer Palic were supposed to stand near Dirty Little Roddy’s, on the west side of the street, and watch as ██████ and Wasson exited the bar at closing time. The Officer’s

figured the two men would just walk straight back to their vehicle since all the other bars would be closed as well.

Officer Feldner and Officer Palic’s plan was to monitor what [REDACTED] and Wasson did after exiting the bar and wait for them to walk north to Main Street. At that point if the two turned east (towards the parked car), Officer Feldner and Officer Palic would go back to their vehicle, move it to the pre-determined location near [REDACTED] vehicle and wait to contact the two near their vehicle.

Once the bar closed, Officer Feldner and Officer Palic watched [REDACTED] and Wasson exit the bar, walk north to Main Street then turn east on Main Street. Officer Feldner informed Corporal Holland, they had lost sight of [REDACTED] and Wasson, and would be returning to their vehicle to move near [REDACTED] parked vehicle.

After returning to their vehicle, Officer Feldner and Officer Palic moved their vehicle and staged, parked on the south side of Idaho Street just east of 5<sup>th</sup> Street. While waiting for [REDACTED] and Wasson to return to their vehicle, Officers assumed it would only take the two just a couple of minutes to return to their vehicle, but it took much longer than expected, approximately 5-10 minutes. When [REDACTED] and Wasson left Dirty Little Roddy’s, they were alone. When Officer Feldner gained a visual on them again, [REDACTED] and Wasson were walking north on the west side of 5<sup>th</sup> street, towards Idaho Street and now had a female with them. The female was later identified as, [REDACTED].

Because [REDACTED] and Wasson left the bar alone and now had [REDACTED] with them, Officer Feldner’s suspicions were furthered that the two were selling narcotics. Officer Feldner’s suspicion was [REDACTED] and Wasson met [REDACTED] somewhere on Main Street between 6<sup>th</sup> Street and 5<sup>th</sup> Street after he had lost sight of them and was now going with them to their vehicle where she was going to buy narcotics from them.

The plan to contact them at their vehicle stayed the same. When the traffic light changed, the three crossed the road east bound at 5<sup>th</sup> and Idaho into the Vape Kastle parking lot. Officer Feldner lost sight of them at this point but was notified over the radio by Corporal Holland that Corporal Holland could still see the three individuals. Corporal Holland updated the team on the radio, telling them the subject in the black hat (Wasson), opened the passenger side door,

retrieved a backpack from the vehicle, put the backpack on, and retrieved something off the passenger side floorboard which he placed in his waistband. Corporal Holland couldn't say with certainty the object was the firearm, but it was Officer Feldner's strong belief at that time, that Wasson retrieved the firearm and placed it in his waistband. Officer Feldner explained in his experience, it is very common for firearms to be present during the sale of narcotics.

After retrieving the backpack and the object from the floorboard, Wasson shut the vehicle door and the three began walking north through the parking lot, back towards Idaho Street. In Officer Feldner's mind at this time, he was thinking Wasson had just retrieved a backpack that probably contained narcotics, the firearm from the floorboard and the three were now walking someplace to complete the narcotics sale. Corporal Holland told the team to contact the three while they were on foot at the corner of 5<sup>th</sup> and Idaho. Once the three get to that location, Officer Holland called "initiate" over the radio which was their pre-determined word meaning everyone would converge on the subject and contact them.

Corporal Holland and Officer Fiddler pulled their vehicle up first, northbound on 5<sup>th</sup> street, stopping just short of Idaho Street. Corporal Holland and Officer Fiddler turned on their red and blue emergency lights and exited their vehicle contacting the subjects by giving them verbal commands. Officer Feldner and Officer Palic were 3-5 seconds behind the other two Officers. They turned on their red and blue emergency lights before exiting their vehicle.

Because Officer Feldner believed Wasson had a firearm in his waistband, he pulled his firearm out of his holster as soon as he exited the vehicle. The first thing Officer Feldner noticed as he exited the vehicle was Corporal Holland and Officer Fiddler giving verbal commands. [REDACTED] and [REDACTED] immediately began complying with the commands, but Wasson started walking away from Corporal Holland and Officer Fiddler. Officer Feldner watched Wasson immediately move his hand to his waistband and put his hand in his waistband, where Officer Feldner believe the firearm to be.

Officer Feldner noticed as Wasson was walking away from Corporal Holland with his hand in his waistband, Wasson was looking over his right should back towards Corporal Holland. Officer Feldner believed as Wasson was walking away, he was attempting to acquire the firearm and by looking back towards Holland, he was doing something that Officer Feldner called "target acquisition", attempting to locate his target. Officer Feldner further explained the

way Wasson was walking away, Wasson was positioning his body in such a way to hide his draw location so he could draw the firearm without Corporal Holland seeing, before firing at Corporal Holland and Officer Fiddler.

Officer Feldner didn't believe Wasson was aware of his presence until he started yelling commands. Officer Feldner believed Wasson made the decision to start running south after becoming aware that Officer Feldner was there due to him yelling commands.

As Wasson ran away, he ran south along 5<sup>th</sup> Street towards Main Street, on the east side of the road. Once Wasson started running, Officer Feldner saw Wasson pull the firearm out of his waistband. Officer Feldner continued yelling commands at Wasson. As Wasson ran, Officer Feldner could see the firearm in Wasson's right hand every time his hand came down and back. Officer Feldner became somewhat fixated on the firearm in Wasson's hand and was yelling at him to drop the gun.

Officer Feldner went on to explain he has read through a lot of Force Science stuff and at that point his biggest fear was that he knew how quickly suspects can turn and fire at officers either above or below their shoulders as they run. He knew if Wasson decided to fire at him, there was no way he would have had time to react, essentially making him a "sitting duck" and just hoping he doesn't get shot in the face. Officer Feldner's main concern at that moment was that Wasson was going to shoot behind him, potentially killing Officer Feldner or Corporal Holland.

Officer Feldner also realized Wasson was heading in the general direction that could lead him back towards the downtown area where there were hundreds of people out due to the bars just closing. Officer Feldner believed Wasson had narcotics in the backpack and had already shown how desperate he was to get away from law enforcement. Officer Feldner became concerned that Wasson was going to run downtown and just start shooting randomly to make law enforcement stop chasing him to help the wounded. Additionally, Officer Feldner was concerned that Wasson would create distance between himself and law enforcement so he could turn a corner and potentially ambush Officers as they round the corner.

Wasson continued to run away from Officers. Officer Feldner continued to shout commands at Wasson to "drop the gun." Officer Feldner was hoping Wasson would just drop the firearm and had ample opportunity to do so. Because Wasson refused to drop the firearm or give up,

Officer Feldner felt like he had to fire his weapon to stop the threat.

\*\*\*Clarifying Questions\*\*\*

I asked Officer Feldner if either of their two vehicles were marked or un-marked. Both vehicles were un-marked, equipped with red and blue emergency lights, mounted on the interior of the vehicle so they can't be seen when they aren't engaged. The red and blue lights are clearly visible at night from the front of the vehicle and probably from the back of the vehicle as well, when engaged.

I asked Officer Feldner if he remembered hearing what commands were being yelled by Corporal Holland and Officer Fiddler. Officer Feldner remembers hearing them yell commands but does not remember the specific commands that were used.

I asked Officer Feldner if he could be more specific and better describe Wasson's actions when Officer Feldner exited his vehicle to make contact with him.

Officer Feldner remembers seeing [REDACTED] and [REDACTED] comply with commands and Wasson start to walk away. When Corporal Holland and Officer Fiddler pulled their vehicle up towards the three, they were traveling north on 5<sup>th</sup> towards Idaho. When they exited their vehicle, they proceeded towards the three, walking east from the street towards the three in the parking lot. As Wasson walked away from Corporal Holland and Officer Fiddler, he was walking in an "easterly" direction in Officer Feldner's general direction. Officer Feldner used water bottles to better demonstrate positions and the direction of travel. He first placed a bottle down, indicating it represented Corporal Holland. The next bottle he placed, represented Wasson's location and the last bottle he placed, represented his location. The bottles formed a straight line with Corporal Holland's location to the far right, Officer Feldner's location straight across from Corporal Holland's location on the far left and Wasson's location in-between the two. Demonstrating Wasson's direction of travel, Officer Feldner moved Wasson's bottle forward away from both Corporal Holland and Officer Feldner, as well as slightly to the left, moving the bottle further away from Corporal Hollands location, placing him more directly in front of Officer Feldner's location.

As Wasson was walking away from Corporal Holland's location, Wasson was looking over his

right shoulder towards Corporal Holland and Officer Fiddler and reaching into his waistband with his right hand. Officer Feldner noted it would have been really easy at that point for Wasson to comply with orders and put his hands up. The fact that Wasson didn't, led Officer Feldner to believe Wasson was attempting to acquire his target. Officer Feldner noted his training would tell him if someone was planning on pulling a firearm and use it against officers, it would be advantageous of them to turn their bodies in a manor that would hide the draw of the weapon from Officers.

\*\*\*Knowledge of previous crimes in the area\*\*\*

I asked Officer Feldner if he was familiar with any other crimes similar to what took place the night of the incident, in that general area.

Officer Feldner explained he was aware of numerous stabbings and shootings in the downtown corridor in the last few years, including homicides caused by both stabbings and shootings.

I asked Officer Feldner to describe his tone and volume of his voice when he was yelling commands to Wasson.

Officer Feldner told me he was yelling at Wasson, and it was not a very "cordial" tone. Officer Feldner explained how he is usually very comfortable speaking to others and giving commands but this time as soon as he exited his vehicle, Officer Feldner "tripped" over his words. He believes this was due to having a strong feeling Wasson was about to pull his gun out. The tone of Officer Feldner's voice was very elevated when he was shouting commands.

At the time of the incident, Officer Feldner was only aware of 5 officers being on scene. Those 5 officers included Corporal Holland, Officer Fiddler, Officer Palic, Officer Steve Martinez and himself. Officer Feldner went on to tell me the only reason he knew Officer Martinez was on scene, was because just before the incident, he had arrived in the area, parking on the north side of the Vape Kastle parking lot and Officer Feldner asked him to move his vehicle, so the three individuals didn't see a marked police vehicle when they arrived.

\*\*\*Crimes committed prior to the use of deadly force\*\*\*

<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File		<b>8. Division</b> PERSON CRIMES	

I asked Officer Feldner what crimes had been committed prior to the use of deadly force.

Officer Feldner believed he had “reasonable articulable suspicion” the three individuals were involved in narcotics activities, specifically the sale of narcotics and Wasson having the firearm on him during the sale of narcotics. Officer Feldner had planned on detaining them for that reason, prior to the incident. Officer Feldner added, he believed he had “probable cause” to arrest Wasson for aggravated assault against police officers. He based this on what he saw after exiting his vehicle. Officer Feldner referenced our earlier discussion and again explained that Wasson had the firearm in his waistband, turned his body away from Corporal Holland to conceal his draw location, was doing his target acquisition while beginning to pull his firearm and ultimately pulling the firearm out of his waistband. These actions demonstrated by Wasson and described by Officer Feldner were the reasons he believed he had probable cause to arrest Wasson for aggravated assault against a police officer with a deadly weapon. Officer Feldner added this was on top of Wasson not obeying verbal commands as well as resisting and obstructing.

I asked Officer Feldner if he knew the suspect prior to the incident. Officer Feldner told me he was not aware of who he was prior to the incident and did not learn his identity until well after the incident.

**\*\*\*Clarification Submitted by Officer Feldner\*\*\***

After reviewing this report with his attorney, Officer Feldner requested to clarify his original answer to the above asked question. Officer Feldner was aware of Wasson prior to this incident, although he did not realize the subject with which he was dealing with at the time was Wasson. Officer Feldner added, Wasson was the prime suspect in a misdemeanor eluding investigation which Officer Fiddler was actively working. Several days prior, a vehicle had fled from a traffic stop initiated by Gang Enforcement Team (G.E.T) Officers fiddler and Palic. Officer fiddler had active intelligence which pointed to Wasson as the driver of threat vehicle. Officer fiddler had made all G.E.T. team members aware of that intelligence prior to the OIS.

**\*\*\*Interview Continued\*\*\***

I asked Officer Feldner to identify the things that made him feel threatened.

<b>1. Incident Topic</b> CITF		<b>2. Subject/Victim's Name</b>			
<b>3. Address</b> [---PRIVATE---], BOISE			<b>4. Phone</b>		
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File		<b>8. Division</b> PERSON CRIMES	

Officer Feldner began by pointing out officer safety concerns were raised simply due to the fact Wasson was with a documented gang member. Officer Feldner explained his training and experience has taught him that gang members have a higher proclivity to violence against police and can be much more dangerous to deal with than your average citizen. Adding to this, Officer Feldner had suspicions that the two had narcotics on them and may be involved in the sale of narcotics. Officer Feldner’s experience has taught him that individuals are much more likely to run or fight when they know they have something on them that will send them to prison. Officer Feldner believed the two had felony level narcotics with them and suspected they would be more likely to run or fight when contacted. Prior to contact, they learned about the firearm on the floorboard of the vehicle. Additionally, Wasson got into the vehicle retrieving the backpack that Officer Feldner believed likely contained narcotics and then retrieved the firearm, added to Officer Feldner’s fear and put him on “very high alert.” Before they even attempted to contact the individuals, Officer Feldner felt threatened and scared that if they attempted to contact Wasson, he would do something attempting to harm one of the Officers to get away, in an attempt to avoid going to prison for the narcotics he had on him.

After making contact, the things that made Officer Feldner feel threatened started with Wasson not giving any compliance to Officers. Instead of listening to Officer’s commands, his response was to access his firearm and flee from police when he realized he was surrounded. Officer Feldner explained he felt the lives of law enforcement officers, the lives of citizens in the area and his life was being threatened.

When I asked Officer Feldner to estimate the number of times he fired his firearm, he told me he remembered firing two or three times but while watching his OBV, he counted four shots. When the shots were fired Officer Feldner was on the sidewalk, on the east side of 5<sup>th</sup> Street, just north of Main Street. Officer Feldner believed he was in front of the front doors of the last business on that street when he fired.

After the shots were fired, Officer Feldner ran up to the suspect. Officer Feldner saw the firearm fall out of Wasson’s hand and as Officer Feldner approached Wasson, his foot inadvertently contacted Wasson’s firearm, and it slid a short distance away. Officer Feldner immediately went into cuffing procedures then yelled for someone to get medical personnel on-scene. Officer Feldner was putting his gloves on to start life saving measures when Corporal Holland told him he needed to go, and the other Officers would take over.

\*\*\*Lighting and weather\*\*\*

The incident took place shortly after 0200 hours, so it was dark out, but that area is well lit by streetlights and there was ample ambient light to be able to see well. The weather at the time of the incident was very typical for the time of year. There wasn't any rain, and the temperature was mild and warm.

I asked Officer Feldner if he thought the suspect could have given up prior to the use of force. He replied, "Yeah, absolutely." Officer Feldner went on to explain Wasson had every opportunity to comply with orders and give up during the initial contact by Corporal Holland and Officer Fiddler. Officer Feldner noted [REDACTED] and [REDACTED] took that opportunity. Officer Feldner continued, saying once Wasson started running, he had ample opportunity to "ditch" the gun. While Officer Feldner was chasing Wasson, his hope was that Wasson was going to throw the gun as he ran, but he didn't, instead he continued to ignore the verbal commands being yelled at him to do so.

After asking all the pre-determined questions on the suggested guideline, I asked Detective Roath if he had any clarifying questions.

While answering Detective Roath's questions, Officer Feldner told us the unit first noticed [REDACTED] and Wasson sometime around 0110 hours, so they were watching the two for approximately an hour prior to the incident. The communication between unit members was initially through phone calls and text messages then moved to a [REDACTED] on the radio, around the time the bars started closing.

Detective Roath asked Officer Feldner to further explain the communication from Corporal Holland, referencing the information suggesting Wasson placed a handgun in his waistband. Officer Feldner couldn't recall the exact words Corporal Holland used but regardless of what words Corporal Holland said, Officer Feldner took what he said as, Wasson picked something up off the floorboard of the vehicle and placed that object in his waistband. Officer Feldner told us the only object he knew was on the floorboard of the vehicle where Wasson had retrieved an object from, was the firearm.

<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 02:12	<b>7. Route To</b> File	<b>8. Division</b> PERSON CRIMES	

Detective Roath referenced the initial contact between Corporal Holland and Wasson. He asked if during this time, when Wasson had turned his body away from Corporal Holland and was looking back at him over his shoulder, could he (Officer Feldner) see the firearm at all. Officer Feldner said he couldn't see the firearm at that time but remembers seeing it very soon after Wasson started running, explaining he believes Wasson pulled the firearm from his waistband as he started running. Officer Feldner believes he first saw the firearm in Wasson's right hand sometime around his second or third stride after he started running.

Detective Roath asked Officer Feldner if he considered his backdrop before firing at Wasson. Officer Feldner said it was definitely a consideration. One of Officer Feldner's main concerns was the amount of people out and went on to explain, during that time of night, the concentration of people generally starts around the southwest corner of 5<sup>th</sup> and Main, working westward toward The Cactus Bar and Pengilly's Saloon. Officer Feldner described the location of a brick building on the southeast corner of 5<sup>th</sup> and Main. He said it wasn't an ideal backdrop, but he believed it was the best and safest option to stop the threat. He went on to say if Wasson would have been able to turn west on Main, then the backdrop would have been hundreds of people. Officer Feldner didn't recall anyone being on foot on the southeast corner of 5<sup>th</sup> of main and said in his experience, the foot traffic generally doesn't cross 5<sup>th</sup> to the east, tending to stay to the west and closer to the downtown area.

Detective Roath asked Officer Feldner where the taxi cabs and Ubers generally picked people up. Officer Feldner said most of that traffic takes place near 6<sup>th</sup> and Main.

Detective Roath asked Officer Feldner if he had ever been in a foot pursuit with a subject that he knew had a firearm in their hand at the time. Officer Feldner said he had been in foot pursuits of people that he suspected might have a weapon, but he couldn't recall there ever being a time when he could see a firearm in the hand of a suspect he was chasing.

After Detective Roath was finished with his follow-up questions I asked Officer Feldner about he text messages that were sent prior to the incident. Officer Feldner confirmed the messages were sent to his department issued cell phone and was part of a text thread that included the four members of the Gang Enforcement Team and the Bar Team.

I asked Officer Feldner and his attorney if they had any questions or anything else they wanted

to add. They did not and this concluded the interview.

\*\*\*Additional Information\*\*\*

After completing this report, I sent a copy of the report to Augustine so he and Officer Feldner could review it. On 07/11/2023, I received an email from Augustine containing a PDF. The PDF was my original report with 5 requested changes/clarifications. The following were the requested changes/clarifications:

Paragraph 8

1. My hire date should read “August 25<sup>th</sup>, 2014.”

Paragraph 11

2. The mini red-dot system (MRDS) mounted on my firearm is a Leupold Delta Point Pro.

Paragraph 27

3. It was not my suspicion that [REDACTED] and Wasson met [REDACTED] at the Bar. I observed [REDACTED] and Wasson Leave the bar alone. I also did not suspect that they met [REDACTED] on 6<sup>th</sup> St. near Dirty Little Roddy’s or Strange Love as I had observed them walk north on 6<sup>th</sup> Street and Turn east onto Main Street and I did not observe them stop to interact with anybody. I suspected that the two had met [REDACTED] somewhere on Main Street between 6<sup>th</sup> Street and 5<sup>th</sup> Street after I had lost visual on them.

Paragraph 31

4. I watched Wasson immediately move his hand to his waistband AND PUT HIS HAND IN HIS WAISTBAND. This distinction is extremely important as it shows the reason for my well-founded fear that Wasson was actively attempting to access the firearm in his waistband and not simply refusing to comply with police orders.

Paragraph 50 – Clarification to the question, “Did you know the suspect prior to the incident?”

5. I was aware of Wasson prior to this incident, although I did not realize the subject with which I was currently dealing was Wasson. Wasson was the prime suspect in a misdemeanor eluding investigation which Officer Fiddler was actively working. Several

days Prior, a vehicle had fled from a traffic stop initiated by Gang Enforcement Team (G.E.T.) Officers Fiddler and Palic. Officer Fiddler had active intelligence which pointed to Wasson as the driver of that vehicle. Officer Fiddler had made all G.E.T. team members aware of that intelligence prior to the OIS.

After reviewing the requested changes and the recording of the interview, I made the above requested changes to this report for #1-#4 as the recording of the interview reflected the requests.

The last requested change (#5) was more of a clarification and addition to Officer Feldner's answer to the question. I did not change paragraph 50 in my report as it reflects Officer Feldner's answer but have added a paragraph (paragraph 51) with the additional clarification.

Requested by: Cherie L Tucker	Victim:
Charge: OFFICER INV SHOOTING	Person Involved: Payton Wasson

On Saturday, June 24, 2023, at approximately 0400, I arrived at the intersection of N 5th Street and W Main Street in Boise, as requested by Sergeant Weires, to assist with an officer-involved shooting. Upon arrival, Boise Police Department officers briefed me on the incident and I conducted an initial walk-through of the scene. Detectives Pacheco and Bryant, Deputies Huffaker and Sells, and Forensic Scientist Campbell were also present.

The scene consisted of areas along 5th Street from the intersection with W Idaho Street to south of the intersection with W Main Street. These areas were visually examined for forensic evidence and overall photographs were taken.

A black Kia Forte, [REDACTED] and Idaho license plates [REDACTED], was backed into a parking space in the lot located southeast of the N 5th Street and W Idaho Street intersection. Exterior photos were taken of the vehicle. It was sealed and towed from the scene for later observation.

The following items of evidence were photographed and collected from the east entrance to the alley between W Main Street and W Idaho Street:

- SG1 Cartridge (WINCHESTER 45 AUTO)
- SG2 Glock .45 magazine with six cartridges
- SG3 Cartridge (WINCHESTER 45 AUTO)

**Notes:**

*This report does or may contain opinions and interpretations of the undersigned analyst based on the specific data. I declare under penalty of perjury and pursuant to the law of the state of Idaho that the foregoing is true and correct.*

**Case #: 23-005948**

Page 2 of 3

The following item of evidence was photographed and collected from the sidewalk west of the Veltex Building and south of the alley entrance:

SG16 Bullet fragment

The following items of evidence were photographed and collected from west of the Veltex Building:

SG4 Cartridge casing (SPEER 9mm LUGER) from the sidewalk

SG5 Cartridge casing (SPEER 9mm LUGER) from the sidewalk

SG6 Cartridge casing (SPEER 9mm LUGER) from the east lane of N 5th Street

SG7 Cartridge casing (SPEER 9mm LUGER) from the east lane of N 5th Street

SG8 Bullet fragment from the sidewalk

SG9 Glock 21 Gen4 .45 Auto pistol (SN SHD091) with a light/laser and no magazine from the sidewalk

SG10 Gray Champion sweatshirt from the sidewalk

SG11 Metal chain from the sidewalk

SG12 Louis Vuitton small brown backpack from the sidewalk

SG13 Black ballcap from the sidewalk

SG14 Medical supplies from the sidewalk

SG17 Bullet fragment from the sidewalk

SG18 Bone/tissue and hair (Items A to F) from the sidewalk

SG19 Bullet fragment from the sidewalk

SG20 Bullet fragment from the sidewalk

The following item of evidence was photographed and collected from the W Main Street side of Capitol Cellars patio:

SG21 Bullet fragment from a cart

Item SG15, said to contain drug paraphernalia, was provided to me on scene by detectives.

Items SG1 through SG21 were properly secured and transported to the Ada County Sheriff's Office (ACSO) Property and Evidence.

On Monday, June 26, 2023, Detective Tucker requested additional documentation of the previously collected backpack (SG12). At approximately 1345 I received the item from ACSO Property and Evidence. Detective Daigle was also present.

The following items of evidence were photographed and collected from the backpack (SG12):

SG12A Two zip-bags with white powder and/or crystals

SG12B Eleven cartridges (WINCHESTER 45 AUTO) in a possible glove

SG12C Clear glass pipe with residue

Case #: 23-005948

Page 3 of 3

Contents that were not collected as evidence were returned to the backpack. Items SG12, and SG12A through SG12C were properly secured and the ACSO Property and Evidence.

On Monday, June 26, 2023, at approximately 1545, I arrived at the ACSO back lot located at 7200 Barrister Drive in Boise as requested by Detective Tucker to assist with the execution of a search warrant for the black Kia Forte. Photographs were taken of the exterior and interior prior to searching.

The following items of evidence were photographed and collected from the glove compartment:

SG22 Three iPhones and a charger

SG23 Envelope with notes

The vehicle was tape-sealed upon completion. Items SG22 and SG23 were properly secured and transported to the ACSO Property and Evidence.

On Tuesday, June 27, 2003, at approximately 0846, I returned to the black Kia Forte as requested by Deputy Koller. Following his search, I took overall photographs prior to sealing the vehicle.

All photographs were uploaded to a secure imaging system. Evidence requiring forensic laboratory analysis will be submitted to the appropriate forensic laboratory upon request.

Stacy Guess, Quality Manager

Date of Report: July 5, 2023

# Boise Police Department. Supplemental Report

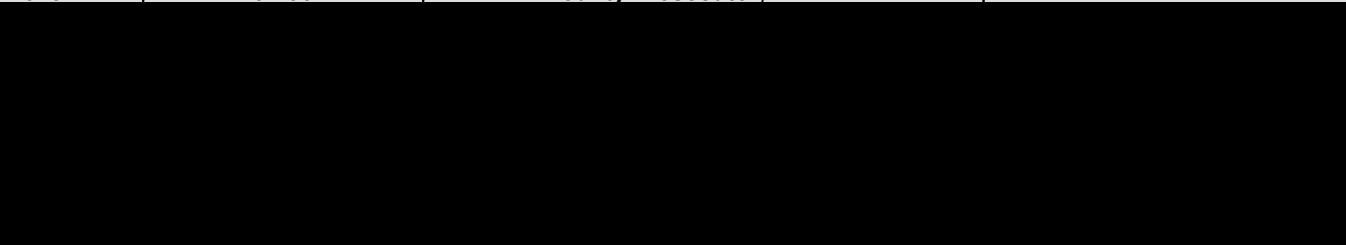

RD: 16

DR# 2023-310275

<b>1. Incident Topic</b> CONTROLLED SUBSTANCE-FELONY POSSESSION OF		<b>2. Subject/Victim's Name</b> STATE OF IDAHO,	
<b>3. Address</b> [---PRIVATE---], BOISE		<b>4. Phone</b>	
<b>5. Date Occurred</b> 06/24/2023	<b>6. Time Occured</b> 01:06	<b>7. Route To</b> County Prosecutor, BANDIT	<b>8. Division</b> BANDIT

**Person w/  
Knowledge**

Address  
Occupation  
Bus or School

**Narrative**

**INITIAL RESPONSE/CONTACT:** On the above date and time, I was working as a Bandit Detective when Det. R. Rainford requested me to gather surveillance video on the date of June 24<sup>th</sup>, 2023.

In the video, I was tasked with locating and following both [REDACTED] and Payton Wasson during their time in downtown Boise. I utilized both City of Boise cameras that are affixed to the exterior of City Hall and that of Dirty Little Roddys exterior and interior cameras. As a Tech Investigator, I have access to all city cameras and the administration privileges to review and export video. On July 3<sup>rd</sup> – July 6<sup>th</sup>, I researched and exported video of [REDACTED] and Wasson in the area of 6th St & Main St. On July 13<sup>th</sup>, Det. J. Rose and I met with Dirty Little Roddy's head of security, [REDACTED]. While speaking with [REDACTED] he assisted with locating and following [REDACTED] and Wasson inside of Roddy's during their visit.

Once outside of Roddy's, [REDACTED] also assisted with following [REDACTED] and Wasson walk outside of the downtown 6th St & Main St area. [REDACTED] provided us with a copy of the video on two USB thumb drives. Once back at Bandit, I reviewed the footage and created a summery timeline.

Below will be a timeline summary of the footage saved of [REDACTED] and Wasson during their visit in the 6th St & Main St area on June 24th. **\*\*\*NOTE\*\*\*** All videos are numbered with start and end time, I also logged times to "skip" forward to noted time stamps at the bottom of the screen to observed [REDACTED] and Wasson. The footage is broken down into 3 sections (Entering DT, Inside of Roddy's, & Leaving DT).

**DISPOSITION OF PROPERTY/EVIDENCE:**

**Entering DT:**

- Two videos, two different angles of [REDACTED] and Wasson entering downtown on foot. (Start and let play)

**Inside of Roddy's:**

<b>Initial Report</b>							

**Incident Details:**

On June 24th, 2023, at approximately 0217 hours, I responded to assist the Boise Police Department near the intersection of N 5th St. and Idaho St. in Boise, Idaho. The Boise Police Department had requested officers from outside agencies respond to assist with crowd control due to an officer involved shooting near the intersection. Upon my arrival to the scene I assisted with moving a group of people back outside the perimeter of the crime scene. I also blocked Main St. with my patrol vehicle until I was relieved by a Boise Police Officer.

The totality of my involvement in this incident was assisting in crowd and traffic control. I did not provide any assistance with the investigation.

**Disposition:**

This reports documents my involvement in Boise DR: BPD2023-310269.

Nothing Further.

**Officer Signature**

"I have affixed my digital electronic signature to this document as proof that I declare under penalty of perjury pursuant to the law of the State of Idaho, that the information contained in this document and attached reports and documents that may be included herein is true and correct to the best of my information and belief."

**Latent Fingerprint Processing Report**

Ada County Sheriff's Office Forensic Lab  
7200 Barrister Drive  
Boise, ID 83704

**Case #: 23-005948**

**Outside Agency:** Boise PD, 333 N. Mark Stall Pl., Boise, ID 83704

**Agency Case #:** 23-310269

Requested by: Cherie L Tucker	Victim:
Person Involved: Payton Wasson	

**Evidence Description and Conclusion:**

<u>Item #</u>	<u>Description of item</u>	<u>Conclusion</u>
SG9	Glock firearm	No ridge detail present
SG-1	"Winchester 45 Auto" round	Insufficient amount of clear ridge detail
SG-12b	11 "Winchester 45 auto" rounds and glove	Insufficient amount of clear ridge detail
SG-2	Magazine with 8 rounds	Insufficient amount of clear ridge detail
SG-3	"Winchester 45 auto" round	Insufficient amount of clear ridge detail

If item(s) above have latent print impression(s) marked and preserved, a fingerprint examination will be conducted. A Latent Examination Report will then be issued.

Additional Notes: Swabs collected from SG9, SG-12B (the glove) and SG2 (the magazine). These items were booked into property as SG9-B1, SG-12B-B1, and SG2-B1. These items can be sent for DNA.

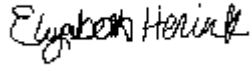

There was a apparent fiber inside the top knot of the glove. I collected it for preservation and sealed it in a small envelope and placed it back into the original evidence packaging.

Disposition of Evidence: Evidence was returned to the agency from which it was received.

BRAD LITTLE  
Governor

JOSH TEWALT  
Director

Makayla Martinez  
Sr. Felony Probation and Parole Officer

██████████  
10221 W. Emerald St.  
Boise, ID 83704

My name is Makayla Martinez, and I am a Senior Probation and Parole Officer for the State of Idaho in District 4. ██████████ is supervised by IDOC Probation and Parole in District 4. He has a 4<sup>th</sup> amendment waiver with the Idaho Department of Correction, Division of Probation & Parole. He must submit to search and seizure of his person, residence, vehicle or other property upon the request of Probation and Parole Officers.

While On Call on 06/24/2023, I received a call from BPD Officer Holland. He mentioned that he was out patrolling and saw ██████████ flash gang signs while ██████████ and his buddy were walking downtown. They had just left their vehicle and so after ██████████ and his passenger left the car, Officer Holland and his partner went and checked out the vehicle. From there, they were able to see in plain view a Glock firearm underneath the passenger seat of ██████████ vehicle and so were going to wait for ██████████ and his passenger to return to the car. I reviewed the notes and informed Officer Holland that ██████████ was affiliated as a Norteno. I requested that they search the car and ██████████ person as he was currently on felony supervision and was a prohibited possessor. Officer Holland asked that if he was going to be charging ██████████ with Felony Possession of a Firearm, if that would be enough for an Agents Warrant and Parole Violation. I informed him that it would and to let me know how the night proceeds with contacting them and what ██████████ had to say about the firearm. Officer Holland stated that he had enough probable cause to search the vehicle and would contact me with what they found.

About an hour later, I received a call from BPD Officer Fiddler who stated that the situation had turned into a shooting. It was involving the passenger and not ██████████. It is unclear if the passenger is on supervision or not, however detectives were on their way to start the investigation. Officer Fiddler asked if I would be willing to respond out to assist with a search of the vehicle if needed. I informed him that I would be willing to respond and to let me know if I was needed.

Officer Fiddler called me back at 0500 stating that they had conducted a search of ██████████ person and ██████████. He stated that he also had \$1,300 worth of cash on him and so they were possibly getting Narcotics guys out to interview him. He stated that the detectives were wanting an agents warrant dropped when ██████████ arrived at the jail. I told him that I would meet them at the jail to serve the agents warrant. Officer Fiddler stated that the detectives were going to be towing the vehicle and would most likely search it tomorrow and so I did not need to respond out to the scene. I asked if the other individual was on supervision as well and he stated that Payton Wasson was the passenger who got shot, and he didn't believe so. I looked him up and found that

he used to be on Felony supervision and was a prohibited possessor as well but was no longer on supervision.

At around 0615 I received a call stating that [REDACTED] was enroute to the Ada County Jail. I went and served [REDACTED] his agents warrant. He signed it with no questions but did request a preliminary hearing.

Around 2145 that evening, I received a call from BPD Officer Fiddler who was requesting more information regarding [REDACTED]. I passed this information over to his Parole Officer, Jared Arehart, who did the research and sent over information to Officer Fiddler.

**Narrative**

**6/24/23: CITF First Contact Response**

0339 hours: I received a call from Sgt. Parsons, advising me of a CITF activation. He assigned me to respond to the Boise Police Department as part of the First Contact team.

0428 hours: I arrived at the Boise Police Department and was briefed by ACSO Det. Buie. I then photographed Involved BPD Officer Feldner in the manner he was dressed at the time of the incident. I also photographed areas of biohazard on Off. Feldner's uniform and boots.

I worked with Det. Buie and MPD Det. I. Wear to collect and package Off. Feldner's uniform and equipment for transport to ACSO.

Upon arrival at ACSO I photographed Off. Feldner's uniform and equipment in detail. I assisted Det. Wear in conducting the round count and photographed the Glock 17 duty pistol, magazines and rounds.

Items were packaged and turned over to Det. Buie and ACSO Det. N. Daigle. I provided copies of the photos I had taken to Det. Daigle.

I also uploaded the First Contact photos and attached them to this supplement.

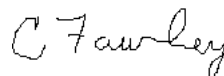

Nothing further at this time.

**Narrative**

**Initial Response/ Notification**

On 6/24/2023, at approximately 0344 hours, I received a phone call from Sgt. Parsons who informed me there had been an officer involved shooting in Boise and the Critical Incident Task Force (CITF) was being activated. Sgt. Parson requested I respond to the Boise Police Department for my assignment with the First Contact team.

**Response to Boise Police Department**

Upon arrival to the Boise Police Department, Ada County Sheriff's Detective M. Buie and Meridian Police Detective C. Fawley had completed their initial on-scene tasks associated with First Contact. I was informed Detective Buie had collected several items from the involved officer, and witness officer. I was further informed Detective Buie would be retaining these items for evidentiary processing at the Ada County Sheriff's Office.

At this point, I responded to the Sheriff's Office to assist Detective Buie and Detective Fawley with processing the collected evidence.

**Evidence Processing at Ada County Sheriff's Office**

Upon arrival, Detectives informed me the involved officer was Boise Police Officer C. Feldner and the witness officer was identified as Boise Police Officer B. Holland.

During the evidence processing, I initially assisted Detective Fawley with laying out Officer Holland's uniform so Detective Fawley could complete photographs. The items photographed included:

- Officer Holland's boots with what appeared to be blood contaminant along both the left, and right boots' exterior toe box areas.
- Uniform pants with apparent blood contamination along the right front lower hemmed area, and mid leg areas of the pant leg.
- Uniform shirt.

These items were packaged and set aside after being photographed.

The next items for processing were identified as Officer Feldner's uniform and duty gear. The following is a summary of the items processed:

- Glock 17 Gen. 5 (serial #BTNE879) 9MM w/ TLR-1 mounted light and Leupold DP-Pro

holographic sight (Note: I observed expended gasses/ contaminants along the end of the barrel and slide.)

- One (1) chambered round of ammunition from the Glock.
- Magazine from the Glock with thirteen (13) rounds of ammunition in a seventeen (17) round capacity magazine.
- Two (2) Magazines with seventeen (17) round capacities from the duty belt, both magazines loaded with seventeen (17) rounds each.
- Duty belt with pistol holster, handcuff case, tourniquet/ holster, glove pouch, radio/ detached mic., Taser/ holster, light holster, two (2) capacity open top magazine holster, four (4) belt keepers.
- Under belt.
- Duty uniform shirt.
- Duty uniform pants with apparent blood contaminants on the front left/ cargo pocket area. (Note: Inside Officer Feldner's duty pants pockets several loose items were located; a flashlight, a window punch, a folding knife and a bottle of Narcan nasal spray.)
- Duty boots with apparent blood contaminant along the right toe box area, bottom lace area and outside (lateral) toe area.

Throughout processing the aforementioned items, I assisted Detective Fawley while he photographed the items for processing. During the course of processing the above items, Ada County Detective N. Daigle arrived on scene to assist with processing the items. Once the items were processed, photographed, and packaged, Detective Daigle remanded custody of the items.

After the packaging was completed, I assisted Detective Daigle with carrying the items to their evidence processing area for him to book. At this point, I cleared the scene.

3. At approximately 4:52 A.M., Detective James Millar and I, interviewed [REDACTED] works at [REDACTED] Boise Ada County, Idaho.

Idaho State Police

**Narrative**

4. ██████████ reported the following during the interview:

5. He was outside putting away the patio chairs a little after 2:00 A.M. He could see a person running down 5th St with an officer chasing him. He heard gunshots and saw the person fall to the ground. He said more officers were on the scene within seconds. When asked if the bar had any exterior cameras, He said they hadn't worked in years.

### Summary Narrative

On June 24th, 2023, Idaho State Police (ISP) Detectives responded to an officer involved shooting, involving Boise Police Department. The incident took place near N 5th Street and Main Street in Boise, Ada County, Idaho, at approximately 2:12 am. The suspect, Payton Holmes WASSON (DOB [REDACTED]) died as a result of the shooting. The Ada County Critical Incident Task Force was mobilized, and the Ada County Sheriff's Office was assigned as the lead investigating agency. The Idaho State Police was assigned to canvas the area and interview witnesses.

**Narrative**

witnesses.

3. ISP Detectives Chris Pohanka, James Millar, Andrew Weinstein, Sergeant Ryan Hoxie, and I, Kirill Fomin arrived on scene at approximately 4:30 am. ISP detectives focused on locating evidence near the vicinity of N 5th Street, W Idaho Street, N 6th Street, and Main Street.
4. Cameras were located and noted in the following areas in Boise: Corner of Idaho Street and 5th Street (Parrilla Grill and Cantina), 505 Idaho Street (apartments entrance camera), 420 Idaho Street (St. Lukes Ring camera), 122 N 5th Street (Dharma and Vape Castle cameras), 598 Main Street (Jimmy Johns), N 6th Street and Main Street (corner camera off of Boise City Hall building), 510 Main Street (Murraki Salon camera over cash register), and 515 W Idaho Street (Ochos patio cameras).
5. All ISP detectives, cleared at approximately 5:37 am. We returned to the scene for follow up at approximately 12:30 pm.
6. Detectives Pohanka, Sgt. Hoxie, and I followed up with the addresses mentioned in paragraph 4. I provided my business card to multiple managers from businesses located at the addresses mentioned. I also provided my business cards to two additional businesses in Boise: Strange Love and Java Coffee, both near the incident.
7. Follow up at St. Lukes was not done due to the angle of the Ring camera not being sufficient in capturing adequate footage of the street. Det. Millar and Det. Weinstein followed up with the business, Vape Castle. ISP Detectives cleared the scene at 2:00 pm.
8. Managers of Jimmy Johns and Ochoas called and advised their cameras do not have good angles of public areas. No further action was taken.
9. [REDACTED] obtained my business card and advised me he will try to obtain camera footage from his buildings. [REDACTED] called later and advised he was having technical difficulties obtaining footage and the company that manages his cameras did not want to be part of the investigation.
10. The general manager of Strange Love, [REDACTED] contacted me and advised he would provide camera footage from his business. Strange Love has two outside cameras on the corner of the building located off of 6th Street and Main Street.
11. Dharma and 505 Idaho Street apartments did not contact me.
12. On June 28th, 2023, I met with [REDACTED] at his business Strange Love. I observed [REDACTED] download video onto two thumb drives. I secured the two thumb drives. [REDACTED] advised the timestamp on the video will be late by one hour.
13. I reviewed the Strange Love video and noted the approximate times WASSON was seen in the video. I adjusted the times by one hour to reflect real time. I marked the thumb drives with a number to differentiate which video showed what.
  - Thumb drive 1- 01:04 am- WASSON is seen walking south on S 6th Street, crossing the Main Street intersection and continuing on S 6th Street, past the corner of Strange Love building.
  - Thumb drive 1 and 2- 01:58 am- WASSON is seen walking North on 6th Street and turning right onto Main Street to head east. While turning right, WASSON past the corner of the Strange Love building and is seen on both cameras.
14. On July 3rd, 2023, I submitted the following items into evidence under Tag #: 230002167  
Item 1- Two thumb drives.

**Narrative**

1. On June 24, 2023, Detective Weinstein and I canvassed the area around the intersection of 5th Street and Main Street in Boise, Ada County, Idaho.
  2. At Lumos Optical, located at 116 N. 5th Street we spoke to [REDACTED] provided some surveillance videos of the parking lot where the suspects were parked.
  3. At Vape Kastle, located at 112 N. 5th Street we spoke to the manager who had seen people out in the parking lot the night prior, but had left before any altercation took place. He also called the owner, who was going to check if the camera inside the business caught anything out in the parking lot, but indicated it was not likely. I provided my contact information.
  4. At the Cactus Bar, located at 517 W. Main Street, we spoke to [REDACTED] stated she heard approximately 5 "pops" a little after 2 AM. [REDACTED] thought they sounded like firecrackers.
  5. On June 26, 2023, I followed up with canvassing the area.
  6. At Rimon Law Office, located at 420 W. Main Street, I spoke with [REDACTED] identified video of the suspect and the Officer running past the building. [REDACTED] emailed the video to me.
  7. I spoke with Joel Reed located at Boise City Hall. Reed identified that none of the cameras could see all the way down the block to where the incident occurred.
- I submitted flash drives with the surveillance camera footage into evidence.
